

# The Environmental Notice

May 23, 2026

JOSH GREEN, M.D., GOVERNOR  
MARY ALICE EVANS, DIRECTOR

The Environmental Notice provides public notice for projects undergoing environmental review in Hawai'i as mandated under Section 343-3, Hawai'i Revised Statutes, the Environmental Impact Statement Law. Along with publishing Environmental Assessments (EAs) and Environmental Impact Statements (EISs) for projects in Hawai'i. The Environmental Notice also includes other items related to the shoreline, coastal zone, and federal activities.

DLNR is proposing park improvements to the Mālaekahana State Recreation Area, Kalanai Section in windward O'ahu.

## ANNOUNCEMENTS

- The EAC is still seeking new members. To learn more about the work of the EAC, visit their [webpage](#). To apply to be on the EAC, submit this [online application](#) under Department of Business, Economic Development & Tourism - Environmental Advisory Council.
- Documents submitted **must not fail** the Adobe Accessibility Checker to be eligible for publication (we currently check all 32 of 32 options of the Adobe Accessibility Checker). Our website has an [accessibility page](#) with further information.

## STATEWIDE MAP OF EA/EIS DOCUMENTS AND DETERMINATIONS

O’AHU EAS/EISS

**Fuel Storage Tank Improvements Wai’anae Wastewater Treatment Plant – Final EA (FONSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	Wai’anae
<b>TMK(s)</b>	(1) 8-6-001:044
<b>Permit(s)</b>	SMA
<b>Proposing/ Determining Agency</b>	City and County of Honolulu, Department of Environmental Services Audrey Uyema Pak, (808) 768-8766, <a href="mailto:audrey.uyemapak@honolulu.gov">audrey.uyemapak@honolulu.gov</a> 1000 Uluohia Street, Suite 308, Kapolei, HI 96707
<b>Consultant</b>	Townscape, Inc.; 900 Fort Street Mall, Suite 1160, Honolulu, HI 96813 Gabrielle Sham, (808) 536-6999, <a href="mailto:gabrielle@townscapeinc.com">gabrielle@townscapeinc.com</a>
<b>Status</b>	Finding of No Significant Impact (FONSI) determination

The Wai’anae Wastewater Treatment Plant has an underground storage tank that supplies fuel to a standby generator. The generator automatically activates during a power outage and provides electricity for the entire pump station, including the sewage pump, support equipment, and lighting. To comply with current fuel storage regulations and strengthen environmental protection, the City Department of Environmental Services, Division of Wastewater Engineering and Construction, is proposing to replace the existing underground fuel storage tank with a new 6,000-gallon aboveground fuel storage tank. Additionally, the project includes replacing the underground fuel piping, fuel monitoring panel, and all associated sensors.

**Kamaile Academy Pre-Kindergarten Hub Classroom and Administration Building Facility – Final EA (FONSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	Wai’anae
<b>TMK(s)</b>	(1)8-5-002:053 and (1)8-5-026:107
<b>Permit(s)</b>	Building Permits
<b>Proposing/ Determining Agency</b>	State of Hawai’i, Hawaii Schools Facilities Authority Brian Canevari, (808) 528-4661, <a href="mailto:brian.canevari@hisfa.org">brian.canevari@hisfa.org</a> 2759 S. King Street, Honolulu, HI 96826
<b>Consultant</b>	Environmental Communications, Inc.; P.O. Box 236097, Honolulu, HI 96823 Taeyong Kim, (808) 528-4661, <a href="mailto:tkim@environcom.com">tkim@environcom.com</a>
<b>Status</b>	Finding of No Significant Impact (FONSI) determination

The Hawaii State Facilities Authority is developing a Pre-Kindergarten Hub will consist of eight (8) classrooms, an administration building, related appurtenant facilities as well as a dedicated parking area. The project will be funded and developed by the Hawaii School Facilities Authority (HISFA) on vacant land that presently serves as an informal and unimproved parking area.

This pre-kindergarten located adjacent to the Kamaile Academy Public Charter School site; a public facility operated as a charter school under the administrative authority of the Department of Education. This hub will be an addition to the State’s “Ready Keiki” program.

The proposed project improvements will be constructed on Parcel 8-5-002: 053 which consists of an open space presently used for unmarked parking, and Parcel 8-5-026: 107 which consists of a remnant parcel that is not used for any activity and is secured by boulders. This parcel is located at the outside curve of Ala Akau Street.

The proposed action consists of an educational facility that addresses the needs of pre-kindergarten aged children. This project will significantly advance the State’s mission focusing on needs identified for early education and early success in the process of learning.

O‘AHU EAS/EISS (CONTINUED)

**Malaekahana State Recreation Area Kalanai Section Park Improvements – Draft EA (AFNSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	Ko‘olauloa
<b>TMK(s)</b>	(1)-5-6-001:004
<b>Permit(s)</b>	SMA Major Permit; Building Permit; Grading/Grubbing/Trenching/Stockpiling Permit; NPDES Permit; Community Noise Permit; Shoreline Setback Determination; CZM Program Review for Federal Consistency; Oversized and Overweight Vehicles Permit; DCAB Plan Review; HRS 6E-8; NEPA Compliance; NHPA Section 106; Federal ESA Section 7 Consultation
<b>Proposing/ Determining Agency</b>	State of Hawai‘i, Department of Land and Natural Resources, Division of State Parks Carl Sholin, (808) 587-0300, <a href="mailto:carl.e.sholin@hawaii.gov">carl.e.sholin@hawaii.gov</a> 1151 Punchbowl Street Room 310, Honolulu, Hawaii 96813
<b>Consultant</b>	G70; 111 S. King Street, Suite 170, Honolulu, Hawaii 96813 Tracy Camuso, (808) 523-5866, <a href="mailto:tracyc@g70.design">tracyc@g70.design</a>
<b>Status</b>	Statutory 30-day public review and comment period starts. <b>Comments are due by June 22, 2026.</b> Please click on title link above to read the document, then send comments to <a href="mailto:malaekahana@g70.design">malaekahana@g70.design</a> .

The proposed park improvements will include replacement of two existing comfort stations near camping areas A and B on the Kalanai Section of the park. Park improvements will also include a new pavilion, stand-alone pot-washing station, rinsing shower, and upgrades to the park's existing individual wastewater system.

**Mililani High School Teacher Workforce Housing – Final EA (FONSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	‘Ewa

<b>Status</b>	Finding of No Significant Impact (FONSI) determination

The Hawai‘i School Facilities Authority (SFA), a state agency that collaborates with the Hawai‘i Department of Education (DOE) to provide housing options for educators, is partnering with the Pacific Housing Assistance Corporation (PHAC) to develop approximately 95 multi-family apartments for rent to DOE teachers, education personnel, and their families, who will be given a preference to live in the units. Units will be rented to households earning up to 120% AMI. Plans include on-site parking, amenities, and sustainability features.

O‘AHU EAS/EISS (CONTINUED)

**Waipahu Refuse Facility and Convenience Center – Final EA (FONSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	‘Ewa
<b>TMK(s)</b>	[1] 9-3-002:009 (por.)

<b>Status</b>	Finding of No Significant Impact (FONSI) determination

ENV plans to relocate the Waipahu Convenience Center (WCC) from its current location at 94-9 Waipahu Depot Street to the former Waipahu Incinerator Facility (WIF) property further south along Waipahu Depot Street, adjacent to the Honolulu Police Academy / Training Facility. The WCC provides a convenient drop-off location for municipal solid waste, white goods, and other household materials as an alternative to the Waimānalo Gulch Sanitary Landfill or other solid waste facilities on O‘ahu. The existing WCC, built in the 1970s, is undersized and no longer able to efficiently accommodate the number of residents using the facility. The new WCC is intended to reduce operational inefficiencies and improve traffic flow, safety, and overall user experience. In addition, ENV plans to develop a Refuse Rolloff Division Baseyard Facility east of the new WCC to support rolloff truck operations and related functions. Following publication of two DEAs, the updated design incorporates a revised single-story administration building, improved employee and visitor parking with solar canopies, a reconfigured rolloff truck parking area and wash bay with a new connector road, a 20,000-square-foot open-sided refuse cart storage structure, and modifications along Waipahu Depot Street, including turning-radius improvements and a new bypass lane to reduce congestion at the WCC entrance.

KAUA‘I EAS/EISS

**Kīlauea Town Expansion Project – Section 201H Affordable Housing – Draft EA (AFNSI)**

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds (9)(A) Propose any wastewater treatment unit, except an individual wastewater system or a wastewater treatment unit serving fewer than fifty single-family dwellings or the equivalent
<b>District(s)</b>	Hanalei
<b>TMK(s)</b>	(4) 5-2-005:024; (4) 5-2-005:054; (4) 5-2-005:058; (4) 5-2-005:059 (por.); and (4) 5-2-023:031 (por.)
<b>Permit(s)</b>	County Grubbing and Grading Permit, Building/Construction Permits, HRS Title 13 Section 201H-38, National Pollutant Discharge Elimination System (NPDES) Permit, Department of the Army Permit (Section 404), Stream Channel Alteration Permit (SCAP), NEPA review
<b>Proposing/ Determining Agency</b>	County of Kaua‘i, Kaua‘i County Housing Agency Adam Roversi, (808) 241-4444, <a href="mailto:aroversi@kauai.gov">aroversi@kauai.gov</a> 4444 Rice Street, Suite 330, Suite 105, Box No. 316, Lihue, Hawaii 96766
<b>Consultant</b>	Kahewai Environmental LLC; 2855 E. Manoa Road, Suite 105, Box No. 316, Honolulu, HI 96822 William Bow, (808) 371-0676, <a href="mailto:wbow@kahewai.com">wbow@kahewai.com</a>
<b>Status</b>	Statutory 30-day public review and comment period starts. <b>Comments are due by June 22, 2026.</b> Please click on title link above to read the document, then send comments to <a href="mailto:sfranco@kauai.gov">sfranco@kauai.gov</a> .

The proposed project includes the construction of an affordable housing project including approximately 310 residential units (single-family, multi-family, duplex, and live-work units) and commercial uses on currently vacant land. The project would be designed with roadways, park and green space, bike and pedestrian paths, and a wastewater treatment plant.

## HAWAII EAS/EISS

### Development of the Ka’ū Cultural Center – Final EA (FONSI)

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds
<b>District(s)</b>	Ka’ū
<b>TMK(s)</b>	(3) 9-5-005:003
<b>Permit(s)</b>	Building permit, Department of Public Works Permit for grading, electrical, plumbing, driveway, sewer and water connection

<b>Status</b>	Finding of No Significant Impact (FONSI) determination

Hana Laulima Lahui O Ka’ū Inc., under the leadership of Mrs. Terry-Lee Shibuya acting as president of the organization, has obtained a right of entry permit (dated August 29, 2023) for TMK No. (3) 9-5-005:003 (por.) in order to build a Hawaiian Cultural Center at this location. This is being proposed in order to help the Ka’ū Districts large native Hawaiian population retain and celebrate its cultural heritage. The center is envisioned to act as an environment where the community can come together for important events, celebrations, and provide a space for residents to use for their organizing and educational needs related to the native Hawaiian community.

### Four Mile Creek Bridge [22-7] Replacement Project – Final EA (FONSI)

<b>HRS §343-5(a) Trigger</b>	(1) Propose the use of state or county lands or the use of state or county funds (2) Propose any use within any land classified as a conservation district (7) Propose any reclassification of any land classified as a conservation district

<b>Status</b>	Finding of No Significant Impact (FONSI) determination

The County of Hawaii Department of Public Works, in coordination with the State of Hawaii Department of Transportation, proposes to replace, raise, and widen the Four Mile Creek Bridge to accommodate roadway and pedestrian facility improvements and improve overall safety along the adjacent segments of Kilauea Avenue and Haihai Street. The one-lane Four Mile Creek Bridge was constructed in 1916 and altered to its current configuration in 1964. The existing bridge and superstructure will be removed in its entirety and replaced with a single-span concrete girder bridge that is more than three times wider and more than twice in length. The widened bridge will accommodate north- and south-bound through lanes, one left turn lane (westbound onto Haihai Street), bike lanes/shoulders, raised sidewalks, and buffers on both sides of the road. At the Kilauea Avenue and Haihai Street intersection, a traffic signal will be installed, the east side of the intersection will be widened to accommodate the addition of the northbound and westbound left turn lanes, and Americans with Disabilities Act-accessible curb ramps will be installed. The project does not have federal funding and utilizes County and State of Hawaii funds.

**HAWAII EAS/EISs (CONTINUED)**

VSAS proposes the development of a new 14.9-acre campus on Old Volcano Road between Nahelelani Street and Ali'i Anela Street (TMK (3) 1-1-004:010). The project follows a four-phase construction timeline planned to be completed in 2032. Once complete, the campus will house Pre-K and 6th–12th grade, supporting 342 full-time students, 100 blended learning students, and 155 staff. Plans for the new campus include Middle School, High School, and Pre-K pod spaces; a central piko courtyard, an administrative building, cafeteria, labs, shops, assembly and performance amphitheater, commercial kitchen and outdoor courts. Plans for the new campus include Middle School, High School, and Pre-K pod spaces; a central piko courtyard, an administrative building, cafeteria, labs, shops, assembly and performance amphitheater, commercial kitchen and outdoor courts.

## EXEMPTION NOTICES

The following agencies have declared certain actions exempt from the requirement to prepare an EA pursuant to [HAR § 11-200.1-16](#), and have voluntarily submitted the Exemption Notices for publication:

### *State of Hawai'i, Hawaii Housing Finance & Development Corporation*

#### Cardinal o Waikiki Project

Cardinal Waikiki Beach LLC (Applicant) plans to develop a 32-unit affordable rental project located at 2533 Kaneloa Road (Project Site) in Honolulu on the corner of Kaneloa Road and Paokalani Avenue. The Project Site is currently vacant. Situated on a 0.1482 acre or 6,456 square foot parcel, the Project will include one six-story building. Twenty-four units will be one-bedroom units and 8 units will be two-bedroom units.

After careful analysis outlined in the attachment, HHFDC has evaluated the Project's primary, secondary, and cumulative impacts, and concluded that it is not anticipated to have significant environmental effects.

#### Kauwela Apartments Project

Kauwela Apartments 1 LLC (Applicant) plans to demolish and remove four existing residential structures located at 2118 Citron Street (Project Site) in Honolulu between Wiliwili and Paani Streets and replace them with 42 new affordable rental units. Situated on a 0.2755 acre or 12,000 square foot parcel, the Project Site will include one five-story building. Unit layouts will include four studios and 38 one-bedroom apartments to serve different household sizes.

After careful analysis outlined in the attachment, HHFDC has evaluated the Project's primary, secondary, and cumulative impacts, and concluded that it is not anticipated to have significant environmental effects.

### *State of Hawai'i, University of Hawai'i*

#### Repair Lighthouse Pier-Upgrades, Coconut Island

This project consists of replacing the lighthouse pier and seawall with a new floating dock providing wall support and stabilizing/correcting the tilt of the existing lighthouse and refurbishing the delamination currently affecting the lighthouse.

There are no cumulative impacts from this project since the project involves the reconstruction of the existing pier, lighthouse, and seawall at the shoreline of the island. An [Environmental Assessment \(EA\) with a Finding of No Significant Impact \(FONSI\)](#) was prepared for the University of Hawai'i, Hawai'i Institute of Marine Biology, in February 2014.

### *County of Maui, Department of Management*

#### Holomua Road Vehicular Gates Project

The County of Maui, Department of Management proposes the installation of three motorized vehicular access control gates along Holomua Road, a County-owned roadway traversing agricultural lands in the Hāmākuapoko ahupua'a of the Ha'ikū-Pā'ia area, Maui, Hawai'i (TMK: (2) 2-5-004:999).

Holomua Road extends from Baldwin Avenue (mauka) to Hana Highway (makai). The road is not open for general public vehicular use but has remained accessible due to the absence of access controls, resulting in unauthorized access, trespassing, illegal dumping, and elevated wildfire risk. The proposed gates will restrict unauthorized vehicular access while preserving emergency vehicle access at all times.

Gates will be installed at three locations: at the Hana Highway terminus (Gate 1), near the Upper Hāmākuapoko Road intersection (Gate 2), and at the Baldwin Avenue terminus (Gate 3). Each gate system consists of a motorized double-leaf swing gate with bollards, electrical service, battery backup, and integrated access control and communications equipment. Gate 1 is located within the Special Management Area; an SMA Minor Permit will be obtained as a parallel permitting track.

Ground disturbance is limited to foundation excavation at each gate location. No vegetation removal, drainage alteration, or impacts to coastal resources are proposed.

The County of Maui Department of Management has considered the primary, secondary, and cumulative impacts of the Proposed Action and has determined that the Proposed Action is not anticipated to have significant impacts on the environment. The Proposed Action is hereby declared exempt from the preparation of an environmental assessment pursuant to HRS Chapter 343 and HAR Chapter 11-200.1.

## COASTAL ZONE MANAGEMENT NOTICES

## FEDERAL CONSISTENCY REVIEWS

The following federal actions are being reviewed for consistency with the enforceable policies of the Hawai'i Coastal Zone Management (CZM) Program, including [the CZM objectives and policies in Hawai'i Revised Statutes, Chapter 205A](#). Federal consistency, pursuant to Section 307 of the Coastal Zone Management Act of 1972 (CZMA), as amended, generally requires that federal actions, within and outside of the coastal zone, which have reasonably foreseeable effects on any coastal use (land or water) or natural resource of the coastal zone be consistent with the enforceable policies of a state's federally approved coastal management program. Federal actions include federal agency activities, federal license or permit activities, and federal financial assistance activities. This public notice is being provided in accordance with § 306(d)(14) of the CZMA, and federal regulations at 15 CFR § 930.2, § 930.42, and § 930.61. General information about federal consistency is available at the [Hawai'i CZM Program website](#), or call (808) 587-2878.

*For specific information or questions about an action listed below, contact the CZM staff person identified for each action. The CZM Program is required to adhere to federal review deadlines, therefore, comments must be received by the date specified. Comments may be submitted by mail or electronic mail, to the addresses below.*

**FEDERAL CONSISTENCY REVIEWS (CONTINUED)**

**Project Name: Lahaina Small Boat Harbor Improvements**

Proposed Action: The State of Hawaii Department of Land and Natural Resources (DLNR), Division of Boating and Ocean Recreation (DOBOR), proposes activities authorized under a U.S. Army Corps of Engineers general permit at the Lahaina Small Boat Harbor. The proposed project involves the repair and replacement of fire-damaged infrastructure at the Lahaina Small Boat Harbor following the 2023 Lahaina Wildfires. Work on the harbor’s Inner Marginal Wharf includes removal of damaged concrete piles and pile caps, installation of new precast concrete piles and pile caps slightly inland from the original alignment, and construction of new aluminum gangways, decking, mooring buoys, ladders, safety equipment, and electrical systems. The redesigned wharf configuration is intended to improve boater navigation within the harbor while replacing previously existing facilities.

The project also includes replacement of the Front Row Finger Piers and Dinghy Dock, as well as removal of a deteriorated boat ramp and adjacent concrete pad/rock revetment. New floating docks, fixed finger piers, mooring anchors, and a sheet pile wall with concrete bulkhead will be installed to improve harbor infrastructure and shoreline stability.

Location: Lahaina, Island of Maui

## NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) ACTIONS

As a courtesy, listed below are documents submitted for publication that have been prepared pursuant to NEPA, rather than Chapter 343, HRS (sometimes referred to as “HEPA”). Accordingly, these entries may have unique comment periods. Occasionally, actions are subject to both NEPA and HEPA. In those cases, a separate Chapter 343, HRS, entry would be published in *The Environmental Notice* when a relevant document or determination is submitted to OPSD/ERP.

### [Relocate Schofield Barracks Deep Wells Above Ground – EA \(FONSI\)](#)

<b>Island</b>	O’ahu
<b>District(s)</b>	Wahiawā
<b>TMK(s)</b>	(1) 7-6-001:001 (por.)
<b>Proposing / Approving Agency</b>	U.S. Army Garrison Hawaii, Hawaii Infrastructure Task Force (HITF) 559 Eastman Road, B682, Wheeler Army Airfield, HI 96854 Contact: Dawn Lleces, Telephone: (520) 945-1510; Email: <a href="mailto:dawn.a.lleces.civ@army.mil">dawn.a.lleces.civ@army.mil</a>
<b>Consultant</b>	G70 – 111 S. King Street, Suite 170, Honolulu, HI 96813 Attn: Jeff Overton, <a href="mailto:SBMRDeepWells@g70.design">SBMRDeepWells@g70.design</a> , (808) 523-5866
<b>Status</b>	The EA – FONSI will be made available on the Army website at: <a href="https://home.army.mil/hawaii/garrison/dpw/nepa#qt0:1">https://home.army.mil/hawaii/garrison/dpw/nepa#qt0:1</a> . Hard copies will also be available for viewing at the Hawai’i Document Center at the Hawai’i State Library and Wahiawa Public Library.

Four new potable water production wells would be developed, including the installation of new equipment (water pumps and motors), well houses, and associated equipment such as a power generator and water quality monitors. Total depth, from ground-level surface, for the proposed wells would be approximately 620 feet to 630 feet (approximately 230 feet to 240 feet mean sea level).

All new facilities would be developed on land that is located within SBMR. Under the Proposed Action, there would be no demolition of existing buildings and the proposed new buildings would be one-story with limited visibility from outside of the SBMR installation. Each of the new buildings would comply with Unified Facilities Criteria 1-200-02 High Performance Sustainable Design Requirements, which focuses on high levels of energy and water efficiency and promoting environmental stewardship and occupant health.

New wells and associated systems would be designed to meet pertinent drinking water standards, and all contaminants would be addressed. Upon completion of the new wells, existing wells would be decommissioned in accordance with the CWRM requirements.

## FEDERAL NOTICES

As a courtesy, listed below are some relevant entries from the Federal Register published since the last issue of *The Environmental Notice*. For more information, click on the title link, also available at [www.federalregister.gov](http://www.federalregister.gov).

### **Notice: [Western Pacific Fishery Management Council; Public Meetings](#) (published by the National Oceanic and Atmospheric Administration on 05/18/2026)**

The Western Pacific Fishery Management Council (Council) will hold its Mariana Archipelago Fishery Ecosystem Plan (FEP) Guam Advisory Panel (AP), Social Science Planning Committee (SSPC), Hawaii Archipelago and Pacific Remote Island Areas (PRIA) FEP AP, and Mariana Archipelago FEP Commonwealth of the Northern Mariana Islands (CNMI) AP to discuss and make recommendations on fishery management issues in the Western Pacific Region. **The meetings will be held between May 28 and May 30, 2026.** For specific times, agendas, and details on participating in the meetings, please click on the title link above.

### **Notice: [Notice of Intent To Prepare a Supplemental Programmatic Environmental Impact Statement for the Coral Reef Conservation Program and To Solicit Public Input](#) (published by the National Oceanic and Atmospheric Administration on 05/19/2026)**

NOAA announces its intent to prepare a supplemental Programmatic Environmental Impact Statement (PEIS) in accordance with the National Environmental Policy Act (NEPA) for its Coral Reef Conservation Program (CRCP). The CRCP conducts and funds activities throughout parts of the United States, including Florida, Hawai’i, Puerto Rico, the U.S. Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa. The supplemental PEIS will address the environmental impacts of new coral reef conservation and restoration activities and expanded methods to be conducted by the CRCP.

## GLOSSARY OF TERMS AND DEFINITIONS

### Agency Actions

Projects or programs proposed by any department, office, board, or commission of the state or county government which is part of the executive branch of that government per [HRS 343-2](#).

### Applicant Actions

Projects or programs proposed by any person who, pursuant to statute, ordinance, or rule, requests approval for a proposed action per [HRS 343-2](#).

### Draft Environmental Assessment

When an Agency or Applicant proposes an action that [triggers](#) HRS 343, an Environmental Assessment shall be prepared at the earliest practicable time to determine whether the action's environmental impact will be significant, and thus whether an environmental impact statement shall be required per [HRS 343-5\(b\)](#), for Agency actions and [HRS 343-5\(e\)](#), for Applicant actions. For actions for which the proposing or approving agency anticipates a Finding of No Significant Impact (AFNSI), a Draft EA (DEA) shall be made available for public review and comment for 30 days and public notice is published in this periodic bulletin.

### Final Environmental Assessment and Finding of No Significant Impact

The action's proponent shall respond in writing to comments on a DEA received during the 30-day review period and prepare a Final EA (FEA) that includes those responses to determine whether an environmental impact statement shall be required. If there are no significant impacts, then the Agency will issue a Finding of No Significant Impact (FONSI). An Environmental Impact Statement (EIS) will not be required and the project has cleared HRS 343 requirements. The public has 30 days from the notice of a FONSI in this bulletin to challenge the FONSI in the Environmental Court and seek a ruling to require the preparation of an EIS.

### Final Environmental Assessment and Environmental Impact Statement Preparation Notice

An EIS shall be required if the Agency finds that the proposed action may have a significant effect on the environment. The Agency shall file notice of such determination with OPSD called an EIS Preparation Notice (EISPN) along with the supporting Final EA. After the notice of the FEA-EISPN is published in this bulletin, the public has 30 days to request to become a consulted party and to make written comments. The public (including the Applicant) has 60 days from the notice of the EISPN in this bulletin to ask a court to not require the preparation of an EIS.

### Act 172-2012, Direct-to-EIS, Environmental Impact Statement Preparation Notice (with no EA)

Act 172 in 2012 amended HRS 343 by providing for an agency to bypass the preparation of an environmental assessment for various actions that in the experience of the agency would clearly require the preparation of an EIS. The agency must submit its determination that an EIS is required for an action (Act 172-2012, EISPN) with a completed publication form detailing the specifics of the action. This starts a 30-day scoping period in which the agency or applicant must hold a public scoping meeting for the preparation of the Draft EIS. Written comments and responses on the EISPN must be incorporated into the subsequent Draft EIS and oral comments from the public scoping meeting must be recorded and submitted to OPSD with the Draft EIS.

### HEPA

While technically there is no "Hawai'i Environmental Policy Act," HRS 343 is often referred to by this term.

### Act 312-2012, Secondary Actions in the Highway or Public Right Of Way

Act 312-2012, amended HRS 343, by adding a new section ([HRS 343-5.5](#), entitled "Exception to applicability of chapter"). HEPA allows for a statutory exception for "secondary actions" (those that involve infrastructure in the highway or public right-of-way) provided that the permit or approval of the related "primary action" (those outside of the highway or public-right-of-way and on private property) is not subject to discretionary consent and further provided that the applicant for the primary action submits documentation from the appropriate agency confirming that no further discretionary approvals are required. An aid to understanding this is to visualize residential driveway improvements in the public right-of-way, versus, retail outlet driveway improvements in the public right-of-way.

### Draft Environmental Impact Statement

After receiving the comments on the EISPN, the Agency or Applicant must prepare a Draft Environmental Impact Statement (DEIS). The content requirements of the DEIS shall contain an explanation of the environmental consequences of the proposed action including the direct, indirect and cumulative impacts and their mitigation measures. The public has 45 days from the first publication date in this bulletin to comment on a DEIS.

### Final Environmental Impact Statement

After considering all public comments filed during the DEIS stage, the Agency or Applicant must prepare a Final EIS (FEIS). The FEIS must respond in a point-by-point manner to all comments from the draft and must be included in the FEIS. For Applicant projects, the Approving Agency is the Accepting Authority and must make a determination within 30 days or the FEIS is deemed accepted as a matter of law. For an Agency project, the Governor or the Mayor (or their designated representative) is the Accepting Authority, and unlike applicant actions, there is no time limit on the accepting authority reviewing the FEIS. Only after the FEIS is accepted may the project be implemented.

### Acceptability

The Accepting Authority must be satisfied that the FEIS meets three criteria (process, content, response to comments) to accept it. Whether the FEIS is accepted or not accepted, notice of the Acceptance Determination is published in this bulletin. The public has 60 days from publication to legally challenge the acceptance of a FEIS. For both Applicant and Agency actions, the Applicant or the proposing Agency can prepare a Revised DEIS after a non-acceptance determination.

Mauai Sunset

Photo by [Thomas Hawk](#)

### National Environmental Policy Act

The National Environmental Policy Act (NEPA) requires federal projects to prepare a Federal EA or EIS. In many ways it is similar to Hawai'i's law. Some projects require both a State and Federal EIS and the public comment procedure should be coordinated. Upon request by a federal agency, OPSD publishes NEPA notices in this bulletin to help keep the public informed of important federal actions.

### Conservation District

Proposed uses of land in the State Conservation District require a Conservation District Use Application (CDUA). These applications are reviewed and approved/denied by the Department or Board of Land and Natural Resources. Members of the public may intervene in the permit process. This bulletin will include EAs & EISs for actions proposed within the Conservation District.

### Special Management Area and Shoreline Setback Area

The Special Management Area (SMA) is along the coastline of all islands; development in this area is generally regulated by [HRS 205A](#), and county ordinance. A portion of the SMA that is addressed by HRS 343 is the [Shoreline Area](#), which includes land between the State-certified shoreline and the county-determined shoreline setback line. This bulletin will include EAs & EISs for actions proposed within the Shoreline Setback Area. Some projects going through the SMA permit process on O'ahu are also required to go through an environmental review process that mirrors HRS 343; these "ROH Chapter 25" EAs/EISs are included in this bulletin.

### Shoreline Certifications

State law requires that Hawai'i shorelines be surveyed and certified when necessary to clearly establish the shoreline setback from the certified shoreline. The public may participate in the process to help assure accurate regulatory boundaries. Private land owners often petition to have their shoreline certified by the State surveyor prior to construction. This bulletin publishes notice from the Department of Land and Natural Resources of shoreline certification applicants and final certifications or rejections.

### Environmental Advisory Council

The [Environmental Advisory Council](#) is a 15-member citizen board appointed by the Governor. They serve as a liaison between the Director of OPSD and the general public concerning ecology and environmental quality. Agendas of their regular meetings are posted on the Internet and the public is invited to attend.

### Agency Exemption Lists

Government agencies may keep a list describing the minor activities they regularly perform that are exempt from the environmental review process. These lists and any amendments shall be submitted to the Council for review and concurrence ([HAR 11-200.1-16](#)). This bulletin will publish an agency's draft exemption list for public comment prior to Council decision making, as well as notice of the Council's decision on the list.

### Endangered Species

This bulletin is required by [HRS 343-3\(c\)](#), to publish notice of public comment periods or public hearings for Habitat Conservation Plans (HCP), Safe Harbor Agreements (SHA), or Incidental Take Licenses (ITL) under the federal Endangered Species Act, as well as availability for public inspection of a proposed HCP or SHA, or a proposed ITL (as a part of an HCP or SHA).
