8. Feature: The good, service, or construction has the following unique features, characteristics, or capabilities:

   DCCA has an existing contract with Hawaii Public Television Foundation, dba PBS Hawaii, which is the non-commercial public television station (KHET) that broadcasts statewide. PBS Hawaii broadcasts PBS programming that is an important resource for the people of the State. PBS Hawaii is a member of PBS and is the only PBS member station in the State. PBS is an organization of more than 300 independent public broadcasting stations that share financial and technical resources to provide a nationwide satellite-delivered programming service. PBS provides TV programming and related services to its noncommercial member stations including PBS Hawaii. PBS membership is limited and is not available to any applicant that will duplicate the service provided by an existing PBS member station. As a PBS member, PBS Hawaii has access to the programs that are distributed as part of the PBS National Program Service (NPS) and may receive cash distributions or other benefits accruing from PBS's activities. The NPS provides affiliates with documentaries, arts, children's and news and public affairs programming, signature series like Frontline, American Experience, NOVA, Nature and American Masters, as well as a wide range of high-profile miniseries and specials. The NPS also distributes the PBS Ready To Learn Service, which provides hours of award-winning children's programming every day.

9. Essential features. How the unique features, characteristics, or capabilities are essential for the agency to accomplish its work:

   There are no other television stations in the State of Hawaii which are PBS members and have access to PBS programming. Under PBS policy, national PBS membership is limited, and membership would not be available to another television station which would duplicate services provided by PBS Hawaii. If DCCA were to go out to bid for these services and another television station were selected, DCCA would require the new contractor to carry the same national programming as PBS Hawaii. However, the new contractor would not be able to provide that programming since PBS Hawaii is sole PBS member entitled to use that programming in Hawaii.
11. Alternate source. The following other possible sources for the good, service, or construction were investigated but do not meet our needs because: n/a
