

**Hawaii CZM Program**  
Coastal Zone Management

## **FEDERAL CONSISTENCY REVIEW**

### **INSTRUCTIONS FOR APPLICATION**

The application for CZM federal consistency review must include the items listed below. All required items must be submitted before the federal consistency review period will begin. Additional information that is necessary to evaluate the proposal may be required during the review period.

1. CZM Application Form: <https://planning.hawaii.gov/czm/federal-consistency/>
2. CZM Assessment Form: <https://planning.hawaii.gov/czm/federal-consistency/>
3. Detailed Project Description
4. Site Location Map
5. Project Plans or Drawings
6. Copy of the federal permit application or federal grant application, as applicable
7. Copies of the applications for the following state and county permits, as applicable:
  - DOH Section 401 Water Quality Certification - application as verified by DOH
  - DOH NPDES Permit - application as verified by DOH
  - County Special Management Area Permit and Shoreline Setback Variance
  - DLNR Stream Channel Alteration Permit
  - DLNR Conservation District Use Application
  - DLNR Ocean Recreation Commercial Use Permit and Day-Use Mooring Permit
8. Supplemental Information
  - Include supplemental information about the proposed activity and location, such as environmental assessments or environmental impact statements, biological studies, archaeological surveys, and other environmental surveys.

#### **Public Notice**

Once the CZM federal consistency application is determined to be complete, a public notice will be published, and the public will be provided the opportunity to review and comment on the proposed action.
