ORDER AMENDING DECISION AND ORDER, FILED ON NOVEMBER 7, 2008

I.

By the commission's Decision and Order, filed on November 7, 2008, VOLCANO PACIFIC CONSTRUCTION SERVICES, LLC ("Applicant") was granted a certificate of public convenience and necessity to operate as a common carrier of property by motor vehicle over irregular routes on the island of Oahu in the general commodities classification.

On November 17, 2008, Applicant filed a letter stating that it wanted to amend its application to include the dump truck classification. Accordingly, we find good cause to grant Applicant's request to amend its application to include the dump truck classification.

Based upon our review of the record, the commission finds that Applicant is fit, willing, and able to properly perform as a common carrier in the dump truck classification, and to conform to HRS Chapter 271 and the requirements and rules of the commission. The commission also finds that the proposed service as a common carrier in the dump truck classification is

required by the present and future public convenience and necessity. Accordingly, the commission concludes that Applicant's request for operating authority in the dump truck classification should be granted.

II.

Orders

THE COMMISSION ORDERS:

1. Applicant's request to amend its application to include the dump truck classification is granted.
