Purpose of project is to improve pedestrian and bicycle safety and mobility between the existing Pearl Harbor Bike Path and Hikimoe Street Transit Center by constructing bike lanes and shoulder improvements along Waipahu Depot Street; will connect to the Leeward Bike Path currently under construction. Will improve both shoulders of Waipahu Depot Street from the Pearl Harbor Bike Path to Hikimoe Street, provide appropriate signage and roadway pavement markings at Farrington Highway intersection. Project scope includes shoulder paving, curbs and delineators, signage, pavement markings and striping, and necessary utility adjustments. Project Area is approximately 2.2 acres and is primarily within the road rights-of-way (ROW) for Waipahu Depot Street, Farrington Highway, and Hikimoe Street. Construction activities will involve limited ground disturbance in an active, operational road ROW.
