^{2/} Alone or in combination with one or more of the six categories listed in footnote 1. Numbers for the six categories may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may be of more than one race. For example, a person indicating their race as "Japanese, Native Hawaiian, and White" is included in following "major race alone or in combination" categories: Asian, Native Hawaiian and Other Pacific Islander, and White.
