EXECUTIVE MEMORANDUM

MEMO NO. 02-06

TO: The Honorable Brian K. Minaai
Director of Transportation
Department of Transportation

SUBJECT: Renaming H2 Freeway

America became a great nation because every time our beliefs and ideals have been threatened, our soldiers have stepped forward to defend them. We express our gratitude to our veterans for the courage and the profound sense of duty they exhibited in fighting for our country.

From veterans of wars long past to the soldiers currently engaged in our war against terrorism, the brave men and women of our military have risked their lives for the freedoms we enjoy today.

Therefore, to honor our veterans, the name of the H2 Freeway shall be named the "Veteran's Memorial Freeway." By memorializing our veterans in this way we demonstrate that service to our country will be remembered and honored eternally.

Your cooperation in implementing this change discussed above is appreciated.

BENJAMIN J. CAYETANO
