Mr. Keith Kawaoka, Acting Director
Office of Environmental Quality Control
235 South Beretania Street, Suite 702
Honolulu HI 96813

Subject: Notice of No further Environmental Review Required for Cyanotech, Corp., New Rooftop PV – Processing Building, Tax Map Key: (3) 7-3-043:063, North Kona District, Hawaii Island, State of Hawaii

Dear Mr. Kawaoka:

This letter serves as notification to the Office of Environmental Quality Control that NELHA has determined that additional environmental review is not required for a proposed installation of 126 KW of solar photovoltaic (PV) panels on the roof of an existing warehouse structure on NELHA Land leased by a tenant business.

Two-prior accepted Environmental Impact Statements, published in 1985 and 1992, describe anticipated impacts of development of the Hawaii Ocean Science and Technology (HOST) Park - including on lands applicable to the existing Cyanotech site. These evaluations were included in the assessment of several build-out scenarios intended to include future improvements, allowing for flexibility to adapt to current market and technology conditions.

NELHA has determined that the proposed expansion is consistent with the location, types and scale of scenarios evaluated in the prior EIS documents, and that the potential direct, indirect, and cumulative impacts of the project have been adequately disclosed and evaluated therein, and therefore that the Findings of No Significant Impact (FONSI) in those reports satisfy the requirements of chapter 343 HRS for the proposed expansion pursuant to HAR Section 11-200.1-11.

Accordingly, we request publication of this notification in the next available edition of the Environmental Notice pursuant to HAR section 11-200.1-4.

If there are any questions, please contact me at (808) 327-9585, extension 225 or send me e-mail at gregory.p.barbour@hawaii.gov.

Very truly yours,

Gregory P. Barbour
Executive Director
