Visitor Satisfaction Survey
First Quarter 2021

COVID-19 Travel Restrictions

On March 26, 2020, the State of Hawai‘i started requiring all visitors and returning residents to Hawai‘i to complete a mandatory, 14-day quarantine. Then on October 15, 2020, the State of Hawai‘i Safe Travels program began, which allowed all visitors and returning residents to avoid quarantine by showing negative results of a COVID-19 test from a trusted testing partner taken no more than 72 hours prior to departing the final leg of their trip to Hawai‘i. On December 4, 2020, the mandatory quarantine period for all those who did not have a negative test result was reduced from 14 days to 10 days.

Concerns around the virus and related travel restrictions resulted in significantly limited arrivals of international visitors during Q1 2021. Therefore, the Visitor Satisfaction and Activity Survey was fielded only among visitors from the U.S. West (Alaska, California, Oregon, Washington, Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming) and U.S. East (all other states in the Continental U.S.).

- U.S. West 1,919 completed surveys, +/- 2.24% margin of error
- U.S. East 1,789 completed surveys, +/- 2.32% margin of error
