File Name: MMA_DAR
Layer Type: Polygon
Status: Will be updated as needed by DAR
Geog. Extent: Main Hawaiian Islands
Projection: Universal Transverse Mercator, Zone 4 (Meters), NAD 83 HARN

Please note - if you are using data in the [State's web services](#) or downloading from the [State's geoportal](#), the data is served and exported in WGS84 coordinates, although it is stored internally in UTM coordinates.

Abstract: Marine (and Freshwater) Managed Areas (MMAs) in the Main Hawaiian Islands **as of January, 2020**. This is not a comprehensive layer/listing of all fishing regulations.

Fishing and other activities may be restricted in other areas of the State under the jurisdiction of other divisions of the Department of Land and Natural Resources and other governmental agencies. Some of these areas include:

Department of Land and Natural Resources – in addition to the areas shown, Waimanu Estuarine Sanctuary, Hawai'i; Alaka'i Wilderness Preserve, Kaua'i; Kanaha Pond Wildlife Sanctuary, Maui; Hawai'i State Seabird Sanctuary (various statewide islands and islets); Small boat harbor facilities.

Department of Transportation – Commercial harbor facilities.

U.S. Fish and Wildlife Service – National Wildlife Refuge areas.

This data is intended for informational purposes and not for legal or navigational use. Data represent best efforts to ensure accuracy but data are as is with no expressed warranty of any kind.
