#### **4. Legislative Committee**

##### **a. Recap of meeting with Senator Gabbard on January 20, 2026**

Chair Hegger-Nordblom and Member Stone met with Senator Gabbard to discuss the state of the Council, including the number of Council members, the identification of additional members, and potential existing Council candidates.

Senator Gabbard named five bills that may be relevant to the Council. Bill topics included recycling, climate education, deposit beverage container recycling, and Red Hill. OPSD Director Evans informed the Council that these bills relate to a specific environmental goal, not specifically Chapter 343.

##### **b. Environmental Review Program Staff briefing on bills being tracked by the Program**

Director Evans announced that ERP is tracking eight bills that are relevant to Chapter 343. OPSD staff provides testimony on these bills when appropriate.

HB1979 (SB2834) relates to actions that propose the use for, or construction of, affordable housing projects or clean energy projects. The bill would shorten the challenge period for exemptions and the acceptance of EISs. The bill would also require judicial proceedings to be filed directly through the Supreme Court. The Supreme Court would also be prohibited from awarding attorney fees. ERP provided testimony on the bill.

HB1650 (SB2997) proposes the removal of historic sites in the Waikiki Special District as a trigger for environmental assessment. ERP provided testimony on the bill.

HB1543 (SB2329) specifies a time limit for the validity of a finding of no significant impact on environmental assessment or acceptance of a filed EIS statement. It would require the agency or applicant to commence a new environmental review process if the original acceptance expired. ERP provided testimony on the bill and DBEBT has concerns that it will delay valuable projects, including housing projects.

HB1544 (SB2322) proposes an expansion of the trigger related to historic sites. The bill has not been scheduled for a hearing.

GM614 nominates Mark Gordan as member of EAC. The Council will provide testimony.

Member Stone will be tracking the bills.

#### **5. Review of the Department of Business, Economic Development and Tourism, Repeal of Chapter 11-200.1 and Adoption of Chapter 15-20 Hawai'i Administrative Rules**

[https://files.hawaii.gov/dbedt/erp/EC\\_Meetings/Proposed-HAR-15-20-Rules-DRAFT-REVISIONS-3-Nov-2025.pdf](https://files.hawaii.gov/dbedt/erp/EC_Meetings/Proposed-HAR-15-20-Rules-DRAFT-REVISIONS-3-Nov-2025.pdf)

Tom Eisen discussed HB1543, regarding the expiration date on EAs and EISs. DLNR provided testimony on the bill, explaining that a process currently exists for agencies to determine if additional environmental

reviews are appropriate. DLNR recommended including criteria to help an agency determine if an existing environmental review is needed in the statutes.

Eisen suggested developing guidance for agencies to use when determining if additional environmental reviews are necessary.
