December 18, 2019

Aloha all,

At this meeting of the Hawai'i Board on Geographic Names (HBGN), we are including an option for the public to participate remotely on a computer or phone.

The members of the Permitted Interaction Group (PIG) that was charged with collecting information and name proposals related to the feature known as "Fissure 8" will be presenting their report to the full Board at this meeting. There will be no discussion about the report itself at this meeting. Rather the discussion of the report and its recommendations, if any, will take place at a future meeting of the Board.

There will be an opportunity for public comments at the beginning of the meeting prior to the PIG's presentation ([click here to view the meeting agenda](#)). Public comments will be limited to **three minutes** for each person.

The link to the meeting is:
