BENJAMIN J. CAYETANO
GOVERNOR

OFFICE OF ENVIRONMENTAL
QUALITY CONTROL

June 17, 1996

TO: The Honorable Michael D. Wilson, Chairperson
Department of Land and Natural Resources

SUBJECT: Acceptance of the Final Environmental Impact Statement
for the Ka Iwi State Park Master Plan

With this memorandum, I accept the Final Environmental Impact Statement for Ka Iwi State Park Master Plan, East Honolulu, the Island of Oahu, as satisfactory fulfillment of the requirements of Chapter 343, Hawaii Revised Statutes. The economic, social and environmental impacts which will likely occur should this project be implemented are adequately described in the statement. The analysis, together with the comments made by reviewers, provides useful information to policy makers and the public.

My acceptance of the statement is an affirmation of the adequacy of that statement under the applicable laws.

I find that the mitigation measures proposed in the environmental impact statement will minimize the negative impacts of the project. Therefore, if this project is implemented, the Department of Land and Natural Resources and/or its agents should perform these or alternative and at least equally effective mitigation measures at the discretion of the permitting agencies. The mitigation measures identified in the environmental impact statement are listed in the enclosed document.

BENJAMIN J. CAYETANO

Enclosure
