Inouye International Airport Ualena Street Block Redevelopment - The HDOT plans to redevelop the Daniel K. Inouye International Airport property on Ualena Street by constructing the Ualena Street Block Redevelopment (Project) consisting of a Parking Structure, the Airport Bus Maintenance Facility, and the Ualena Street-Aolele Street Connector Road and a Landside Support Area. A Parking Structure Connector Crosswalk may also be installed for users to cross Aolele Street from the Project to the terminal area. The Landside Support Area will be reserved for future development. Existing structures on the site of the Project will be demolished during site preparation.
2025.11.21	Oahu	591 Ala Moana Boulevard	Honolulu	96813	(1) 2-1-015:009 (por.) (1) 2-1-015:019 (1) 2-1-015:020 (por.)	N/A	1	Rehabilitation of Department of Health Building and Pier 2 Terminal. The project supports re-use of these existing buildings for new HDOT Harbors administrative offices. Improvements include interior and exterior renovations of the former HDOH and Annex buildings that retain the character-defining historic features, new utility system connections, and site improvements for circulation, parking, and landscaping. Harbors administration is current located at Hale Awa Ku Moku at 79 South Nimitz Highway and will be relocated upon project completion.
