ORDER

I.

Background

VERIZON HAWAII INC. ("Verizon Hawaii") requests commission approval to include $651,433 in its rate base to replace the existing servers which house the Scaleable Automatic Location with Selective Routing Addition application for Hawaii's enhanced 911 system ("Proposed Project"). Verizon Hawaii makes its request in an application filed on March 17, 2004, under Hawaii Revised Statutes Chapter 269, as amended; Paragraph 2.3.d.2. of Public Utilities Commission General Order No. 8, Standards for Telephone Service in the State of Hawaii ("Paragraph 2.3.d.2"); and Hawaii Administrative Rules ("HAR") § 6-80-90.¹

¹No persons moved to intervene in this docket.
Verizon Hawaii served the DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, DIVISION OF CONSUMER ADVOCACY ("Consumer Advocate") with copies of its application.\(^2\)

The Consumer Advocate filed its preliminary statement of position ("SOP") on March 31, 2004, informing the commission that it: (1) has certain concerns with the proposed expenditure of funds and is currently unable to state its position on the merits of Verizon Hawaii's application; and (2) intends to issue information requests ("IRs") to aid in its review and investigation.

By Order No. 20889, filed on April 7, 2004, the commission required the Parties to meet informally to formulate and file for our review and approval a stipulated procedural order to govern the proceedings in this docket or, in the alternative, separate proposed procedural orders for our consideration and review within twenty (20) days of the date of the order. The Parties filed their proposed stipulated procedural order on April 20, 2004. Upon review, the commission

\(^2\)Prior to the filing of the application, Verizon Hawaii and the Consumer Advocate (collectively, "Parties") filed a proposed stipulated order requesting a waiver of the HAR § 6-80-90(b) requirement that telecommunications carriers submit proposed expenditures in excess of $500,000 for commission "review at least sixty [(60)] days before the commencement of construction or commitment for expenditures, whichever is earlier" on March 9, 2004 ("Stipulation"). The commission approved the Parties' Stipulation by issuing Stipulated Order No. 20851 on March 16, 2004, in this docket.
issued Stipulated Procedural Order No. 20931 on April 29, 2004 ("Procedural Order No. 20931").

The Consumer Advocate filed its SOP on the matters of this docket on June 2, 2004, informing us that it does not object to the approval of Verizon Hawaii’s request to expend the funds as set forth in its application.¹

II.

Suspension

Under HAR § 6-80-90(b) and Paragraph 2.3.d.2., the commission is required to act on Verizon Hawaii’s capital improvement application within ninety (90) days from the filing of the application. Non-action on this matter by the commission within the prescribed time allows Verizon Hawaii to include the expenditure of funds for the Proposed Project into its rate base without a determination from the commission. The deadline for the commission to act on the application in this docket is on or about June 14, 2004.

¹On May 11, 2004, the Parties filed a proposed stipulated protective order for the commission’s review and approval. The commission issued Protective Order No. 20991 on May 19, 2004.

Since the commission's deadline to act is approaching, we find good cause to suspend Verizon Hawaii's application in this docket. The additional time will provide the commission with the necessary time to thoroughly review all of the various matters of this docket and make its determinations.

III.
Orders

THE COMMISSION ORDERS that Verizon Hawaii's application, filed on March 17, 2004, is suspended until further order of the commission.

DONE at Honolulu, Hawaii this 14th day of June, 2004.
