1. **Scope and Applicability.** The Governor's Budget Execution Policies and Instructions shall apply to *all means of financing* (MOF) appropriated and authorized by Act 178, SLH 2005, the General Appropriations Act of 2005, as amended by Act 160, SLH 2006, the Supplemental Appropriations Act of 2006, and other specific appropriations authorized for expenditure in FY 07 by the 2006 Legislature, or other legislative sessions.

Expenditures authorized for the capital investment cost category shall be subject to applicable policies and procedures in Executive Memo (E.M.) No. 97-07, "*Procedures for Requesting the Implementation of Capital Improvement Projects*" (dated June 19, 1997), **as amended by provisions herein**, and other applicable guidelines and requirements of general law.

2. **General Statement of Policies.** State agencies shall implement appropriation acts providing for operations of State government in conformance with the purpose of such acts, and shall carry out such purposes efficiently, with due respect for the financial condition of the State and all applicable laws.
 - a. Oversight and control shall be executed in accordance with Part II of Chapter 37, HRS; Section 37-74, HRS; and other applicable legislation and statutes.
 - b. Departments shall plan program operations and expenditures for the fiscal year at levels necessary to accomplish program goals within allocation ceilings approved for the department, pursuant to Part II of Chapter 37, HRS (Allotment System).

Total expenditures and total positions designated for each program in each fiscal year shall not exceed the sums and number appropriated or authorized, and allocated by me, except as otherwise provided by law.

- c. Expenditure plans shall be developed within allocated amounts consistent with legislative requirements and executive priorities. These plans shall be prepared and submitted to the Department of Budget and Finance (B&F) according to **Attachment B**.
- d. Program reports of affected activities, attainments, and expenditures corresponding to proposed allocations by allotment periods shall be submitted according to **Attachment B**.
- e. FY 07 departmental Requests for Allotments (Form A-19) shall reflect quarterly allocations for the full year by program ID and MOF, as described in **Attachment B**, except as otherwise provided.
- f. Special fund expenditure plans shall include estimates of transfers to the general fund as required by Sections 36-27 through 36-30, HRS (or as otherwise provided by law), for the payment of various assessments for departmental special fund central services and administrative expenses. Such assessments should be within allocated appropriations and treated as first charges against the respective funds, unless otherwise specified. Transfers shall be made to the general fund on a quarterly basis.
- g. As appropriate, every effort shall be made to utilize authorized federal and other non-general revenue resources to provide services which meet similar objectives of programs for which State funds are authorized. All such non-general fund expenditures, however, must be within amounts appropriated and allocated, except where otherwise authorized by law. (*See section on "Federal Funds" in this attachment for further guidelines.*)

All agencies receiving federal funds for operational purposes shall review such operations for possible changes in anticipated federal or other grants. It is not to be assumed that State funds will replace any reduction in federal or other grant funds; nor should it be assumed that State funds will be increased to qualify for increases in available federal matching funds. Program need and statewide priority must be demonstrated.

- h. To control the growing energy demand and costs of State operations, agencies are urged to take appropriate steps to improve energy efficiency in State facilities. Agencies shall comply with Administrative Directive No. 06-01 (Energy and Resource Efficiency and Renewable Energy and Resource Development); Act 96, SLH 2006 (Relating to Energy); and **Section 168.5** of Act 160, SLH 2006 (the Supplemental Appropriations Act of 2006). Coordination of A.D. 06-01 shall be under the auspices of the Department of Business, Economic Development and Tourism.

- i. The implementation of program budgets shall be consistent with the overall theme, goals, objectives and policies of the priority guidelines contained within applicable approved functional plans, and as contained within Chapter 226, HRS.
3. **Allocations. Exhibit 1** contains your department's full-year allocations and position ceilings for FY 07 based on appropriations from the following measures:
 - a. Act 178, SLH 2005, as amended by Act 160, SLH 2006.
 - b. All collective bargaining (CB) measures enacted in the 2005 Legislative Sessions, as applicable.
4. **Funds Subject to Allotments.** All MOF appropriated or authorized by the Legislature for FY 07 shall be subject to the allotment process as provided by Section 37-33, HRS. Unencumbered allotment balances at the end of each allotment quarter shall revert to the related appropriation account, except for: the Department of Education (DOE) pursuant to general law; as otherwise provided by specific statute; pursuant to Section 37-40, HRS; or by procedures specified in **Attachment B** with respect to trust funds.
5. **Allotment of Funds to Private Agencies and Specific Appropriations**
 - a. Appropriations for grants, subsidies, purchase of service agreements, or other specific appropriations, shall be subject to the allotment system.
 - b. Expenditure of grants and specific appropriations shall require my prior approval through B&F. Form A-19s for specific appropriations shall be submitted after receiving my approval to expend.
 - c. All allotments for grants and subsidies will be made on a case-by-case basis, subject to my approval through B&F. Prior to the submission of each request for allotment, the expending agency or user department (when it is different from the expending agency) must submit a comprehensive list of all operating and capital improvement grants with a preliminary recommendation as specified in **Form D**. The form is due by **August 15, 2006**. Thereafter, requests for the release of individual grants must also include a copy of the grant application and all supporting documents which qualified the recipient to be awarded a grant under Chapter 42F, HRS. Note: Act 195, SLH 2005, requires the Executive Branch to give public notice, beginning on the 91st day after the legislation, to the recipient of any grant awarded under Chapter 42F, HRS, of the status of a grant that is not yet released until a final determination is made on the status of the grant.
 - d. Funds to private agencies shall not be allotted where it has been determined that the private agency has not complied with qualifying provisions and procedures of Chapters 9, 42F, 103D, or 103F, HRS, as applicable. Departments should consult with the Department of the Attorney General (AG) on the legal requirements to be fulfilled by grant recipients.

6. **Deficiency Spending Prohibited**. There shall be no expenditure of funds in excess of amounts appropriated and allotted, nor shall agencies establish positions in excess of the numbers authorized and allotted, unless otherwise provided by specific legislation, and as provided elsewhere in these instructions.
7. **Lapsing of Funds**. Operating funds appropriated for FY 07 not expended or encumbered as of June 30, 2007 shall lapse on that date, except as provided for DOE, or as otherwise provided by law.
8. **Delegation by Department Heads**. As permitted by applicable general laws, department heads may delegate authority to approve certain expenditures which have been deemed to be within the director's authority to an appropriately designated deputy, officer or manager in the director's respective department. The Comptroller of the Department of Accounting and General Services (DAGS) must be notified of such delegation in writing.

Delegation for procurement authority shall be in accordance with Chapter 103D, HRS, and Subchapter 3, Chapter 3-121, HAR. Updates to procurement delegation, and any subsequent changes, shall be submitted to the Administrator, State Procurement Office (SPO).

9. **Federal Funds**. All departments receiving federal funds for operations and CIP should not assume that State funds will replace the loss of any federal-aid money, nor should it be assumed that State funding will be increased to qualify for increases in available federal matching funds.
 - a. Pursuant to **Section 131** of Act 178, SLH 2005, my prior approval is required to:
 - 1) increase a program's federal fund ceiling as authorized by the Legislature, and
 - 2) apply for and/or expend non-appropriated federal grant funds. Section 131 also requires that the funds be made for the "benefit of the public." Accordingly, all requests for federal ceiling increases shall require my prior approval through B&F in the attached memo formats (**Forms E-1, E-2, and E-3**).

Departments are required to prepare and submit **Form E-3** (federal fund approval notice), which B&F will finalize and transmit to the Legislature. To comply with the five-day reporting period, departments should submit a draft hardcopy with the request and e-mail an electronic file of **Form E-3** to the B&F analyst assigned to the department.

- b. **Federal Fund Deposits**. All federal funds received by departments shall be deposited into the State Treasury unless otherwise provided by federal funding conditions or specifically exempted from this provision by competent authority acknowledged by the Director of Finance.
- c. **Recovery of Indirect Costs and Fringe Benefits from Federal Grants and Contracts**. State agencies administering federal grants and contracts shall pursue the recovery of indirect costs and fringe benefits. Federal payments shall be deposited into the general fund. (Source code 0579 and the department's alpha code should be used.)

10. **Special and Revolving Fund Receipts and Expenditures**

- a. All special and revolving funds must have been authorized and appropriated by law in order to be expended.
- b. Authorized and appropriated special and revolving funds can only be expended up to the level of receipts available in such funds.
- c. Special and revolving fund expenditures authorized in Act 178, SLH 2005, as amended by Act 160, SLH 2006, and other specific appropriations are limited to amounts appropriated and allocated by me, except as otherwise provided by law.
- d. **Appropriated** special and revolving funds authorized by law to expend in excess of appropriated amounts shall require my prior approval before making such expenditures. All requests for such expenditures shall be reviewed and approved by the Department of the Attorney General (AG) before submittal to me through B&F.

11. **Trust Funds**

- a. Pursuant to Section 37-40, HRS, expenditures of trust funds are permitted up to levels of available receipts, except as otherwise provided by law, or except as limited by conditions of the trust agreement or fund.

Section 37-33, HRS, allows the Director of Finance, as required, to prescribe regulations for controlling expenditures and encumbrances of funds which have not been appropriated on a regular basis.

- b. Trust funds **appropriated** in Act 178, SLH 2005, as amended by Act 160, SLH 2006, which an agency seeks to expend in excess of appropriation levels, shall require my prior approval before making such expenditures. All requests for such expenditures shall be reviewed and approved for consistency with appropriate statutes by the AG before submittal to me through B&F.

12. **Reimbursements from Federal or Other Funds**. All federal or other fund reimbursements shall be deposited into the general fund or the appropriate fund account that provided the original advance funding, except as otherwise provided by law. Programs shall ensure that appropriate and correct reimbursements from federal and other funds are made for pension accumulation, Social Security, and health insurance costs. Documentation shall be made available to B&F, upon request.

Expenditure of reimbursements without legislative or statutory authorization or appropriation may be considered to be in violation of Sections 37-31 and 37-42, HRS.

13. **Gifts or Private Contributions to Programs**. Where specific special, trust, revolving or private funds have not been established for such purposes, agencies shall be responsible for demonstrating that such authority is consistent with applicable statutes and appropriate expenditure provisions of the State Constitution. My approval is

required prior to the receipt and expenditure of such contribution or gift, unless otherwise provided by law.

14. **Workforce Control.** Only authorized budgeted positions may be considered for establishment and filling (regardless of the MOF), unless otherwise provided by law.

a. Position Allocation Ceilings. The number of **authorized** permanent full-time equivalent (FTE) positions, which may be established and filled by each department, shall not exceed the total number **allocated** to each respective department, by MOF.

Requests for these types of contracts require my approval, through B&F, and compliance with DHRD and DAGS requirements for contractual services. Departments are advised to contact DHRD and DAGS to obtain the latest applicable procedures relating to the approval process.

Exceptions. Approval authority is delegated to department heads to make the expenditures listed below (unless applicable to “financing agreements”); however, compliance with DHRD and DAGS requirements for contractual services must still be fulfilled.

- h. Motor Vehicles. For budget purposes, "motor vehicles" include "passenger cars," "pickup trucks," "sports wagons," "vans," "buses," or any self-propelled vehicles designed for carrying or transporting passengers and/or property, and generally drawn upon a road or highway.

Heads of purchasing agencies are delegated authority to procure motor vehicles, pursuant to Chapter 103D, HRS, subject to the following:

As applicable, agency requests for the transfer of funds shall be submitted to me for approval through B&F. All such requests must be accompanied by a written justification stating the nature and reasons for the transfer, including its legal basis. Unless otherwise provided by other specific provisos in Act 178, SLH 2005, as amended by Act 160, SLH 2006, **Section 134** of Act 178, SLH 2005, limits such transfers to operating funds between appropriations within the same fund within an expending agency.

Transfer of vacation funds shall not be made when the employee transfers between positions within the same jurisdiction, and if the transferred employee's salary is to be paid from the same fund. The transfer of vacation funds can be reversed if the employee returns to his or her original position, within the same fiscal year. Vacation transfer funds are considered to be realizations to the general fund or the respective non-general fund.

- Requests for the allotment of critical projects may be submitted before the due date for implementation plans.

- Grants may be added to the implementation plans after this date, if necessary.
- d. Implementation plans for CIP projects funded by special funds, G.O. with debt service costs to be paid from special funds, revenue bond funds, or revolving funds shall include projected six-year *financial plans* for the respective fund responsible for cash or debt payments.
- e. All allotment requests must be consistent with the departmental implementation and appropriate financial plans.

- f.2 Allotment requests may include more than one phase if supported with adequate justification.
- f.3 As the need to implement arises, projects shall be individually submitted, through B&F, for my approval. This procedure also applies to requests to use the Governor's Project Adjustment Fund (PAF) pursuant to **Section 116** of Act 178, SLH 2005.
- New appropriation symbols for new cost elements, delegation, or PAF requests shall be requested from DAGS-UARB in writing. The appropriation symbols shall be typed on the AA prior to submitting the request.
 - AA numbers will be assigned by B&F upon receipt of request. Do not fill the anticipated date of Governor's approval.
- f.4. Requests for advance draw-downs of CIP funds by third-party project managers shall be prohibited. Disbursement of funds shall be made only upon actual completion of work.
- g. CIP Staff Services Cost. All agencies with an authorized project-funded staff ceiling shall be funded via a separate appropriation identified for staff services only.  3. The private organization should request payment through the expending agency as work progresses on the project.
 4. Request for allotment of grants funded with G.O. bonds shall be made only after the recipient organization has obtained commitments from all other funding sources for the project.
 5. State funds will be disbursed to the private organization by DAGS warrant vouchers from expending agencies, with supporting documentation of work completed.
 6. The expending agency shall monitor compliance with Chapter 42F, HRS, and the public purpose and legislative intent of the grant.
- i. Pursuant to **Section 123** of Act 178, SLH 2005, expenditures for CIPs to cope with natural disasters or other unforeseen emergencies shall be made only with a formal declaration of a natural disaster or emergency by the Governor.
