ORDER APPROVING STIPULATED PROCEDURAL ORDER, AS MODIFIED

By this Order, the commission approves, with modifications, the proposed Stipulated Procedural Order submitted on March 6, 2009, by HAWAIIAN ELECTRIC COMPANY, INC. (“HECO”), HAWAII ELECTRIC LIGHT COMPANY, INC. (“HELCO”), MAUI ELECTRIC COMPANY, LIMITED (“MECO”),¹ the DEPARTMENT OF COMMERCE AND CONSUMER AFFAIRS, DIVISION OF CONSUMER ADVOCACY (“Consumer Advocate”), LIFE OF THE LAND (“LOL”), HAWAII RENEWABLE ENERGY ALLIANCE (“HREA”), and HAWAII SOLAR ENERGY ASSOCIATION (“HSEA”) (collectively, “Parties”).²

¹HECO, MECO and HELCO are collectively referred to as the “HECO Companies.”

²The proposed Stipulated Procedural Order is attached as Exhibit 1 to this Order.
I.

Stipulated Procedural Order

By their application filed on December 1, 2008, the HECO Companies request commission approval of the following:

(1) to commit capital funds in excess of $2,500,000 (estimated at $41,229,000 for HECO, $10,606,000 for MECO, and $13,190,000 for HELCO) for the Advanced Metering Infrastructure ("AMI") project as discussed in Section X;

(2) to defer certain computer software development costs (i.e., the "Stage 2" or "Application Development" costs, including the costs of designing, acquiring, installing and testing the computer software) for the Meter Data Management System ("MDMS") and accrue an allowance for funds used during construction ("AFUDC") during the deferral period (total deferred costs are estimated at $9,134,000 for HECO, $2,021,000 for MECO, and $2,385,000 for HELCO) described in Sections X and XI;

(3) to amortize the MDMS deferred costs (including AFUDC) over a 12-year period (or such other amortization period as the Commission finds to be reasonable), and to include the unamortized deferred costs (including AFUDC) in rate base, as is further explained in Sections X and XI;

(4) of cost recovery for ratemaking purposes of the remaining book value of its existing meters (that will be replaced with advanced meters) in the following manner for each of the Companies (discussed in Section XI):

(a) HECO - beginning with the receipt of the Commission's Decision and Order on a straight-line basis over a period of three years for HECO,

(b) MECO - beginning with the receipt of the Commission's Decision and Order on a straight-line basis and ending when MECO's meter installation begins, and

Application, Exhibits 1-28; Verification and Certificate of Service ("Application").
(c) HELCO - beginning with the receipt of the Commission's Decision and Order on a straight-line basis and ending when HELCO's meter installation begins;

(5) of cost recovery for ratemaking purposes of the capital costs associated with the purchase and installation of the new AMI meters over a seven-year period on a straight-line basis (discussed in Section XI);

(6) for immediate approval to begin installing, on a first-come, first-served basis, advanced meters for all customers that request them and to implement time-of-use ("TOU") rates on an interim basis for customers requesting the installation of advanced meters as discussed in Sections II and XII;

(7) for expedited approval of proposed Schedule TOU-R (Residential Time-of-Use) rates for HECO, HELCO, and MECO (all three divisions) and proposed Schedule TOU-G (Small Commercial Time-of-Use Service), Schedule TOU-J (Commercial Time-of-Use Service) and Schedule TOU-P (Large Power Time-of-Use Service) rates for HELCO and MECO (all three divisions) (described in Section XII);

(8) to recover all of the Companies' incremental cost associated with the AMI Project through the Renewable Energy Infrastructure Program ("REIP") surcharge ("REIP Surcharge") that is pending approval in Docket No. 2007-0416 or an AMI surcharge ("AMI Surcharge") mechanism approved by the Commission in this proceeding (discussed in Section XI);

(9) for approval of the Advanced Metering Infrastructure Equipment and Services Agreement ("Sensus Agreement") between the Hawaiian Electric Company, Inc. and Sensus Metering Systems, Inc. ("Sensus") including its terms and conditions and a finding that the arrangement is prudent and in the public interest, and a determination that the Companies may include all costs, fees and related taxes to be paid by the Companies pursuant to the Agreement in its revenue requirements for ratemaking purposes and for the purposes of determining the reasonableness of the Companies' rates (described in Exhibit 1 and discussed in Section VII); and
(10) for recovery of lease expenses (based on lease payments over the term of the agreement) for the Sensus-owned, two-way radio frequency network infrastructure ("AMI Network") (the AMI Network is described in Section VII and the lease expenses are discussed in Section XI).

Application, at 1-4.

By the Order Granting Intervention, filed on February 13, 2009, the commission approved intervenor status to LOL, HREA and HSEA. In that order, the commission also directed the Parties to file a stipulated procedural order setting forth the issues, procedures, and schedule to govern this proceeding by February 25, 2009. By letter filed February 25, 2009, the HECO Companies, on behalf of the Parties, requested an extension until March 6, 2009, to file a stipulated procedural order, which the commission grants by this Order.

On March 6, 2009, the Parties filed their proposed Stipulated Procedural Order for the commission's review and approval.

Upon review, the commission will adopt the Parties' Stipulated Procedural Order with certain modifications to the Stipulated Procedural Schedule set forth in Exhibit A. Due to scheduling concerns, the commission will set the Evidentiary Hearing in this docket for the week of September 28, 2009 rather than the week of September 7, 2009, as proposed. As a result, the commission will also move the dates for prehearing conference and opening and closing briefs.
The following schedule replaces Exhibit A to the HECO Companies' SPO and governs this proceeding unless otherwise ordered by the commission:

HAWAII ELECTRIC LIGHT COMPANY, INC.
MAUI ELECTRIC COMPANY, LIMITED

Docket No. 2008-0303

For Approval of the Advanced Meter Infrastructure
(AMI) Project and Request to Commit
Capital Funds, to Defer and Amortize
Software Development Costs, to Begin
Installation of Meters and Implement Time-Of-Use
Rates, for Approval of Accounting and Ratemaking
Treatment, and other matters.

STIPULATED PROCEDURAL ORDER

On December 1, 2008, Hawaiian Electric Company, Inc. ("HECO"), Hawaii
Electric Light Company, Inc. ("HELCO") and Maui Electric Company, Inc. ("MECO"),
collectively referred to herein as the "HECO Companies" or "Companies", filed an
application requesting Commission approval of the Advanced Metering Infrastructure
("AMI") project.

By Order Granting Intervention filed February 13, 2009 ("Order"), the
Commission granted the motions to intervene of Life of the Land ("LOL"), Hawaii
Renewable Energy Alliance ("HREA") and Hawaii Solar Energy Alliance ("HSEA"). The
HECO Companies, Consumer Advocate, LOL, HREA, and HSEA are collectively herein
referred to as "Parties."
The Order directed the Parties to file by February 25, 2009, a stipulated procedural order setting forth the issues, procedures, and schedule to govern this proceeding. If the Parties are unable to stipulate, each party shall file a proposed order for the Commission's review and consideration within the same deadline.

The Parties agree that the following provisions of this Stipulated Procedural Order are mutually acceptable to each. Accordingly, it is ordered that the following Statement of Issues, Schedule of Proceedings, and procedures shall be utilized in this docket.

I. STATEMENT OF THE ISSUES

The issues in this docket are:

1. Is the HECO Companies' proposal to implement the AMI project reasonable?

2. Are the estimated project costs reasonable?

3. Is the proposed accounting treatment of AMI project costs reasonable?

4. Is the proposed cost recovery of AMI project costs for ratemaking purposes reasonable?

5. Are the terms and conditions of the Sensus Agreement between HECO and Sensus Metering Systems, Inc. reasonable, prudent and in the public interest?

6. Are the proposed time of use rates reasonable?

II. SCHEDULE OF PROCEEDINGS

The Parties shall adhere to the schedule of proceedings set forth in the Stipulated Procedural Schedule attached hereto as Exhibit "A". Notwithstanding the above, the Parties may amend the Stipulated Procedural Schedule as may be agreed in writing.

1 The Order specified a filing date of February 25, 2008. The Parties assume that Order meant a filing date of February 25, 2009.
from time to time; provided that the requesting party or parties receive the
Commission’s approval in accordance with Hawaii Administrative Rules (“HAR”) §
6-61-23, to the extent applicable. However, the intent of the Parties in agreeing to a
schedule at this time is to promote the efficient and cost-effective allocation of
resources. Therefore, any changes to the schedule should be proposed only when
there is an urgency or substantial competing need that cannot be reasonably
accommodated without a change.

III. MISCELLANEOUS MATTERS TO FACILITATE AND EXPEDITE
THE ORDERLY CONDUCT OF THESE PROCEEDINGS

A. Requests for Information

A party to this proceeding may submit information requests to another party
within the time schedule specified in this Stipulated Procedural Order. To the extent
practical, the Parties will cooperate (1) by exchanging information requests and
responses as they become available, and (2) by resolving questions regarding
information requests and responses informally to attempt to work out problems with
respect to understanding the scope or meaning of information requests, or with respect
to the availability of information. If a party is unable to provide the information
requested within the prescribed time period, it should so indicate to the inquiring party
as soon as possible. The Parties shall then endeavor to agree upon a later date for
submission of the requested information. If the Parties are unable to agree, the
responding party may seek approval for the late submission from the Commission upon
a showing of good cause. It is then within the Commission’s discretion to approve or
disapprove such late filings and take any additional action that may be appropriate,
such as extending the date for the party to respond.
In lieu of responses to information requests that would require the reproduction of voluminous documents or materials (e.g., documents over 50 pages), the documents or materials may be made available for reasonable inspection and copying at a mutually agreeable designated location and time. In the event such information is available on computer diskette or other readily usable electronic medium, the party responding to the information request shall make the diskette or such electronic medium available to the other parties and the Commission. Subject to objections that may be raised and to the extent practicable, the electronic files for spreadsheets will contain all formulae intact, and will not be entirely converted to values prior to submission.

A party shall not be required, in a response to an information request, to provide data that is/are already on file with the Commission or otherwise part of the public record, or that may be stipulated to pursuant to Part B, infra. The responding party shall, in lieu of production of a document in the public record, include in its response to the information request an identification of the document with reasonable specificity sufficient to enable the requesting party to locate and copy the document. In addition, a party shall not be required, in a response to an information request, to make computations, compute ratios, reclassify, trend, calculate, or otherwise rework data contained in its files or records.

A party may object to responding to an information request that it deems to be irrelevant, immaterial, unduly burdensome, onerous or repetitious, or where the

---

2 As practical, each party will cooperate in making available documents that are already on file with the Commission or otherwise part of the public record and in reproducing (at reasonable charges), such public record documents as well as voluminous material referenced by such parties, designated by the requesting parties and/or making available one copy of the designated documents for loan for a reasonable period of time to be reproduced by the requesting party.
response contains information claimed to be privileged or subject to protection (confidential information). If a party claims that information requested is confidential, and withholds production of all or a portion of such confidential information, the party shall: (1) provide information reasonably sufficient to identify the confidential information withheld from the response, without disclosing privileged or protected information; (2) state the basis for withholding the confidential information (including, but not limited to, the specific privilege applicable or protection claimed for the confidential information and the specific harm that would befall the party if the information were disclosed); and (3) state whether the party is willing to provide the confidential information to some or all representatives of the party pursuant to a protective order governing this docket.

A party seeking production of documents notwithstanding a party's claim of confidentiality, may file a motion to compel production with the Commission.

The responses of each party to information requests shall adhere to a uniform system of numbering agreed upon by the Parties. For example, the first information request submitted by the Consumer Advocate in this docket shall be referred to and designated as “CA-IR-1,” and a response to this information request shall be referred to and designated as “Response to CA-IR-1.”

Each response shall be provided on a separate page and shall recite the entire question asked and set forth the response and/or reference the attached responsive document.
Generally, exhibits should include appropriate footnotes, or narratives inserted in the related testimony, setting forth the sources of the information used and explaining the methods employed in making statistical compilations or estimates.

B. **Matters of Public Record**

To reduce unnecessary reproduction of documents and to facilitate these proceedings, identified matters of public record, such as reports that HECO Companies have filed with the Commission, published decisions of this or other Commissions, published scientific or economic statistical data, material and textbooks, technical or industry journals relating to electric utility matters, and specified parts of the record in previous Commission dockets shall be admissible in this proceeding without the necessity of reproducing each document; provided that the document to be admitted is clearly identified by reference to the place of publication, file or docket number, and the identified document is available for inspection by the Commission and the Parties; and further provided that any party has the right to explain, qualify or conduct examination with respect to the identified document. The Commission can rule on whether the identified document can be admitted into evidence when a party proffers such document for admission as evidence in this case.

From time to time, the Parties may enter into stipulations that such documents, or any portion of such documents, may be introduced into evidence in this case.

C. **Copies of Testimony, Exhibits and Information Requests**

1. **Copies of Filings, Information Requests, Responses to Information Requests, Statement of Position:**

<table>
<thead>
<tr>
<th></th>
<th>Commission</th>
<th>HECO Companies</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Original + 8 copies</td>
<td>2 copies</td>
</tr>
</tbody>
</table>
2. All pleadings, briefs and other documents required to be filed with the Commission shall comply with the formatting requirements prescribed pursuant to Chapter 61, Subchapter 2, Section 6-61-16 of the Commission’s Rules of Practice and Procedure and shall be filed at the office of the Commission in Honolulu within the time limit prescribed pursuant to Chapter 61, Subchapter 2, Section 6-61-15 of the Commission’s Rules of Practice and Procedure.

3. Copies of all documents should be sent to the Parties by hand delivery or United States mail (first class, postage prepaid). The Parties stipulate and agree that service of documents between parties, other than documents designated as confidential pursuant to any protective order adopted in this proceeding, shall be served electronically via e-mail in a portable document format ("pdf") by 5:00 p.m. on the day due. The Parties agree to use Word 97, Word 2000, Word 2002, Word 2003, or later editions of Word readable by these versions as the standard programming format for filings in this case. The Parties also agree to submit any spreadsheets (e.g., used as workpapers or exhibits) in Microsoft Excel format. However, if workpapers, documentation, or exhibits attached to any filing are not readily available in an electronic format, a party shall not be required to convert such workpapers, documentation, or exhibits into an electronic format. Also, existing documents produced in response to requests need not be converted to Word 97, Word 2000, Word 2003 as long as the applicable format is identified.
D. **Communications**

Chapter 61, Subchapter 3, Section 6-61-29 of the Commission's Rules of Practice and Procedure concerning ex parte communications is applicable to any communications between a party and the Commission. However, the Parties may communicate with Commission counsel on matters of practice and procedure through their own counsel or designated official.

Communications between the Parties should either be through counsel or through designated representatives. All pleadings, papers, and other documents filed in this proceeding shall be served on the opposing party. All motions, supporting memoranda, and the like shall also be served on opposing counsel.

E. **General**

These procedures are consistent with the orderly conduct of this docket. Pursuant to Chapter 61, Subchapter 3, Section 6-61-37 of the Commission's Rules of Practice and Procedure, this Stipulated Procedural Order shall control the subsequent courses of the proceedings, unless modified at or prior to the hearing to prevent manifest injustice.

This Stipulated Procedural Order may be executed by the Parties in counterparts, each of which shall be deemed an original, and all of which taken together shall constitute one and the same instrument. The Parties may execute this Stipulated Procedural Order by facsimile for initial submission to the Commission to be followed by the filing of originals of said facsimile pages.
