N/A	Hawaii	N/A	Kailua Kona	96740	(3)7-4-004:014 & (3)7-4-004:092	OHCD	11-200.1-15(8)(c)(3)	Honua'ula Living Community, a proposed affordable housing project, will connect to an existing sewerline by extending that sewer line through an already improved government right-of-way.	The proposed action is a routine activity and ordinary function that will be conducted in an area that has already been improved and therefore does not have the potential to adversely affect the environment. Based on the Department of Environmental Management's exemption list, this action is exempt under class 3 No. 45 which provides for an exemption with notice for sewer main extension within an easement or street right-of-way. The Department of Environmental Management concurs with the OHCD's finding that the proposed action to extend the sewer line in a right-of-way is exempt from the requirement to conduct an environmental assessment.
