Section 23

DOMESTIC TRADE AND SERVICES

This section presents statistics relating to retail and wholesale trade; hotels; and selected personal, business, automotive, repair, and amusement services, including the motion picture industry. Related data are included in Sections 7, 12, 14 and 15.

The major source of these data is the U.S. Census Bureau's 2017 Economic Census for Retail Trade, Wholesale Trade, and all other industries relating to the services industry. Statistics on the retailing, wholesaling, and services tax bases are available from the Hawaii State Department of Taxation. Many tables are based on data published by the Research and Economic Analysis Division of the Hawaii State Department of Business, Economic Development & Tourism (DBEDT). This includes data on hotel room counts, occupancy and other characteristics and the economic impact of the film industry. Film industry data are created with assistance from DBEDT's Hawaii Film Office. A summary of figures on trade and services in earlier years appears in Historical Statistics of Hawaii, Section 20.

Table 23.41-- ECONOMIC AND FISCAL IMPACTS OF HAWAII FILM TAX CREDIT: 2022

[Effective for taxable years beginning January 1, 1997, Hawaii enacted tax incentives for motion picture and television film production. Economic and fiscal impacts are shown with and without a redundancy assumption. The redundancy assumption is that a portion of film production expenditure would have occurred even without the tax incentives and thus are subtracted from the calculation of the economic and fiscal impacts. Based on data collected by the Hawaii Film Office through the Hawaii Production Report (HPR) forms. In 2022, 26 productions qualified and submitted claims for the Motion Picture, Digital Media, and Film Production Income Tax Credit]
