Appropriates funds for capital improvement projects for fiscal biennium 2021–2023. Effective 7/1/2050. (SD1)
- House Bill 2023, HD1, SD1, Relating to Transit-Oriented Development  
Authorizes the issuance of general obligation bonds and appropriates funds for certain transit-oriented development projects identified in the state Strategic Plan for Transit-Oriented Development. Effective 7/1/2050. (SD1)

*The following are of particular note for the TOD Council.*

- House Bill 2085, Proposing Amendments to Article VII, Sections 12 and 13, of the Hawai'i Constitution to Expressly Provide that the Legislature may Authorize the Counties to Issue Tax Increment Bonds and to Exclude Tax Increment Bonds from Determinations of the Funded Debt of the Counties.  
Clarifies that tax increment bonds can be issued by the counties without affecting the debt limit of the counties. Currently, HRS §46-103 permits a county council to provide for tax increment financing, and HRS §46-104(2) grants a county the power to issue tax increment bonds. Tax increment bonds do not fit neatly within the types of bonds that counties may issue under Hawai'i's constitution. It is a method through which a portion of property taxes in excess of a base assessed value may be dedicated to finance costs of a project through the issuance of bonds.
- Senate Bill 2898, SD2, HD2 Relating to Community Development  
Establishes the transit-oriented development infrastructure improvement district under the Hawai'i community development authority. Requires the transit-oriented development infrastructure improvement district board to develop a program to identify necessary

infrastructure improvements within the district. Establishes the transit-oriented development infrastructure improvement district special fund. Effective 7/1/2050. (HD2)
