Docket No. 2006-0402 Order No. 23243

ORDER

By this Order, the commission grants THE GAS COMPANY, LLC's ("TGC") request for clarification and amends ordering paragraph no. 3 of Decision and Order No. 23174, filed on December 29, 2006 ("Decision and Order No. 23174"), as set forth herein.

I.

Request for Clarification

On October 6, 2006, TGC filed an application seeking commission authorization to commit funds in excess of \$500,000 to implement the first phase of a federally mandated, multi-year, pipeline integrity management program applicable to TGC's synthetic natural gas transmission system ("Application").

¹TGC served copies of the Application on the DIVISION OF CONSUMER ADVOCACY, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, an <u>ex officio</u> party to this docket, pursuant to Hawaii Revised Statutes ("HRS") § 269-51 and Hawaii Administrative Rules ("HAR")

By Decision and Order No. 23174, the commission approved the Application, with certain regulatory conditions. Among other things, in ordering paragraph no. 3 of the decision and order, the commission stated that "TGC shall file copies of . . . the semi-annual performance reports required by 49 CFR § 192.945 with the commission and the Consumer Advocate ("Ordering Paragraph No. 3").

On January 18, 2007, TGC filed a letter requesting 3 clarification of Ordering Paragraph No. in Decision Order No. 23174 ("Request for Clarification"). TGC informs the since the commission issued commission that Decision and Order No. 23174, it has come to TGC's attention that semi-annual performance reports ("Performance Reports") referenced in Ordering Paragraph No. 3 are compiled published annually for public review by the United States Department of Transportation's Office of Pipeline Safety ("OPS"). Accordingly, TGC requests clarification from the commission as to whether the availability of the semi-annual report compilations on-line is sufficient to demonstrate TGC's compliance with Ordering Paragraph No. 3. TGC represents that in light of information regarding the public availability of the the Performance Reports, the Consumer Advocate "does not want or need TGC either to file hard copies of its semiannual performance reports as they are electronically filed with OPS, or to send

^{§ 6-61-62.} No persons moved to intervene or participate in this proceeding.

email links to the TGC-specific report compilation when it is published by OPS."2

Having reviewed TGC's Request for Clarification, the commission finds that clarification of Ordering Paragraph No. 3 of Decision and Order No. 23174 is warranted. The commission notes that the Consumer Advocate recommended that copies of the Performance Reports be filed with the commission and the Consumer Advocate to aid in their review of TGC's compliance with OPS standards.3 The availability of the Performance Reports review the OPS website for public meets the the requirement set forth in Ordering Paragraph No. of Accordingly, the commission finds it reasonable to grant TGC's Request for Clarification and amend Ordering Paragraph No. 3 to read as follows:

3. TGC shall file copies of its initial PIM Plan and the semi-annual performance reports required by 49 CFR § 192.945 with the commission and the Consumer Advocate, unless they are publicly available online at the website of the United States Department of Transportation's Office of Pipeline Safety.

II.
