Description: DOD lands with leases expiring in 2029.

Abstract: Data layers were digitized in October 2025 from the following report: Hawaii Military Land Use Master Plan (HMLUMP), Final – April 2021, which can be found at this University of Hawaii download site: <https://drive.google.com/file/d/1Uov0HevmHkfMG-ma-iEzxYgECHue67aY/view>. Report maps were scanned and georeferenced, then used to extract relevant parcels from Hawaii TMK layers. Where only a portion of a parcel was leased, the boundary was revised to reflect the portion of the parcel included in the lease.
