

Layer Name: Private Schools in Hawaii as of 2011
File Name: schools_private
Layer Type: Point
Status: Complete
Geog. Extent: Main Hawaiian Islands
Projection: Universal Transverse Mercater (UTM) Zone 4, Meters
Datum: NAD 83 HARN

Please note - if you are using data in the [State's web services](#) or downloading from the [State's geoportal](#), the data is served and exported in WGS84 coordinates, although it is stored internally in UTM coordinates.

Description: Locations of private schools in the state of Hawaii as of 2011.
Preschool-only private schools are not included.

Source: HAIS.org (Hawaii Association of Independent Schools, 2011).

History: Created by Office of Planning, Hawaii Statewide GIS Program, 2011, using data from HAIS's list of private schools in Hawaii.

1. Geocoded addresses from list using ArcGIS Online Address locator
2. Unmatched addresses were further researched using various sources including TMK parcels, County street data, Google maps, etc. and aerial photos
