

# 1 Gigabit symmetric to all of Hawaii by 2018

— HAWAII BROADBAND INITIATIVE —

## A Symposium to Build Best Practices for policy leaders and stakeholders

to be presented at the Broadband Assistance Advisory Council

January 12th, 2012 from 10 a.m. – 12 p.m.

State Capitol, Room 423

**This symposium will explore approaches to broadband deployment and use to help us meet the goal of HBI, from now until 2018**

### SPEAKERS:

**Louis Zacharilla**, Intelligent Community Forum

**Jane Smith Patterson** of e-NC Authority

**Scot Rourke**, OneCommunity

The aim is not to have one voice as an authority of how Hawaii will move forward with the initiative, but instead to present a variety of tangible working models that all members of the community can use as tools in creating Hawaii's own method of deployment.

### Who should attend:

- Any individual interested in Hawaii's global connectivity
- Community members with interest in the Hawaii Broadband Initiative
- Policymakers involved in technology and business development
- Members of local, state, and national government with an interest in HBI
- Members of the DoD interested in HBI
- Local companies interested in participating in the global economy

In cooperation with the Broadband Assistance Advisory Council
