# Vision Insights Syndicated Survey

- DBEDT subscribes to Vision Insight's Brand Health and Profiles databases for the United States (U.S.), Canada, Japan, Australia, and Korea
- Consumers are surveyed each day
- Data reflects two-week moving average except for the intent to travel metric to any Hawaiian Island, which reflects one-week moving average
- DBEDT receives access to new data each week for daily brand health tracking metrics – media-focused, brand health, purchase/intent, and consumer status

# Brand Health Metrics
