Description: Lands owned by the State of Hawaii Department of Hawaiian Homelands as of October, 2022

Source: State of Hawaii Department of Hawaiian Homelands, November 8, 2022

History: Received from the State Department of Hawaiian Homelands, November 8, 2022.  
Some attributes used by DHHL staff were removed for use in the State GIS database and publicly available layer. DHHL processing of layer: The baseline layer was first created by combining the DHHL Land Use Designation geodatabase and DHHL owned TMK parcels selected from the 2018 TMK layers from the counties. Then a field schema for the attribute table was designed with DHHL. The attribute values come from the legal documents filed at DHHL. However, not all legal documents were located for review and data input.

Note: Oahu TMK # 186002001 is included in this database, although tax records may indicate that the parcel is owned by the US Federal Government. This parcel is also listed in the State GIS Government Ownership layer as owned by the US Federal Government. For more information about the historical context surrounding this parcel, please refer to page 63 of the DHHL Oahu Island Plan: <https://dhhl.hawaii.gov/wp-content/uploads/2013/04/131202-oip-final.pdf>.
