DOCKET NO. 2007-0078

DECISION AND ORDER NO. 23454

Filed May 22, 2007
At 9 o'clock A.M.

Chief Clerk of the Commission

ATTEST: A True Copy
KAREN HIGASHI
BY THIS DECISION AND ORDER, the commission grants TRANS NATIONAL COMMUNICATIONS INTERNATIONAL, INC. ("Applicant") a certificate of registration ("COR") to provide resold wireless telecommunications services in the State of Hawaii ("State").

I. Background

Applicant is a Delaware corporation with its principal place of business in Boston, Massachusetts. Applicant is authorized to transact business in the State of Hawaii as a foreign corporation.

A. Applicant's Request

On March 27, 2007, Applicant filed its application for a COR to operate as a provider of resold wireless telecommunications services in the State. Applicant utilized the

form application developed in In re Public Utilities Commission, Docket No. 03-0186, Order No. 21324, filed on August 27, 2004 ("Order No. 21324"), to make its request ("Official COR Form").

B. Consumer Advocate's Position

On April 13, 2007, the Consumer Advocate filed its Statement of Position informing the commission that it does not object to approval of Applicant's request. The Consumer Advocate, however, recommends that Applicant be required to maintain and promptly provide updated information regarding its service plans (with terms and conditions) and the appropriate contact information (i.e., designated carrier representative) upon the commission's, the Consumer Advocate's, or a consumer's request, and that such updated information be placed on the Applicant's website, if any.

II. Discussion

HRS § 269-7.5 prohibits a public utility from commencing business in the State without first obtaining a certificate of public convenience and necessity ("CPCN") from the commission.² HAR § 6-80-17(c) and (d) also state, in relevant part:

CONSUMER AFFAIRS ("Consumer Advocate"), an ex officio party to this docket pursuant to Hawaii Revised Statutes ("HRS") § 269-51 and Hawaii Administrative Rules ("HAR") § 6-61-62.

²On June 3, 1996, HAR Chapter 6-80 took effect. HAR Chapter 6-80, among other things, replaces the CPCN with a 2007-0078
(c) Any person, other than the incumbent telecommunications carrier, seeking to offer, initiate, or provide intrastate telecommunications service must apply in writing to the commission for a certificate of authority. The application must:

(1) Include information on the:

(A) Type of telecommunications service to be offered;
(B) Geographical scope of the carrier's proposed operation;
(C) Type of equipment to be employed in the service;
(D) Rates or charges proposed to be imposed and the regulations that will govern the proposed service; and
(E) Applicant's financial ability to render the proposed service, including a copy of the most recent audited financial statement and, if more than three months have elapsed since the date of the most recent audited financial statement, a current, unaudited financial statement; and

(2) Comply with all applicable commission orders and rules. The commission may reject any application that fails to meet any of these requirements or is otherwise incomplete.

(d) Where exempted by federal law from entry regulation by the State, a telecommunications carrier seeking to offer, initiate, or provide intrastate telecommunications service shall apply for a certificate of registration with the commission by complying with subsections (c)(1) (A) - (D) and (c)(2) only.

HAR § 6-80-17(c) and (d) (emphasis added).

Recognizing that the federal Omnibus Budget Reconciliation Act of 1993 preempted state and local governments

COR for telecommunications carriers providing CMRS, and establishes procedures for requesting and issuing a COR.

from regulating the entry of and the rates charged by providers
of CMRS, while expressly allowing states to regulate the other
terms and conditions of commercial mobile services, the
commission initiated Docket No. 03-0186 to investigate and
determine whether it is consistent with the public interest to
exempt CMRS providers and their services from any provisions of
HRS Chapter 269. On April 7, 2004, the commission issued
Decision and Order No. 20890 waiving various regulatory
requirements of HRS Chapter 269 and HAR Chapter 6-80 for any and
all CMRS providers in Hawaii, subject to certain applicable
conditions, limitations, and clarifications. On August 27, 2004,
the commission issued Order No. 21324 correcting certain clerical
errors of Decision and Order No. 20890 and adopting an official
application form for CMRS providers and cellular resellers, i.e.,
the Official COR Form.

Having reviewed the record, the commission finds
that Applicant has sufficiently satisfied the requirements of HAR
§ 6-80-17, to the extent such requirements were not waived in
accordance with Decision and Order No. 20890, as amended by
Order No. 21324. Consistent with Decision and Order No. 20890,
the commission also finds, at this time, that providing
appropriate regulatory flexibility to entities providing CMRS,

including wireless resellers promotes increased competition and investment in the State’s wireless telecommunications market.

Based on the foregoing, the commission concludes that Applicant should be granted a COR to provide resold wireless telecommunications services in the State. The commission also concludes that the Applicant should maintain and promptly provide updated information regarding its service plans (with terms and conditions) and the appropriate contact information (i.e., designated carrier representative) upon request by the commission, the Consumer Advocate, or a consumer, and that such updated information be placed on the Applicant’s website, if any.

Orders

1. Applicant is granted a COR to provide resold wireless telecommunications services in the State.

2. As a holder of a COR, Applicant shall be subject to all applicable provisions of HRS Chapter 269; HAR Chapters 6-80, 6-81, and 6-82; any other applicable State laws and commission rules; and any orders that the commission may issue from time to time.

3. Consistent with Decision and Order No. 20890, Applicant is not required to file tariffs in accordance with HAR §§ 6-80-39 and 6-80-40; provided that Applicant maintains and promptly provides updated information regarding its service plans (with terms and conditions) and the appropriate contact information (i.e., designated carrier representative) upon the commission’s, the Consumer Advocate’s, or a customer’s request.
Such updated information shall also be placed within a reasonable time period on Applicant's website, if any.

4. Within thirty (30) days from the date of this Decision and Order, Applicant shall pay a public utility fee of $60, pursuant to HRS § 269-30. The business check shall be made payable to the Hawaii Public Utilities Commission, and sent to the commission's office at 465 S. King Street, Room #103, Honolulu, HI, 96813.

5. Within thirty (30) days from the date of this Decision and Order, Applicant shall also pay a telecommunications relay service ("TRS") contribution of $10.00, established pursuant to: (A) Act 50, adopted on May 7, 2003 (codified as HRS § 269-16.6); and (B) Decision and Order No. 22536, filed on June 16, 2006, in Docket No. 2006-0126. The business check shall be made payable to "Hawaii TRS," and sent to the Hawaii TRS Administrator, Solix, Inc., 80 S. Jefferson Road, Whippany, NJ 07981. Written proof of payment shall be sent to the commission.

6. Failure to promptly comply with the requirements set forth in paragraphs 2 to 5, above, as applicable, may constitute cause to void this Decision and Order, and may result in further regulatory action, as authorized by law.
