

OEOC BULLETIN

JOHN WAIHEE
GOVERNOR

OFFICE OF ENVIRONMENTAL QUALITY CONTROL

MARVIN T. MIURA, Ph.D.
DIRECTOR

Volume VI

April 8, 1989

No. 7

REGISTER OF CHAPTER 343, HRS DOCUMENTS

All Chapter 343, HRS documents submitted for publication in the OEOC Bulletin must be addressed to the Office of Environmental Quality Control, 465 South King Street, Room 104, Honolulu, Hawaii 96813. Documents addressed otherwise will not be considered for publication.

NEGATIVE DECLARATIONS

The following are Negative Declarations or determinations made by proposing or approving agencies that certain proposed actions will not have significant effects on the environment and therefore do not require EISs (EIS Rules 11-200-11). Publication in the Bulletin of a Negative Declaration initiates a 60-day period during which litigation measures may be instituted. Copies are available at 25 cents per page upon request to the Office. Parties wishing to comment may submit written comments to the agency responsible for the determination (indicated in project title). The Office would appreciate a copy of your comments.

The proposed project consists of paving freight handling yards within Kawaihae Harbor, Hawaii. The yards will serve overseas and interisland freight operations. A new heavy load bridge over the existing drainage canal will be constructed to connect existing interisland operations to the new interisland freight yard. Additional items include fencing, fire hydrants, and area lighting. The lighting will be low pressure sodium to conform to Hawaii County Ordinance on outdoor lighting. Some service roads within the harbor will also be paved.

Implementation of this project will be beneficial for the State by making the harbor more efficient.

Estimated construction time is 120 working days.

Estimated cost of the proposed project is \$2,000,000.

HAWAII

LANDSIDE IMPROVEMENTS AT KAWAIHAE HARBOR.

South Kohala, Hawaii; Dept. of Transportation, Harbors Division/Dept. of Transportation (TMK:6-1-03)

OAHU

SHIGEKANE AND MIDKIFF/MORRIS PROPERTIES,
Nuuanu, Oahu; Robert R. Midkiff, Elizabeth
M. Morris, Henry Shigekane Revocable
Trust, Joanne Shigekane Revocable
Trust/State Land Use Commission (TMK:
2-2-55:02, 2-2-55:04)

Applicants proposes to subdivide and
construct both replacement and new
homes on their respective properties
beyond what might be allowed within a
State Conservation District.

To achieve these objectives, the
applicants proposes to have their
properties redesignated from State
Conservation to State Urban; from
Preservation to Residential on the
County's Development Plan; from P-1,
Preservation to R-20 Residential, on
the County's Land Use Ordinance map;
and subdivide their properties under
the City & County's Subdivision Rules
and Regulations.

The Midkiff/Morris & Shigekane
properties have been in residential
use and the proposed action will
maintain this residential use of the
property. The proposals will not
have any significant
historic/archeological, flora or
fauna impacts. The dwelling sites
cannot be seen from Nuuanu Pali Drive
and therefore will not have any
impact on public view.

ACQUISITION AND DEVELOPMENT OF LAHILAHU
POINT BEACH PARK, Waianae, Oahu; Dept. of
Parks & Recreation, City & County of
Honolulu (TMK: 8-4-1:8,9; 8-4-3:11; 8-4-4:1,
5,9)

The City & County of Honolulu
proposes to acquire about 14.3 acres
of shoreline property at Lahilahi

Point and to improve level parts of
the property as a beach park. Beach
park improvements will include
provision of an access road, parking,
earthwork, landscaping, utilities,
irrigation system, picnic facilities,
comfort station, and outdoor showers.

No significant impacts are
anticipated to either the natural or
human environment as a result of land
acquisition for or improvement of
Lahilahi Point Beach park.

Historic sites will be protected in a
manner acceptable to the State
Historic Preservation Officer. An
existing private vacation house on
the north side of Mauna Lahilahi will
initially be converted for public use
but eventually be demolished.

Estimated cost of the proposed
project is \$3,000,000.

ACQUISITION AND DEVELOPMENT OF HAUULA
BEACH PARK EXPANSION, Koolauloa, Oahu;
Dept. of Parks & Recreation, City &
County of Honolulu (TMK: 5-5-01:36)

The City & County of Honolulu
proposes to acquire about 6,558 sq.
ft. of shoreline property and to
improve the property as a beach
park. The property abuts Kamehameha
Highway.

An existing fence, house and storage
shack will be removed. Improvements
will include development of an
irrigation system, landscaping and
possibly, in the long term, a comfort
station with wastewater treatment
facilities.

Hawaiian Trust Company, Ltd. is
currently trying to sell the property
so that proceeds can be disbursed to
the heirs of an estate.

Estimated cost for the proposed project is \$500,000

FAMILY COURT STATUS OFFENDER SHELTER
(DETENTION HOME, HONOLULU) ADDITIONAL
HOUSING, Honolulu, Oahu; Dept. of Accounting & General Services, Division of Public Works
(TMK: 2-3-12:19)

A timber prefabricated building will be constructed to provide additional housing at the present Detention Home site.

The estimated costs for design and construction are \$25,000 and \$216,000, respectively. Since the project will be constructed within the existing site, no land will be removed from the tax base.

The project will provide the Detention Home with additional housing space.

FAMILY COURT STATUS OFFENDER SHELTER
(DETENTION HOME, HONOLULU) SOLAR WATER
HEATER, Honolulu, Oahu; Dept. of Accounting & General Services, Division of Public Works (TMK: 2-3-12:19)

A solar water heating system will be installed for the existing facility.

The estimated cost of the project is \$51,000. Since the project will be constructed within the existing site, no land will be removed from the tax base.

The project will provide the Detention Home with much-needed means for providing hot water with reduced power demand and cost.

FINDING OF NO SIGNIFICANT IMPACT (FONSI)
SPACE SHUTTLE LANDING AIDS AUGMENTATION
OF HONOLULU INTERNATIONAL AIRPORT, Honolulu Airport, Oahu; US Army Engineer District, Honolulu

The Honolulu Engineer District is planning to construct the infrastructure needed to support new navigation aids (landing aids) for the Reef Runway at Hickam Air Force Base. The project is needed to improve the Reef Runway as an emergency landing site for the NASA Space Shuttle Orbiter.

The construction will consist of building concrete pads and electrical conduits for the Microwave Scanning Beam Landing System and the Ball and Bar Light system, and concrete pads and net anchors for the Shuttle Orbiter Arresting System.

In addition a three point permanent mooring will be placed in the water about a mile and a half west from the west end of the runway for mooring a Navy vessel with the Aim Point Identification Light System, and two batteries of truck mounted xenon lights will be placed at the approach end of the Reef Runway if it is necessary for the Orbiter to make an emergency landing after dark.

The actual landing aids hardware will be installed by a NASA team following completion of construction.

Estimated project cost in Federal funds is \$250K-500K.

CONSERVATION DISTRICT USE APPLICATION
ESTABLISH A CO-HABITATION
TELECOMMUNICATION FACILITY AND UTILITY
EASEMENT, Humuula, Hawaii; State Dept. of Budget and Finance/ State Dept. of Land and Natural Resources (TMK: 3-8-01:07,11, 15)

The applicant proposes to construct a 60' antenna tower and equipment building on a 5000 sq. ft. parcel located at Humuula to establish a Telecommunications Facility.

Identified users of this facility included the Hawaii Public Broadcasting Authority and the University of Hawaii for the transmission of educational programs and college credit courses.

This Cдуа will:

a) Permit a 2296 sq. ft. parcel of land to be used as an electrical utility easement to allow the Hawaii Electric Light Company to provide electrical service to the State's telecommunications facility;

b) Permit the co-location of other government/non commercial users at the facility on a non-interference, case-by-case basis, subject to approval.

c) Permit the Dept. of Budget & Finance to install the State Digital Data Microwave Link.

EIS PREPARATION NOTICES

The following proposed actions have been determined to require an environmental impact statement. Anyone can be consulted in the preparation of the EIS by writing to the listed contacts. 30 days are allowed for requests to be a consulted party.

MAUNA LANI MARINA, Mauna Lani, South Kohala, Hawaii; Mauna Lani Resort Inc./Planning Dept., County of Hawaii (TMK:6-8-22:Por. 1,3,9)

DRAFT ENVIRONMENTAL IMPACT STATEMENTS

EISs listed in this section are available for review at the following public depositories: Office of Environmental Quality Control; Legislative Reference Bureau; Municipal Reference and Records Center (Oahu EISs); Hamilton Library; State Main Library and the Kaimuki, Kaneohe, Pearl City, Hilo, Wailuku and Lihue Regional Libraries. Statements are also available at State Branch Libraries that are in proximity to the site of a proposed action (indicated by project description).

Comments on the following EISs should be sent to: 1) the accepting authority; and 2) the proposing agency. Please note the deadline date for submitting written comments on the EIS.

HAWAII

WAILUKU RIVER HYDROELECTRIC PROJECT,
South Hilo, Hawaii; Kahala Energy
Development/State Dept. of Land & Natural
Resources (TMK: 2-6-18;2-5-8;2-5-9)

The applicant proposes to build a 10 megawatt hydropower plant along with appurtenant structures on the Wailuku River, utilizing waters from the Wailuku River and Kalohewahewa Stream.

The proposed project site is located on the eastern coast of the island of Hawaii, approximately 2.5 miles west of the town of Hilo.

The proposed project consists of three diversion structures, a powerhouse, penstocks, access roads, and a transmission line. The total boundary area covers 47 acres.

The maintenance of aquatic habitats is the major environmental concern associated with the project. Measures to ensure that there will be no significant adverse impacts on aquatic habitats and species have been incorporated into the design and operation features of the project.

The project will provide improved access for resource management, including control of feral pigs.

OAHU

WAIKANE GOLF COURSE, Koolaupoko, Oahu;
Waikane Development Co./Dept. of Land
Utilization, City & County of Honolulu
(TMK: 4-8-4:4;4-8-6:8;4-8-14:4)

The applicant is proposing the
development of a 27-hole golf course
on a 505 acre property owned by
Pan-Pacific Development, Inc. in
Waikane Valley, Koolaupoko District,
Oahu.

The development on the property will
include a clubhouse, driving range,
maintenance building, and related
infrastructure. The existing church
on the property which is on a
long-term lease will be maintained.

Approximately 39 acres are within the
SMA.

The estimated cost for the proposed
project is \$32,000,000.

KO OLINA PHASE II, Ewa, Oahu; West Beach
Estates/Dept. of General Planning, City &
County of Honolulu (TMK: 9-1-15: Por 4,18)

The project site for Ko Olina Phase II is located within the Ewa District, approximately 20 miles west of Honolulu.

The applicant proposes to develop two 18-hole championship golf courses. Also planned are commercial development on the east end of the site, and relocation and expansion of an existing neighborhood park.

The proposed commercial parcel is planned to incorporate a commercial retail village directed at both resort and residential markets. Within the commercial parcel, a low-rise office complex with garden or park-like open space amenities is also planned.

The existing 5.8 acre Kamokila Neighborhood Park is proposed for relocation to the western end of the site. Upon redevelopment, park acreage would be increased to 9.5 acres.

HONOLI'I HYDROELECTRIC POWER PROJECT, South Hilo, Hawaii; Mauna Kea Power Company, Inc./State Board of Land & Natural Resources (TMK: 2-6-09:11;2-6-12:29,30;2-7-02:21)

The applicant is proposing to develop a hydroelectric power plant which will provide up to 14.6 megawatts of "clean" power to the Hawaii Island electrical grid.

The proposed project will be located along Honoli'i Stream on the eastern coast of the Big Island.

The proposed project will be a combination run-of-the-river and conduit-type operation.

The project will consist of three power lines. The plant will have

have a maximum capacity of 14.6 megawatts and annually will produce about 35,000 megawatt hours of electric power, which will be sold to Hawaii Electric Light Company.

The estimated cost of the proposed project is \$20 million.

NOTICE:

When submitting an Environmental Assessment or a Negative Declaration be certain that it provides all the information required by the Rules Section 11-200-10 or it will be returned without any publication in the OEQC Bulletin. Also, the attached summary Form #89-01 is required. The contents as stated in the Rules are as follows:

- (1) Identification of applicant or proposing agency;
- (2) Identification of approving agency, if applicable;
- (3) Identification of agencies consulted in making assessment;
- (4) General description of the action's technical, economic, social, and environmental characteristics;
- (5) Summary description of the affected environment, including suitable and adequate location and site maps;
- (6) Identification and summary of major impacts and alternatives considered, if any;
- (7) Proposed mitigation measures, if any;
- (8) Determination;
- (9) Findings and reasons supporting determination; and
- (10) Agencies to be consulted in the preparation of the EIS, if applicable.

TO EXPEDITE THE PUBLICATION OF THE OEQC BULLETIN, THIS OFFICE REQUESTS THAT ALL AGENCIES AND APPLICANTS COMPLETE THE ATTACHED 2-PAGE OEQC FORM #89-01 WHENEVER AN EIS, NEGATIVE DECLARATION, OR NEPA DOCUMENT IS SUBMITTED. IF THERE ARE ANY QUESTIONS IN COMPLETING THIS FORM, PLEASE CALL OEQC AT 548-6915.
