### Update of the 2006 State Ocean Resources Management Plan (ORMP)

#### Frequently Asked Questions

Prepared by  
Office of Planning State of Hawaii

#### 1. QUESTION: What is the ORMP?

ANSWER: The ORMP is a state plan that guides state agencies with responsibilities relating to marine and coastal zone management. It is outlined under Part IV of Hawaii Revised Statutes (HRS) Chapter 205A, Hawaii's Coastal Zone Management (CZM) law.

#### 2. QUESTION: What is the purpose of the ORMP?

ANSWER: Under HRS §205A-42, the purpose of the plan is to:

- Ensure that state agency activities are closely coordinated with the activities of relevant federal and county agencies;
- Analyze, resolve conflicts between, and prioritize sector-specific recommendations included in the plan;
- Coordinate exclusive economic zone and other marine-related issues with state and county agencies;
- Provide technical assistance to the agencies on policy and interrelated matters regarding marine and coastal resources management; and
- Coordinate marine and coastal education activities.

The ORMP is needed to support a healthy and thriving ocean for today and future generations. This is achieved through integrated approaches to managing our ocean's resources by (1) restoring land and sea; (2) preserving our ocean heritage; and (3) promoting collaboration and stewardship. These are called the Three Perspectives.

#### 3. QUESTION: Who updates the ORMP?

ANSWER: Under HRS §§205A-43 and 225M-1, the State Office of Planning (OP), through its CZM Program, is charged with coordinating the overall implementation and reviewing and periodically updating the ORMP.
