1/ Exemptions for age or blindness included since 1981. "Number of exemptions" also includes responses of taxpayers who checked the boxes on their tax returns for age 65 or over or for blindness, partly to justify the additional standard deductions for age or blindness. This allows comparability across the period.

2/ Includes returns that were filed by individuals only to receive the economic stimulus payment and who had no other reason to file.

3/ Beginning in 2018, personal exemption deductions were suspended for the primary, secondary, and dependent taxpayers. However, the data used to create the "Number of individuals"—filing status, dependent status indicator, and identifying dependent information—are still available on the Form 1040. This field is based on these data.
