All electrical equipment will be mounted to the existing walls of the administration building and tied into the current system. Limited trenching work will be done. A battery pack will be installed on a new concrete pad.
EAE 2021/0041	Maui	2619 South Kihei Road (Haleakala Shores)	Kihei	96753	(2) 3-9-004:097	Sharon Wright	1	Haleakala Shores Photovoltaic System Replacement	Repair/replace existing photovoltaic panels and invertors at condominium complex. Construction best management practices included maintaining all construction operations and staging on site and limiting operations hours to reduce noise impacts. This repair/replacement project will occur wholly within the existing developed footprint of the current development, resulting negligible or no expansion or change of use beyond that which is currently installed. No expansion beyond current system is proposed. This repair/replacement project is expected to yield an estimated increase of 1000W in generating power and extend life of the existing system at least 20 years.
