

File No.	Island	Street Address	City	ZIP Code	TMK	Applicant (as appropriate)	Exempt. HAR 11-200.1-15(c)	Action: Title & Description	Notes
Proj-1906	Hawai'i	N/A	Kailua-Kona	96740	Submerged lands off of Keahole Point, Hawai'i	NELHA	5	Underwater Pipeline Survey	Ship-based remotely-operated-vehicle (ROV) underwater survey of 6 abandoned pipelines starting at offshore at 15-Ft ocean depth to 2,100 Ft depth. Purpose is to map the current extents and precise locations of these six pipelines, as well as to record detailed, GPS-coordinated imagery of the state of the pipes and their associated hold-downs, deployment bridles and other associated appurtenances and features.
Proj-1907	Hawai'i	73-4501 Kahilihili St.	Kailua-Kona	96740	(3) 7-3-043:080	NELHA	2	Hawaii Solar Desalination Project	Installation of a demonstration-scale forward osmosis desalination plant at NELHA's existing concentrating solar power facility. The temporary 2-year installation will be equipment placed on an existing concrete slab in the Solar Farm facility, plus a pipeline installed (mostly) above grade between there and the intersection of Makako Bay Dr. and Kahilihili St.
Proj-1910	Hawai'i	N/A	Kailua-Kona	96740	(3) 7-3-043:087	NELHA	3	55-Inch Pump Station: PV & Energy Storage System Installation	Installation of 500 KW ground-mount solar photovoltaic panels and 760 KWh energy storage battery and associated appurtenances and fencing, adjacent to (Mauka of) NELHA's 55-In Seawater pumping Station. Installation will be on vacant previously graded ground.
Proj-2001	Hawai'i	N/A	Kailua-Kona	96740	Shoreline & submerged lands Keahole Point, Hawai'i	NELHA	5	Annual Biota Survey-2020	Annual recurring biological characterization of the anchialine habitats, benthic substrate, and nearshore fish assemblages.
Proj-2003	Hawai'i	Kahilihili St Frontage Rd North Segment	Kailua-Kona	96740	(3) 7-3-043:073	NELHA	3	Kahilihili Deep Seawater Pipeline Installation	Construction of a new lateral to extend NELHA's existing seawater distribution system along the new Frontage Road. New pipeline will be installed on NELHA property mostly above ground (except at road and driveway crossings) along the graded shoulder, outside of the Road Right-of-Way.
Proj-2004	Hawai'i	73-958 Makako Bay Dr. & Opposite 73-860 Makako Bay Dr.	Kailua-Kona	96740	(3) 7-3-043:042	NELHA	1	Seawater Distribution Pipe Repairs	Replace a leaky valve in existing 24" deep seawater distribution pipeline located in the NELHA Research Campus - aprox 1 Ft below grade. Add a new valve in existing 28" surface seawater distribution line running along the graded shoulder of Makako Bay Drive, outside of Right-of-Way - aprox 2-Ft below grade.
