Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

Grantees eligible to receive funds under the Homelessness Prevention and Rapid Re-Housing Program (HPRP) are required to complete a substantial amendment to their Consolidated Plan 2008 Action Plan. This form sets forth the required format for this substantial amendment. A completed form is due to HUD within 60 days of the publication of the HUD HPRP notice.

To aid grantees in meeting this submission deadline, the HPRP Notice reduces the requirement for a 30-day public comment period to no less than 12 calendar days for this substantial amendment. With this exception, HPRP grantees are required to follow their Consolidated Plan's citizen participation process, including consultation with the Continuum of Care (CoC) in the appropriate jurisdiction(s). Grantees are also required to coordinate HPRP activities with the CoC's strategies for homeless prevention and ending homelessness. To maximize transparency, HUD strongly recommends that each grantee post its substantial amendment materials on the grantee's official website as the materials are developed.

A complete submission contains the following three documents:

- 1) A signed and dated SF-424,
- 2) A completed form HUD-40119 (this form), and
- 3) Signed and dated General Consolidated Plan and HPRP certifications.

For additional information regarding the HPRP program, visit the HUD Homelessness Resource Exchange (www.hudhre.info). This site will be regularly updated to include HPRP resources developed by HUD and its technical assistance providers.

The information collection requirements contained in this application have been submitted to the Office of Management and Budget (OMB) for review under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

Information is submitted in accordance with the regulatory authority contained in each program rule. The information will be used to rate applications, determine eligibility, and establish grant amounts.

Public reporting burden for this collection of information is estimated to be 16 hours, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This information is required to obtain benefits. To the extent that any information collected is of a confidential nature, there will be compliance with Privacy Act requirements. However, the substantial amendment to the Consolidated Plan 2008 Action Plan does not request the submission of such information.

Warning: HUD will prosecute false claims and statements. Conviction may result in criminal and/or civil penalties. (18 U.S.C. 1001, 1010, 1012; 31 U.S.C. 3729, 3802)

C. Distribution and Administration of Funds

Reminder: The HPRP grant will be made by means of a grant agreement executed by HUD and the grantee. The three-year deadline to expend funds begins when HUD signs the grant agreement. Grantees should ensure that sufficient planning is in place to begin to expend funds shortly after grant agreement.

1. Check the process(es) that the grantee plans to use to select subgrantees. Note that a subgrantee is defined as the organization to which the grantee provides HPRP funds.

- Competitive Process
- Formula Allocation

X Other (Specify): RFI (see below)

2. Briefly describe the process(es) indicated in question 1 above (limit 250 words).

Response:

The Hawaii Housing Authority (HPHA), Homeless Programs Branch (HPB) posted a Request for Information (RFI-HPB-2009-14) on the State Procurement Notice (PNS) website: <http://www4.hawaii.gov/bidapps/FilterNotices.cfm>, and the Request for Proposal (RFP) website: <http://hawaii.gov/spo2/health/rfp103f/> on March 27, 2009. Applications were requested from qualified organizations to provide homeless prevention and rapid re-housing services to individuals and families in the Counties of Hawaii, Kauai and Maui. The HPRP RFI notice was also emailed to each County's Continuum of Care (CoC) chairperson and County representative to publicize the notice to the CoC general

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

membership, and faxed to all service providers who have contracts with HPB. Proposal submission deadline was April 3, 2009.

The evaluation team consisted of one representative from each County who has experience in, knowledge of, and/or responsibility for program services and financing. Each reviewer was selected by the respective CoC chairperson and County representative.

The proposals were evaluated on the following categories: 1) Experience and Capability; 2) Project Organization and Staffing; 3) Service Delivery; and 4) Financial, for a possible total of 100 points. The proposals were ranked based on the number of points accrued through the evaluation process, then classified as acceptable, potentially acceptable or unacceptable. Each of the county evaluators individually reviewed and scored all applicants, then conferred as a group to determine the final awardees and award amounts. form to signify agreement with the selections.

Awardees, award amounts and agencies' estimated budgets listed in Exhibit B.

3. Briefly describe the process the grantee plans to use, once HUD signs the grant agreement, to allocate funds available to subgrantees by September 30, 2009, as required by the HPRP Notice (limit 250 words).

Response:

The Hawaii Public Housing Authority (HPHA) Homeless Programs Branch (HPB) will work with each sub-grantee to complete the scope of services and work plan for the goals and objectives to be accomplished; and finalize the three (3) year budget. HPB will obtain from the sub-grantee, the required documents necessary to execute the contract. HPB will submit the scope of services, completed work plan and the required documents to HPHA's Contract and Procurement Office (CPO).

CPO will prepare the contract in its entirety and submit the draft contract to the State of Hawaii Attorney Generals' Office (AG) for review and approval. The AG has a minimum of 10 days to review the draft and provide comment to CPO. CPO will incorporate any AG comments, and return the scope of services and work plan to HPB for applicable revisions.

CPO will then submit a second draft to the AG for review and approval. AG has a minimum of 10 days to provide comment on the revisions to the contract to the CPO. CPO will then prepare the contract in final form and send it out to the sub-grantee for signing.

Upon the receipt of the three (3) original signed contracts from the sub-grantee, CPO will route the signed contracts to the AG, HPHA Financial Management Office to verify availability of funds, then to the Office of the Executive Director, and Acting Procurement Officer for the execution of the contract.

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

4. Describe the grantee's plan for ensuring the effective and timely use of HPRP grant funds on eligible activities, as outlined in the HPRP Notice. Include a description of how the grantee plans to oversee and monitor the administration and use of its own HPRP funds, as well as those used by its subgrantees (limit 500 words).

Response:

In order to meet the statutory requirement to expend at least 60% of HPRP grant amounts within 2 years of the date of the grant agreement; 100% within 3 years; and to ensure the appropriate use of HPRP funds on eligible activities, HPB plans to implement a monitoring strategy which combines the following components:

Site Visits:

HPHA will conduct on-site visits to provider agencies which will be administering the HPRP grant. Half of the agencies will be visited during the first year of the program, and the other half during the second year. (Schedule to be determined.) Third year site visits will be "as needed" to those agencies which are having difficulty with the timely and effective use of the HPRP grant. The site visits will include an inspection of randomly selected client files, interviews with the HPRP lead manager, and a review of agency's program guide to ascertain compliance with HPRP rules, health and safety regulations, ADA requirements, Fair Housing laws, and other regulations as required by HUD. After the site visit, the HPHA monitor will complete a Program Compliance Review (PCR), which will detail any deficiencies revealed during the site visit. The PCR will be sent to the provider agency, which will then be required to develop a Corrective Action Plan (CAP) to address the concerns. Included in the CAP will be the specific actions to resolve the problems; the timeline to implement the resolution; the person responsible for the implementation; and the method in which the agency staff will be informed of the plans. The HPHA monitor will review the CAP, and if acceptable, will notify the agency of HPHA's approval.

Remote Monitoring:

HPHA will provide continuous oversight of subgrantees through remote monitoring by requiring them to submit quarterly activity reports (details to follow HUD's requirements pursuant to direction by the Office of Management and Budget) and entering data in the Homeless Management Information System (HMIS). HPHA staff will report accomplishments and draw down payment requests in the Integrated Disbursement and Information System (IDIS). HPHA staff will run PR 20 reports regularly through IDIS to keep updated on the percentage spent by each agency. HPHA staff will be available to agency representatives through email, fax, mail and phone contacts. County government representatives and CoC chairpersons will be kept apprised of the progress of each respective agency through quarterly draw down reports.

HPHA Administrative funds:

HPHA anticipates using its HPRP Admin funds for HPRP/HUD Technical Assistance seminars; travel and associated costs of attending these seminars; audit costs for each of

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

the three years of the contract; pre-award activities; and data collection. HPHA will monitor its spend-down percentage through IDIS.

D. Collaboration

1. Briefly describe how the grantee plans to collaborate with the local agencies that can serve similar target populations, which received funds under the American Recovery and Reinvestment Act of 2009 from other Federal agencies, including the U.S. Departments of Education, Health and Human Services, Homeland Security, and Labor (limit 250 words).

Response:

HPHA has an established network of resources with local agencies through its many years of involvement with housing and homeless services, and continues to cultivate collaborative partnerships. The Hawaii Housing Finance and Development Corporation (HHFDC) and HPHA executed a Memorandum of Understanding in 2007, which established the responsibilities of each party. HHFDC administers the HOME funds for the Counties of Hawaii, Kauai and Maui. These funds are used for capital investments in low-income housing projects. HHFDC also administers the Neighborhood Stabilization Program (NSP) grant for all counties of the State of Hawaii. NSP funds provide targeted emergency assistance to state and local governments to acquire and redevelop foreclosed properties that might otherwise become sources of abandonment and blight.

HPHA works cooperatively with the City and County of Honolulu (City). The latest collaborative effort was the 2009 Point In Time (PIT) Count. Subpopulation data was collected for sheltered and unsheltered households; input into the Homeless Management Information System (HMIS); and analyzed to determine trends in homelessness. HPHA anticipates future collaboration with the City to enhance HMIS data collection capability to aid in HPRP reporting.

HPHA also maintains close affiliations with other local agencies by attending quarterly Coordinator's meeting with HUD Field Office, Honolulu and Rural County representatives, and HHFDC. The rural counties administer their own Community Development Block Grant (CDBG) funds.

HPHA's Housing Placement and Stipend programs utilize Temporary Assistance for Needy Families (TANF) funding from the U.S. Department of Health and Human Services though the State Department of Human Services.

2. Briefly describe how the grantee plans to collaborate with appropriate Continuum(s) of Care and mainstream resources regarding HPRP activities (limit 250 words).

Response:

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

HPHA will hold bi-monthly Statewide CoC meetings with government representatives of the Counties of Hawaii, Kauai and Maui and the respective CoC chairpersons. These meetings will provide a forum for on-going discussions to work toward the ultimate goal of preventing and ending homelessness; the sharing of news and information between counties; updating each other on prospective funding sources; and other pertinent issues. Agenda items will also be planned for each CoC chair to take back to their general membership for localized discussions.

HPHA will also participate in the bi-monthly meetings with the Interagency Council, which consists of CoC members from the rural counties, and the Oahu CoC (Partners In Care). These meetings provide an opportunity to discuss statewide, rather than just localized issues. Partnering with each County's CoC is vital to better strategic planning and maximizing the impact of available resources.

Each county CoC is required to hold regular meetings with its members, many of whom will have received HPRP funding, to assess community needs and discuss the impact of this grant to address those needs. Through these meetings, members will be able to share resources; plan and design successful programs through the implementation of shared ideas; and coordinate with other local organizations that are also involved in programs related to homelessness prevention and rapid re-housing. Homeless persons are eligible to receive HPRP assistance so the impact of these funds will also be reported by CoC members through point-in-time counts and through other data collected by HUD.

3. Briefly describe how HPRP grant funds for financial assistance and housing relocation/stabilization services will be used in a manner that is consistent with the grantee's Consolidated Plan (limit 250 words).

Response:

HPRP funds will be awarded to agencies in the Counties of Hawaii, Kauai and Maui to provide financial assistance and housing relocation/stabilization services that meet the 2005-2010 Consolidated Plan objectives of promoting decent, affordable housing and strengthening communities.

Promote decent, affordable housing

Temporary financial assistance will be provided to individuals and families who are homeless or would be homeless if not for this assistance. Short and medium-term rental assistance will allow individuals and families to remain in their existing rental units, or will help them obtain and remain in rental units they select. Other financial help through HPRP will come in the form of security and utility deposits; temporary utility payments; moving cost assistance; and reasonable and appropriate hotel/motel vouchers .

Strengthening Communities

The State's jobless rate is the highest since 1978. Kauai and Maui unemployment rates more than tripled in the past 12 months; and the Big Island's more than doubled. HPRP will provide much needed assistance to communities experiencing the tremendous

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

hardships of high unemployment. Housing relocation and stabilization services will include case management to help develop individual housing and service plans; secure and coordinate services; and monitor participants' progress. Other services will include outreach and engagement services to help publicize the availability of the HPRP program; legal aid; and credit repair. Data collection through HMIS will analyze homeless trends for strategic planning and program development; for the purposes of collecting and reporting data under HPRP; and for analyzing patterns of use for HPRP funds.

Substantial Amendment to the Consolidated Plan 2008 Action Plan for the Homelessness Prevention and Rapid Re-Housing Program (HPRP)

Enter the estimated budget amounts for each activity in the appropriate column and row. The grantee will be required to report actual amounts in subsequent reporting.

AFFIDAVIT OF PUBLICATION

NOTICE OF PUBLIC COMMENT

Congress has designated funding of \$1.5 billion dollars through the Homelessness Prevention and Rapid Re-housing Program (HPRP), under Title XII of Division A of the American Recovery and Reinvestment Act of 2009 (Recovery Act). HPRP funds will provide temporary financial assistance and housing relocation and stabilization services to individuals and families who are homeless or would be homeless without this assistance. The State of Hawaii, through the Hawaii Public Housing Authority (HPHA), Homeless Programs Branch (HPB), is eligible to receive \$2,166,668 under HPRP for the Counties of Hawaii, Kauai and Maui.

The HPRP funds are intended to target two populations facing housing instability: 1) individuals and families who are currently in housing but are at imminent risk of becoming homeless and need temporary rent or utility assistance to prevent them from becoming homeless, or assistance to move to another unit (prevention); and 2) individuals and families who are experiencing homelessness (residing in emergency or transitional shelter or on the street) and need temporary assistance in order to obtain housing and retain it (rapid re-housing). Eligible activities under HPRP include: 1) financial assistance (short and medium-term rental assistance, security and utility deposits, utility payments, motel/hotel vouchers); 2) housing relocation and stabilization services (case management, outreach and engagement, housing search and placement, legal services, credit repair); 3) data collection and evaluation; 4) administrative costs related to delivery of services in items 1 through 3. Up to 5% of HPRP funds may be used for administrative purposes. Homeless persons and persons at risk of becoming homeless must meet the following three criteria to qualify for HPRP assistance: 1) any individual or family receiving rental assistance must have at least an initial consultation with a case manager to determine need; 2) the household must be at or below 50 percent of Area Median Income (AMI) as established by the U.S. Department of Housing and Urban Development (HUD); and 3) the household must have no appropriate subsequent housing options that have been identified, AND the household lacks the financial resources and support networks needed to obtain immediate housing or remain in its existing housing.

To receive its grant allocation, the State of Hawaii must prepare and submit, for HUD's approval, a substantial amendment to its Consolidated Plan, Action Plan for Program Year 2008-2009. The HPRP Substantial Amendment will include HPHA's plan for distribution, administration and oversight of funds; collaboration with local organizations receiving HPRP funds; and ensuring consistency with the Consolidated Plan.

The following is the list of proposed sub-grantees and award amounts that will be allocated over 3 years:

Office for Social Ministry (OSM)

Award Amount: \$707,850.00

For the past six years, OSM has adopted a “Housing First” approach that requires using a set of strategies to rapidly re-house homeless families who are experiencing a housing crisis. These strategies include immediate financial assistance to prevent families from becoming homeless, outreach to landlords, landlord mediation, upfront rental and utility assistance, and home-based transitional case management services immediately following housing placement. Case management is a vital component intended to promote housing stability and ensure the family is linked with the appropriate support systems and services to meet their long-term goals. Infrastructure and capacity is already in place to implement the Homeless Prevention and Rapid Re-housing Program (HPRP) activities immediately.

YWCA of Kauai

Award Amount: \$141,425.00

The YWCA of Kauai Family Violence Shelter provides short-term emergency housing for female victims of domestic violence and their qualified children. Clients are provided a safe and secure shelter, meals, and clothing for up to 90 days. Clients also receive comprehensive counseling and education provided by staff skilled on issues relating to domestic violence, and assisted with appropriate referrals to other community assistance programs. The YWCA also provides a 24/7 crisis hotline to address domestic violence issues with callers. For victims of domestic abuse, providing financial assistance to prevent homelessness is critical since a partner's withdrawal of financial support frequently destabilizes the household and creates an imminent risk of homelessness. The YWCA proposes to use HPRP funds to provide short and medium-term rental assistance, security and utility deposits, utility payments and hotel/motel vouchers; and housing relocation and stabilization services through counseling, developing individual progress plans, advocacy on behalf of the client to assure rights, safety planning, healthy relationship development and problem solving. Case management services will also include links to community housing resources and access to services; how to resolve prior housing problems; and support and tracking during the course of the HPRP assistance.

Family Life Center (FLC)

Award Amount: \$300,000.00

Since 1982, Family Life Center's mission has been to stabilize and empower families and individuals by developing and implementing programs to meet the physical, spiritual and emotional needs of those who are vulnerable, primarily targeting the homeless and at-risk homeless. Their plan of action includes providing access to basic necessities: food, clothing and shelter, through outreach services, an emergency shelter, rental assistance, housing placement services and an outpatient drug treatment program. FLC proposes to utilize HPRP funds by providing a combination of services to either prevent individuals and families from becoming homeless, or helping those who are experiencing homelessness to be quickly re-housed and stabilized. Housing placement services will include financial assistance with security and utility deposits, rental assistance, and utility payments. Since case management is an important component in the delivery of services, FLC will increase its staff to handle the additional workload, thus also creating jobs under HPRP. All other systems are already in place to allow for the expeditious delivery of HPRP services. This new funding will give FLC the opportunity to increase the scope of services currently offered and increase the numbers of individuals served.

Maui Economic Concerns of the Community (MECC)

Award Amount: \$135,950.00

MECC operates Maui's only continuum of care facilities for homeless persons: Ka Hale A Ke Ola (KHAO) Homeless Resource Center in Wailuku, and Na Hale O Wainee (NHOW) in Lahaina. The MECC service delivery strategy goes beyond the provision of basic shelter and sustenance needs by providing a series of structured programs and services that are focused on instilling the skills, knowledge and experience to support self-sufficiency and promote positive, healthy life choices. MECC also operates a 200 unit affordable, long-term rental housing project and has coordinated a direct rental assistance program supported by the County of Maui to address the long-term housing needs of MECC clients. HPRP funds are to be used to support the implementation of the Housing Emergency Support Services (HESS) program, an emergency rental assistance and housing stability program. Target groups to be served are: 1) homeless, low-income individuals and families who have completed transitional housing programs and are ready to move into long-term rental housing, and 2) low-income individuals and families that are at risk of being displaced from their current housing due to lack of sufficient financial resources. The HESS program will provide direct service and follow-up support focused on securing and maintaining appropriate long-term rental housing for eligible participants.

Award Amount: \$135,950.00

WHW is the currently the only agency on Maui that provides the entire range of domestic violence services to victims, including safe emergency shelter, assistance with temporary restraining orders, advocacy for children, and transitional support after the immediate crisis has passed. Recognizing that stable, secure housing is absolutely critical to effective domestic violence case management, WHW has adopted a multi-pronged strategy to address client housing needs, since each individual client's housing options vary according to personal and family circumstances. HPRP funds will be used to support the implementation and coordination of the WHW Emergency Housing Assistance (EHA) Program. EHA will supplement and enhance the agency's comprehensive domestic violence case management, emergency shelter and transitional housing programs by providing a dedicated source of funds for direct financial assistance to support homeless prevention and housing stability for women victims of domestic abuse and their families. EHA will provide direct financial assistance to victims of domestic violence and their children who: 1) have been displaced from their homes, are participating in the WHW emergency shelter or transitional housing programs, and are ready to access long term rental housing but lack sufficient financial resources for security deposits, first and last months' rent, or 2) are at risk of becoming homeless due to lack of sufficient financial resources to pay for rent or utilities.

APPENDIX TO CERTIFICATIONS

INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.
2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
4. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).
5. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).
6. The Grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

Check if there are workplaces on file that are not identified here.

The certification with regard to the drug-free workplace is required by 24 CFR part 24, subpart F.

7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

10/20/2009 3

"Controlled substance" means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

"Conviction" means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

"Criminal drug statute" means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

"Employee" means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All "direct charge" employees; (ii) all "indirect charge" employees unless their impact or involvement is insignificant to the performance of the grant; and (iii) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).
