ORDER

By this Order, the commission approves with modifications the proposed Stipulated Procedural Order submitted by MILLER AND LIEB WATER COMPANY, INC. ("Miller & Lieb") and the DIVISION OF CONSUMER ADVOCACY, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS ("Consumer Advocate")¹ on January 8, 2007.

I.

Background

On November 8, 2006, Miller & Lieb filed its application for commission approval of, among other things, a general rate increase of $392,987, or approximately 123.9% over revenues at present rates, pursuant to HRS § 269-16. The requested increase is based on an estimated total revenue

¹The Consumer Advocate is an ex officio party to this proceeding pursuant to Hawaii Revised Statutes ("HRS") § 269-51 and Hawaii Administrative Rules ("HAR")§ 6-61-62. Miller & Lieb and the Consumer Advocate are hereafter collectively referred to as the "Parties."
requirement of $710,147 for its 2007 calendar test year, and a
proposed rate of return of 9.5%.

II.

Stipulated Procedural Order (as Modified)

By Order No. 23134, issued on December 13, 2006, the
commission required the Parties to submit a stipulated procedural
order for the commission’s review and approval. The Parties
timely filed their proposed Stipulated Procedural Order on
January 8, 2007, pursuant to Order No. 23134.

Upon review, the commission will approve the Parties’
proposed Stipulated Procedural Order to govern the proceedings in
this docket, with modifications. In particular, the commission
will amend Section I, Statement of the Issues, by inserting a
second issue (“Issue No. 2”) to read as follows:

Should the proposed financing and mortgaging
of certain water system improvements,
including the drilling and outfitting of a
new water production well and pump and
associated storage facilities be approved
under Hawaii Revised Statutes §§ 269-17 and
269-19?

Further, the commission will modify Exhibit A, the
Parties’ Stipulated Regulatory Schedule, by amending the three
(3) notations (designated with asterisks) set forth in the
exhibit as detailed below:

1. The first notation of the Stipulated Regulatory
Schedule is amended to clarify that in the event intervention is
granted in this proceeding, “the six-month period shall not apply
and the commission shall make every effort to complete its
deliberations and issue its decision within the nine-month period from the date the public utility's completed application was filed, pursuant to [HRS § 269-16] subsections (b), (c), and (d)." HRS § 269-16(f)(3).

2. The second notation to the proposed Stipulated Regulatory Schedule states that the Parties reserve the right to engage in settlement discussions "at any time" on any or all disputed issues. On this matter, the commission amends the proposed Stipulated Regulatory Schedule to set a deadline of March 30, 2007, for the Parties to submit any settlement agreement to the commission.

3. The third notation to the proposed Stipulated Regulatory Schedule provides that by May 8, 2007, the six-month deadline governing the commission's issuance of its proposed decision and order, "... MLW and the Consumer Advocate will notify the Commission whether they object or do not accept all or any part of the proposed decision and order in accordance with HRS § 269-16(f), as amended." For clarity, the commission amends this notation to specify that following the issuance of the proposed decision and order, the Parties, as instructed by the commission, will notify the commission whether they object or do not accept all or any part of the proposed decision and order in accordance with HRS § 269-16(f)(c).

Based on the above, the Parties' Stipulated Regulatory Schedule, attached as Exhibit A to their proposed Stipulated Procedural Order, is amended as follows:
## EXHIBIT "A"
### STIPULATED REGULATORY SCHEDULE

*The above Stipulated Regulatory schedule assumes that the Commission does not permit a person to intervene in this proceeding. In the event a person is permitted to intervene, an amended Stipulated Regulatory Schedule will be filed with the Commission by all applicable parties either individually or collectively for Commission review and approval to assist the Commission to complete its deliberations and issue a decision and order in accordance with Hawaii Revised Statutes ("HRS") § [269-16(f), as amended.] 269-16(f)(3), which states in relevant part that "[i]f the commission permits a person to intervene, the six-month period shall not apply and the commission shall make every effort to complete its deliberations and issue its decision within the nine-month period from the date the public utility's completed application was filed, pursuant to subsections (b), (c), and (d)."

If any portion of the proposed decision and order is objected to or not accepted by either MLW or the Consumer Advocate, an extended Stipulated Regulatory Schedule (which may or may not include a contested
case hearing) will then be filed with the Commission by MLW and the Consumer Advocate either individually or together for Commission review and approval to assist the Commission to complete its deliberations and issue a decision and order in accordance with HRS § 269-16(d).

STIPULATION FOR PROCEDURAL ORDER

MILLER AND LIEB WATER COMPANY, INC. ("Miller and Lieb"), a Hawaii corporation, and the DIVISION OF CONSUMER ADVOCACY, DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS (the "Consumer Advocate"), by and through their respective attorneys, do hereby stipulate to the following provisions of this Stipulated Procedural Order as mutually acceptable to each.

ACCORDINGLY, IT IS ORDERED that the following Statement of Issues, Schedule of Proceedings, and procedures shall be utilized in this docket:

I.

STATEMENT OF THE ISSUES

The issues in this case are:

1. Is Miller and Lieb’s proposed rate increase reasonable?
   a. Are the proposed tariffs, rates and charges just and reasonable?
   b. Are the revenue forecasts for Test Year ending December 31, 2007 ("Test Year") at present rates and proposed rates reasonable?
c. Are the projected operating expenses for the Test Year reasonable?

d. Is the projected rate base for the Test Year reasonable, and are the properties included in the rate base used or useful for public utility purposes?

e. Is the rate of return requested fair?

II. SCHEDULE OF PROCEEDINGS

The parties shall adhere to the schedule of proceedings set forth in the Stipulated Regulatory Schedule attached hereto as Exhibit "A." Notwithstanding the above, the parties may amend the Stipulated Regulatory Schedule as may be agreed in writing from time to time; provided that the requesting party or parties receive the commission’s approval in accordance with Hawaii Administrative Rules (“HAR”) § 6-61-23, to the extent applicable. However, the intent of the parties in agreeing to a schedule at this time is to promote the efficient and cost-effective allocation of resources. Therefore, any changes to the schedule should be proposed only when there is an urgency or substantial competing need that cannot be reasonably accommodated without a change.

III. REQUESTS FOR INFORMATION

A party to this proceeding may submit information requests to another party within the time schedule specified in this Stipulated Procedural Order. If a party is unable to provide the information requested within the prescribed time period, it should so indicate to the inquiring party as soon as possible. The parties shall then endeavor
to agree upon a later date for submission of the requested information. If the parties are unable to agree, the inquiring party may seek approval from the Commission and make a showing of good cause. It is then within the Commission's discretion to allow additional information requests.

In lieu of responses to information requests that would require the reproduction of voluminous documents or materials (e.g. documents over 50 pages), the documents or materials may be made available for reasonable inspection and copying at a mutually agreeable designated location and time. In the event such information is available on computer diskette or compact disc, the party responding to the information request may make the diskette or compact disc available to the other party and the Commission. A party shall not be required, in a response to an information request, to provide data that is/are already on file with the Commission or otherwise part of the public record, or that may be stipulated to pursuant to Part V, infra. The responding party shall, in lieu of production of a document in the public record, include in its response to the information request an identification of the document with reasonable specificity sufficient to enable the requesting party to locate and copy the document. In addition, a party shall not be required, in a response to an information request, to make computations, compute ratios, reclassify, trend, calculate, or otherwise rework data contained in its files or records.

A party may object to responding to an information request that it deems to be irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the response contains information claimed to be privileged or subject to protection (confidential information). If a party claims that information requested is confidential, and withholds production of all or a portion of such confidential information, the party
shall: (1) provide information reasonably sufficient to identify the confidential
information withheld from the response, without disclosing privileged or protected
information; (2) state the basis for withholding the confidential information (including, but
not limited to, the specific privilege applicable or protection claimed for the confidential
information and the specific harm that would befall the party if the information were
disclosed); and (3) state whether the party is willing to provide the confidential
information pursuant to the protective order governing this docket.

A party seeking production of documents notwithstanding a party's claim of
confidentiality, may file a motion to compel production with the Commission.

The responses of each party to information requests shall adhere to a uniform
system of numbering agreed upon by the parties. For example, the first information
request submitted by the Consumer Advocate in this docket shall be referred to and
designated as "CA-IR-1," and a response to this information request shall be referred to
and designated as "Response to CA-IR-1."

Each response shall be provided on a separate page and shall recite the entire
question asked and set forth the response and/or reference the attached responsive
document, indicating the name of the respondent for each response.

IV.

FORM OF PREPARED TESTIMONY

All prepared testimony, including text and exhibits, shall be prepared in written
form on 8-1/2" x 11" paper with line numbers, and shall be served on the dates
designated in the Schedule of Proceedings.

Each party shall be permitted to follow its own numbering system for written
testimony and exhibits, provided that the numbering system utilized is consistent and is
clearly understandable. Each document of more than one page shall be consecutively numbered. Each party shall prepare a list of its exhibits by exhibit numbers and titles.

The parties shall be permitted to make revisions to exhibits after the designated dates appearing in the Schedule of Proceedings. Revisions shall bear appropriate revision dates. However, revisions or additions that do more than correct typographical errors, update facts, or give numerical comparisons of the positions taken by the parties, shall not be submitted.

Generally, exhibits should include appropriate footnotes or narratives in the exhibits or the related testimony setting forth the sources of the information used and explaining the methods employed in making statistical compilations or estimates.

V.

MATTERS OF PUBLIC RECORD

To reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that Miller and Lieb has filed with the Commission, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.
From time to time, the parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.
