DECLARATION OF EXEMPTION

from the preparation of an environmental assessment under the authority of Chapter 343, HRS, and Chapter 11-200.1, HAR

Project Title: *Kaneohe Dam Flood Control Improvements*

Job Number: *04-20*

Project Description: *The project involves slope repairs to the Kaneohe Dam embankment located within the Hoomaluhia Botanical Garden. The existing cut-slope adjacent to the spillway of the dam has been damaged by erosion. The work includes surface repairs to mitigate the current erosion gullies and to protect these surfaces against further scour and erosion from storm water flow. Slope repairs will be performed at three discrete locations. Within each of these areas, a minimum of 6 inches of the existing subgrade will be removed to create a level bench. The area will then be backfilled with graded granular fill, above which a 6-inch layer of compacted top soil will be installed. Finally, hydromulch will be applied and permanent erosion control matting will be installed to restore the disturbed area.*

Reference: *DDC Exemption List dated September 1, 2020*

Exemption Class: *1*

Exempt Item Number: *62*

Exempt Item Description: *Slopes and embankments*

I have considered the potential effects of the above listed project as provided by Chapter 343, HRS, and Chapter 11-200.1 HAR. I declare that this project will probably
