BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF HAWAII

In the Matter of the Application of

HAWAIIAN ELECTRIC COMPANY, INC.

For Approval of Amendments No. 5 and No. 6 to the Power Purchase Agreement Between Hawaiian Electric Company, Inc. and Kalaeloa Partners,

ORDER

The commission approves, with modification, the Proposed Stipulated Procedural Order ("Proposed Order") jointly submitted by HAWAIIAN ELECTRIC COMPANY, INC. ("HECO") and the Department of Commerce and Consumer Affairs, Division of Consumer Advocacy (collectively, the "Parties"), on January 18, 2005.

HECO purchases capacity and energy supplied by KALAELOA PARTNERS, L.P.'s low sulfur residual oil fired combined cycle cogeneration facility located at Kalaeloa, Ewa District, Oahu, pursuant to a Power Purchase Agreement ("PPA"), as amended (the "Amended PPA"). The Amended PPA presently consists of the commission-approved initial PPA and four (4) amendments thereto.

HECO seeks the commission's approval of various matters related to Amendments No. 5 and No. 6 (both dated order No. 21572).
October 12, 2004) of the Amended PPA.² HECO makes its request pursuant to Hawaii Administrative Rules ("HAR") § 6-60-6(2).³

On January 18, 2005, the Parties jointly submitted their Proposed Order, in compliance with Order No. 21468, filed on November 17, 2004. Pages 2 - 3 of the Proposed Order states in part:

If there are substantial disagreements following the filing of the [Statements of Position] SOPs, and the parties cannot resolve the differences by stipulation and the parties do not waive the right to a hearing, the parties shall propose a hearing schedule (including the filing of simultaneous post-hearing briefs) for Commission approval.

HECO filed its Application pursuant to HAR § 6-60-6(2). A hearing on HECO's Application is not required by law. Rather, a hearing, if any, is subject to the commission's discretion. Accordingly, the commission approves the Proposed Order, attached hereto as Exhibit 1, as modified by removing the "and the parties do not waive the right to a hearing" language from pages 2 - 3 of the Proposed Order.

THE COMMISSION ORDERS that the Parties' Proposed Stipulated Procedural Order, submitted on January 18, 2005 and

²HECO's Application, Verification, Exhibits A, B, and C, and Certificate of Service, filed on November 5, 2004 (collectively, the "Application").

³HAR § 6-60-6(2) provides:

No changes in fuel and purchased energy costs may be included in the fuel adjustment clause unless the contracts or prices for the purchase of such fuel or energy have been previously approved or filed with the commission.
attached hereto as Exhibit 1, is approved as modified. Pages 2 - 3 of the Procedural Order is modified to read as follows:

If there are substantial disagreements following the filing of the [Statements of Position] SOPs, and the parties cannot resolve the differences by stipulation, the parties shall propose a hearing schedule (including the filing of simultaneous post-hearing briefs) for Commission approval.

In all other respects, unless ordered otherwise by the commission, this Stipulated Procedural Order, as modified, remains unchanged.

MISCELLANEOUS MATTERS TO FACILITATE AND EXPEDITE THE ORDERLY CONDUCT OF THESE PROCEEDINGS

A. Requests for Information

To the extent practical, HECO and the Consumer Advocate will cooperate (1) by exchanging information requests and responses as they become available, and (2) by resolving questions regarding information requests and responses informally to attempt to work out problems with respect to understanding the scope or meaning of information requests, or with respect to the availability of information. If a party is unable to provide the information requested within the prescribed time period, it should so indicate to the inquiring party as soon as possible. The parties shall then endeavor to agree upon a later date for submission of the requested information.

In lieu of responses to information requests that would require the reproduction of

\(^2\) Whenever possible, the parties will provide copies of documents on diskette upon request.
voluminous documents or materials, the documents or materials may be made available for reasonable inspection and copying at a mutually agreeable designated location and time. In the event such information is available on computer diskette or other readily usable electronic medium, the party responding to the information request may make the diskette or such electronic medium available to the other party and the Commission.

A party shall not be required, in a response to an information request, to provide data that are already on file with the Commission or otherwise part of the public record, or that may be stipulated to pursuant to Part B, infra. The responding party shall, in lieu of production of a document in the public record, include in its response to the information request an identification of the document with reasonable specificity sufficient to enable the requesting party to locate and copy the document. In addition, a party shall not be required, in a response to an information request, to make computations, compute ratios, reclassify, trend, calculate, or otherwise rework data contained in its files or records.

A party may object to responding to an information request that it deems to be irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the response contains information claimed to be privileged or subject to protection (confidential information). If a party claims that information requested is confidential, and withholds production of all or a portion of such confidential information, the party shall: (1) provide

information reasonably sufficient to identify the confidential information withheld from the response, without disclosing privileged or protected information; (2) state the basis for withholding the confidential information (including, but not limited to, the specific privilege applicable or protection claimed for the confidential information and the specific harm that would befall the party if the information were disclosed); and (3) state whether the party is willing to provide the confidential information pursuant to a protective order governing this docket.

A party seeking production of documents notwithstanding a party's claim of confidentiality, may file a motion to compel production with the Commission.

B. Matters of Public Record

In order to provide a means to reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that HECO has filed with the Commission, published decisions of this or other Commissions, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to electric utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the
identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.

From time to time, the parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.

C. Copies of Filings and Information Requests.

4. Copies of all filings, information requests and information request responses should be sent to the other parties by hand delivery or via facsimile. In addition, if available, all parties shall provide copies of their filings, information requests and information request responses to the other parties via diskette or e-mail in a standard electronic format that is readily available by the parties. The parties agree to use Word
97, Word 2000, or Word 2003 as the standard programming format for filings in this case. However, if workpapers, documentation, or exhibits attached to any filing are not readily available in an electronic format, a party shall not be required to convert such workpapers, documentation, or exhibits into an electronic format. Also, existing documents produced in response to requests need not be converted to Word 97/Word 2000/Word 2003 as long as the applicable format is identified. In the event a copy of a filing, information request or information request response is delivered to a party via diskette or e-mail, unless otherwise agreed to by such party, the same number of copies of such filing, information request or information request response must still be delivered to such party by hand delivery or via facsimile as provided in Parts C.1 and C.2 above.

D. Communications

Chapter 61, subchapter 3, section 6-61-29 of the Commission’s Rules of Practice and Procedure concerning ex parte communications is applicable to any communications between a party and the Commission. However, the parties may communicate with Commission counsel on matters of practice and procedure through their own counsel or designated official.

Communications between the parties should either be through counsel or through designated representatives. All pleadings, papers, and other documents filed in this proceeding shall be served on the opposing party. All motions, supporting memoranda, and the like shall also be served on opposing counsel.
E. **General**

These procedures are consistent with the orderly conduct of this docket.

Pursuant to Chapter 61, subchapter 3, section 6-61-37 of the Commission's Rules of Practice and Procedure, this Stipulated Procedural Order shall control the subsequent courses of the proceedings, unless modified at or prior to the hearings to prevent manifest injustice.
