BEFORE THE PUBLIC UTILITIES COMMISSION

In the Matter of the Application of

HAWAI'I ELECTRIC LIGHT COMPANY, INC.  Docket No. 04-0060

For approval to commit funds in excess of
$500,000 for Item H0001048, Manini’owali Subdivision Phase 1, Installation of an Underground Distribution System; and for Waiver of Paragraph 2.3(g)(2) of General Order No. 7.

STIPULATED PROCEDURAL ORDER

On March 19, 2004, Hawaii Electric Light Company, Inc. (“HELCO”) filed an application for approval to commit funds in excess of $500,000 for Item H0001048, Manini’owali Subdivision Phase 1, Installation of an Underground Distribution System project. In the application, HELCO also requested a waiver (or temporary exemption) from Paragraph 2.3(g)(2) of General Order No. 7 to permit HELCO to commit funds for the project earlier than 60 days after the filing of the application.¹ HELCO served copies of the application on the Division of Consumer Advocacy of the Department of Commerce and Consumer Affairs (the “Consumer Advocate” or “CA”).

By Order No. 20883, filed March 31, 2004, the Commission granted HELCO’s request for a waiver from Paragraph 2.3(g)(2) of General Order No. 7. In addition, the

¹ The Consumer Advocate did not object to the waiver request but reserved its right to state its position on the merits of the application upon completion of its review of the application.
Commission directed HELCO and the Consumer Advocate to submit a stipulated procedural schedule for the Commission’s consideration and approval by April 30, 2004 (thirty days from the date of Order No. 20883).

HELCO and the Consumer Advocate have reached agreement on procedural matters and submit this Stipulated Procedural Order to the Commission, which is acceptable to the parties.

ACCORDINGLY, IT IS ORDERED that the following Schedule of Proceedings and procedures shall be utilized in this docket.

parties cannot resolve the differences by stipulation and the parties do not waive the right to a hearing, the parties shall propose a hearing schedule (including the filing of simultaneous post-hearing briefs) for Commission approval.

If HELCO determines that a Reply SOP is unnecessary, HELCO and the CA will notify the Commission that the proceeding is ready for decision making.

The parties acknowledge that under Section 2.3.g.2 of the Commission’s General Order No. 7, the Commission’s 90-day period to act upon the Application and render a Decision and Order expires on June 17, 2004. Given the schedule agreed to by the parties, HELCO requests an extension of the 90-day period for the Commission to act upon the Application until 20 days after HELCO provides notice that the proceeding is ready for decision making (and HELCO does not file a Reply SOP) or 20 days after HELCO files its Reply SOP. Such request is subject to Commission approval.

If the parties propose a hearing schedule (because there are substantial disagreements following the filing of the SOPs, and the parties cannot resolve the differences by stipulation and the parties do not waive the right to a hearing), HELCO requests an extension of the 90 day period for the Commission to act upon the Application until 45 days after the submittal of post-hearing briefs. Such request is subject to Commission approval.
II.

MISCELLANEOUS MATTERS TO FACILITATE AND EXPEDITE THE ORDERLY CONDUCT OF THESE PROCEEDINGS

A. Requests for Information

To the extent practical, HELCO and the Consumer Advocate will cooperate (1) by exchanging information requests and responses as they become available, and (2) by resolving questions regarding information requests and responses informally to attempt to work out problems with respect to understanding the scope or meaning of information requests, or with respect to the availability of information. If a party is unable to provide the information requested within the prescribed time period, it should so indicate to the inquiring party as soon as possible. The parties shall then endeavor to agree upon a later date for submission of the requested information.

In lieu of responses to information requests that would require the reproduction of voluminous documents or materials, the documents or materials may be made available for reasonable inspection and copying at a mutually agreeable designated location and time. In the event such information is available on computer diskette or other readily usable electronic medium, the party responding to the information request may make the diskette or such electronic medium available to the other party and the Commission.

A party shall not be required, in a response to an information request, to provide data that are already on file with the Commission or otherwise part of the public record, or that may be stipulated to pursuant to Part B, infra. The responding party shall, in lieu
of production of a document in the public record, include in its response to the
information request an identification of the document with reasonable specificity
sufficient to enable the requesting party to locate and copy the document. In addition, a
party shall not be required, in a response to an information request, to make
computations, compute ratios, reclassify, trend, calculate, or otherwise rework data
contained in its files or records.

A party may object to responding to an information request that it deems to be
irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the response
contains information claimed to be privileged or subject to protection (confidential
information). If a party claims that information requested is confidential, and withholds
production of all or a portion of such confidential information, the party shall: (1) provide
information reasonably sufficient to identify the confidential information withheld from
the response, without disclosing privileged or protected information; (2) state the basis for
withholding the confidential information (including, but not limited to, the specific
privilege applicable or protection claimed for the confidential information and the
specific harm that would befall the party if the information were disclosed); and (3) state
whether the party is willing to provide the confidential information pursuant to a
protective order governing this docket.

A party seeking production of documents notwithstanding a party’s claim of
confidentiality, may file a motion to compel production with the Commission.
B. Matters of Public Record

In order to provide a means to reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that HELCO has filed with the Commission, published decisions of this or other Commissions, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to electric utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.

From time to time, the parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.

C. Copies of Filings and Information Requests.

3. All pleadings, and other documents required to be filed with the Commission shall be filed at the office of the Commission in Honolulu within the time limit prescribed pursuant to Chapter 61, subchapter 2, section 6-61-15 of the Commission’s Rules of Practice and Procedure.

4. Copies of all filings, information requests and information request responses should be sent to the other parties by hand delivery or via facsimile. In addition, if available, all parties shall provide copies of their filings, information requests and information request responses to the other parties via diskette or e-mail in a standard electronic format that is readily available by the parties. The parties agree to use Word 97 or Word 2000 as the standard programming format for filings in this case. However, if workpapers, documentation, or exhibits attached to any filing are not readily available in an electronic format, a party shall not be required to convert such workpapers, documentation, or exhibits into an electronic format. Also, existing documents produced in response to requests need not be converted to Word 97/Word 2000 as long as the applicable format is identified. In the event a copy of a filing, information request or information request response is delivered to a party via diskette or e-mail, unless otherwise agreed to by such party, the same number of copies of such filing, information request or information request response must still be delivered to such party by hand.
delivery or via facsimile as provided in Parts C.1 and C.2 above.

D. Communications

Chapter 61, subchapter 3, section 6-61-29 of the Commission’s Rules of Practice and Procedure concerning ex parte communications is applicable to any communications between a party and the Commission. However, the parties may communicate with Commission counsel on matters of practice and procedure through their own counsel or designated official.

Communications between the parties should either be through counsel or through designated representatives. All pleadings, papers, and other documents filed in this proceeding shall be served on the opposing party. All motions, supporting memoranda, and the like shall also be served on opposing counsel.
E. General

These procedures are consistent with the orderly conduct of this docket.

Pursuant to Chapter 61, subchapter 3, section 6-61-37 of the Commission’s Rules of Practice and Procedure, this Stipulated Procedural Order shall control the subsequent courses of the proceedings, unless modified at or prior to the hearings to prevent manifest injustice.
