4. **Judiciary Chapter 343 issue: continuation of discussion**

Atty. General Cooper summarized by saying that the Judiciary had asked, given that they were conducting small projects, whether they should have an exemption list. Research by him and Member Thoene indicate strongly that they are not an “agency” per Chapter 343, and in fact would fit better as an applicant. He said that if they were just doing projects that did not involve discretionary permits, they did not even enter the world of Chapter 343. Ms. Krippaehne had provided a list of projects and went through several of them in detail. No discretionary permits were identified. She said that whenever a project was large enough to require one, DAGS would tend to handle those anyway. Chair Terry asked if any judiciary projects were in the Special Management Area; Ms. Krippaehne said she did not believe so. Member Thoene summarized the situation and said there an exemption list was not necessary or appropriate here. Ms. Krippaehne can explain the situation to consultants at the beginning of the project so they do not need to wonder or inquire about Judiciary projects needing Chapter 343.

5. **Soliciting feedback from agencies on their experience publishing lists of exemption notices, including public contact and consultations.**

Member Thoene said she has looked at them and noted how few were participating initially. Mr. Segundo said that they are getting quite a bit of participation, it’s growing, but certainly not every agency does it yet. Chair Terry asked for endorsement from Committee to reach out and send a generic email to agencies who are doing to thank them for following the regs and try to get their feedback about public inquiries, burdening them, helping them, etc. We might want to modify our rules based on feedback. Member Thoene said the data from such an outreach could be something good for the annual report. Motion to authorize this outreach passed unanimously (Thoene/Kaaumoana). **Chair Terry will run email by Member Thoene and AG Cooper.** Member Kaaumoana said it is important and appropriate to humanize the process.

6. **Pros and cons of County-wide lists.**

Chair Terry wanted the EC as a whole to weigh in on this topic and perhaps share their County’s perspectives. Maybe hear from Rob Parsons, based on his former job. Member Kaaumoana reported that she had a discussion with the Planning Director who supported the idea of a County-wide list for Kauai to help with decision making and oversight. Member Thoene asked if maybe we could reach out to a Maui County official. Member Kaye volunteered to find someone in the County of Maui who might help us. We hope to have a response or perhaps attendance from the County of Maui, and may ask to have something on the full EC agenda.
7. **Next meeting date and agenda.**

Expect to have meeting in January, 11:30 would be good time.

8. **Adjournment.**

Chair Terry adjourned the meeting at 12:22 PM
