ORDER

I.

Introduction

On May 14, 2004, HAWAIIAN ELECTRIC COMPANY, INC. ("HECO") filed an application for approval to commit funds in excess of $500,000 for Items P0000658, the Waiau 9 exhaust duct replacement project. Applicant seeks approval pursuant to General Order No. 7, Standards for Electric Utility Service in the State of Hawaii, to commit funds for and to commence construction that is expected to cost in excess of $500,000.

On July 12, 2004, HECO and the Consumer Advocate (collectively, "Parties") filed their Proposed Stipulated Procedural Order for commission review and approval.

Upon review, the commission will approve the Parties' Proposed Stipulated Procedural Order, and incorporate it as part of this order, attached hereto as Exhibit 1, subject to one modification to the Proposed Stipulated Scheduling Order, as described below.
On page 3 of the Proposed Stipulated Procedural Order, the Parties acknowledge that under Section 2.3.g.2 of the commission’s General Order No. 7, the commission’s 90-day period to act upon the Application and render a Decision and Order is August 12, 2004. However, given the schedule agreed to by the Parties, HECO requests an extension of the 90-day period for the commission to act upon the Application until 20 days after either: (1) HECO provides notice that the proceeding is ready for decision making (and HECO does not file a Reply Statement of Position (“SOP”)) or (2) HECO files a Reply SOP. The commission will modify this section by placing a 30-day instead of a 20-day deadline to act upon the Application.

II.

Orders

THE COMMISSION ORDERS that the Parties’ Proposed Stipulated Procedural Order, filed on July 12, 2004, is approved and incorporated as part of this order (attached hereto as Exhibit 1), subject to one modification described above.

HAWAIIAN ELECTRIC COMPANY, INC. Docket No. 04-0109
for approval to commit funds in excess of
$500,000 for Item P0000658, the Waiau 9
Exhaust Duct Replacement project.

STIPULATED PROCEDURAL ORDER

On May 14, 2004, Hawaiian Electric Company, Inc. ("HECO") filed an
application for approval to commit funds in excess of $500,000 for Item P0000658, the
Waiau 9 Exhaust Duct Replacement project. HECO served copies of the application on
the Division of Consumer Advocacy of the Department of Commerce and Consumer
Affairs (the "Consumer Advocate" or "CA").

By Order No. 21065, filed June 17, 2004, the Commission directed HECO and the
Consumer Advocate to submit a stipulated procedural schedule for the Commission’s
consideration and approval by June 28, 2004 (ten days from the date of Order No.
21065).¹

HECO and the Consumer Advocate have reached agreement on procedural matters
and submit this Stipulated Procedural Order to the Commission, which is acceptable to
the parties.

¹ Ten days from June 17, 2004 is Sunday, June 27, 2004. The next business day is Monday, June 28, 2004.
ACCORDINGLY, IT IS ORDERED that the following Schedule of Proceedings and procedures shall be utilized in this docket.

I.

STATEMENT OF THE ISSUES

The issues in this docket are:

1. Is HECO's proposed action to replace the Waiau 9 Exhaust Duct reasonable?

2. Are the estimated project costs reasonable?

parties cannot resolve the differences by stipulation and the parties do not waive the right to a hearing, the parties shall propose a hearing schedule (including the filing of simultaneous post-hearing briefs) for Commission approval.

If HECO determines that a Reply SOP is unnecessary, HECO and the CA will notify the Commission that the proceeding is ready for decision making.

The parties acknowledge that under Section 2.3.g.2 of the Commission’s General Order No. 7, the Commission’s 90-day period to act upon the Application and render a Decision and Order expires on August 12, 2004. Given the schedule agreed to by the parties, HECO requests an extension of the 90-day period for the Commission to act upon the Application until 20 days after HECO provides notice that the proceeding is ready for decision making (and HECO does not file a Reply SOP) or 20 days after HECO files its Reply SOP. Such request is subject to Commission approval.

If the parties propose a hearing schedule (because there are substantial disagreements following the filing of the SOPs, and the parties cannot resolve the differences by stipulation and the parties do not waive the right to a hearing), HECO requests an extension of the 90 day period for the Commission to act upon the Application until 45 days after the submittal of post-hearing briefs. Such request is subject to Commission approval.
III.

MISCELLANEOUS MATTERS TO FACILITATE
AND EXPEDITE THE ORDERLY CONDUCT OF
THESE PROCEEDINGS

A. Requests for Information

To the extent practical, HECO and the Consumer Advocate will cooperate (1) by exchanging information requests and responses as they become available, and (2) by resolving questions regarding information requests and responses informally to attempt to work out problems with respect to understanding the scope or meaning of information requests, or with respect to the availability of information. If a party is unable to provide the information requested within the prescribed time period, it should so indicate to the inquiring party as soon as possible. The parties shall then endeavor to agree upon a later date for submission of the requested information.

In lieu of responses to information requests that would require the reproduction of voluminous documents or materials, the documents or materials may be made available for reasonable inspection and copying at a mutually agreeable designated location and time. In the event such information is available on computer diskette or other readily usable electronic medium, the party responding to the information request may make the diskette or such electronic medium available to the other party and the Commission.

A party shall not be required, in a response to an information request, to provide data that are already on file with the Commission or otherwise part of the public record, or that may be stipulated to pursuant to Part B, infra. The responding party shall, in lieu
of production of a document in the public record, include in its response to the
information request an identification of the document with reasonable specificity
sufficient to enable the requesting party to locate and copy the document. In addition, a
party shall not be required, in a response to an information request, to make
computations, compute ratios, reclassify, trend, calculate, or otherwise rework data
contained in its files or records.

A party may object to responding to an information request that it deems to be
irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the response
contains information claimed to be privileged or subject to protection (confidential
information). If a party claims that information requested is confidential, and withholds
production of all or a portion of such confidential information, the party shall: (1) provide
information reasonably sufficient to identify the confidential information withheld from
the response, without disclosing privileged or protected information; (2) state the basis for
withholding the confidential information (including, but not limited to, the specific
privilege applicable or protection claimed for the confidential information and the
specific harm that would befall the party if the information were disclosed); and (3) state
whether the party is willing to provide the confidential information pursuant to a
protective order governing this docket.

A party seeking production of documents notwithstanding a party’s claim of
confidentiality, may file a motion to compel production with the Commission.
B. **Matters of Public Record**

In order to provide a means to reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that HECO has filed with the Commission, published decisions of this or other Commissions, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to electric utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.

From time to time, the parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.

3. All pleadings, and other documents required to be filed with the Commission shall be filed at the office of the Commission in Honolulu within the time limit prescribed pursuant to Chapter 61, subchapter 2, section 6-61-15 of the Commission’s Rules of Practice and Procedure.

4. Copies of all filings, information requests and information request responses should be sent to the other parties by hand delivery or via facsimile. In addition, if available, all parties shall provide copies of their filings, information requests and information request responses to the other parties via diskette or e-mail in a standard electronic format that is readily available by the parties. The parties agree to use Word 97 or Word 2000 as the standard programming format for filings in this case. However, if workpapers, documentation, or exhibits attached to any filing are not readily available in an electronic format, a party shall not be required to convert such workpapers, documentation, or exhibits into an electronic format. Also, existing documents produced in response to requests need not be converted to Word 97/Word 2000 as long as the applicable format is identified. In the event a copy of a filing, information request or information request response is delivered to a party via diskette or e-mail, unless otherwise agreed to by such party, the same number of copies of such filing, information request or information request response must still be delivered to such party by hand.
delivery or via facsimile as provided in Parts C.1 and C.2 above.

D. Communications

Chapter 61, subchapter 3, section 6-61-29 of the Commission’s Rules of Practice and Procedure concerning ex parte communications is applicable to any communications between a party and the Commission. However, the parties may communicate with Commission counsel on matters of practice and procedure through their own counsel or designated official.

Communications between the parties should either be through counsel or through designated representatives. All pleadings, papers, and other documents filed in this proceeding shall be served on the opposing party. All motions, supporting memoranda, and the like shall also be served on opposing counsel.
E. General

These procedures are consistent with the orderly conduct of this docket.

Pursuant to Chapter 61, subchapter 3, section 6-61-37 of the Commission’s Rules of Practice and Procedure, this Stipulated Procedural Order shall control the subsequent courses of the proceedings, unless modified at or prior to the hearings to prevent manifest injustice.
