1. Call to order, roll call and quorum, introductions.
2. Review minutes of past I&O meetings.
3. Further discussion and planning for future forums
4. The topics include but are not limited to Watershed Protection, Better Stormwater Management, Transportation, Waste Reduction, Improved Waste Disposal, Reduce Water & Energy Use, Growth Management, Destination Management. Due to the learning experiences we have had with our first 2 forums we will be making proposed subject matter changes and dates of forums will change from what we have previously submitted to the full council. There has also been recommendations made by the PIG for subjects for forums. O&I will be working with the PIG to make sure we don't miscommunicate the EAC role in the community.
5. I & O to review and seek input to update the Procedures & Checklist for Forums. This was placed before the I&O committee due to hosting events virtually via zoom or other app which was not utilized at the time the original Procedures & Checklist for Forums was created. I&O will strive to complete this update at the 9/7/21 I&O meeting to then take before full council for review/approval.
