Layer Name: Hospice Facilities
Layer Type: Point
Status: Complete
Geog. Extent: Main Hawaiian Islands
Projection: Universal Transverse Mercator, Zone 4 (Meters)
Datum: NAD 83 HARN

Please note - if you are using data in the State's web services or downloading from the State's geoportal, the data is served and exported in WGS84 coordinates, although it is stored internally (in the State’s geodatabase) in UTM coordinates.

Description: Locations of hospice facilities in the State of Hawaii as of November 2021. As defined in Hawaii Revised Statutes (HRS § 321-15.63) a hospice service means a program of palliative and supportive care for terminally ill persons and their families or caregivers.

Source: Hawaii State Department of Health, Office of Health Care Assurance (OHCA). For more information regarding the source, click here.

History: This dataset was created from a table in Excel format obtained from the Office of Health Care Assurance. The address field was used to locate the facilities by geocoding using ArcGIS. In some cases, further rectification was done using various sources including Google Maps, organization websites, etc.

Attributes: Points:
Name    Facility Name
Island    Island
Mailing Address    Mailing Address
Physical Address    Physical Address*
Phone    Phone Number
