Summary (Provide proposed action and purpose/need in less than 200 words. Please keep the summary brief and on this one page):

The Hawai'i Department of Transportation, Harbors Division (DOT-H), requested publication of an EIS Prep Notice (EISPN) for proposed work at Kalaeloa Barbers Point Harbor (KBPH). Entitled *Kalaeloa Barbers Point Harbor Fuel Pier*, the EISPN was published in *The Environmental Notice* on August 8, 2013. Following the 30-day public comment period, work on the EIS was initiated. In defining the proposed action, it became evident that additional actions would be required, and some actions will occur outside the Project Site as defined in the August 2013 EISPN. As such, DOT-H has determined that a revised EISPN should be published to identify associated harbor improvements required to facilitate development of a Fuel Pier at KBPH.
