1/ Rank among the 50 states and the District of Columbia. A rank of 1 indicates the highest median income and a rank for the United States average indicates its relative place among them.

2/ Due to the redesign of the CPS ASEC income questions, 2011-2013 is the period that data are available for sequential three-year averages. These data were updated when the 2015 estimates were available.

3/ Data based on the 2014 CPS ASEC with redesigned questions for income and health insurance coverage.
