## **I. INTRODUCTION**

The Medical Claims Conciliation Panel (“MCCP”) and the Design Professional Conciliation Panel (“DPCP”), are programs of the Department of Commerce and Consumer Affairs (“DCCA”), State of Hawai‘i. The MCCP was established by Act 219, 1976 Session Laws of Hawai‘i, Hawai‘i Revised Statutes (“HRS”) §671-11, and the DPCP was established by Act 228, 1981 Session Laws of Hawai‘i, HRS Chapter 672.

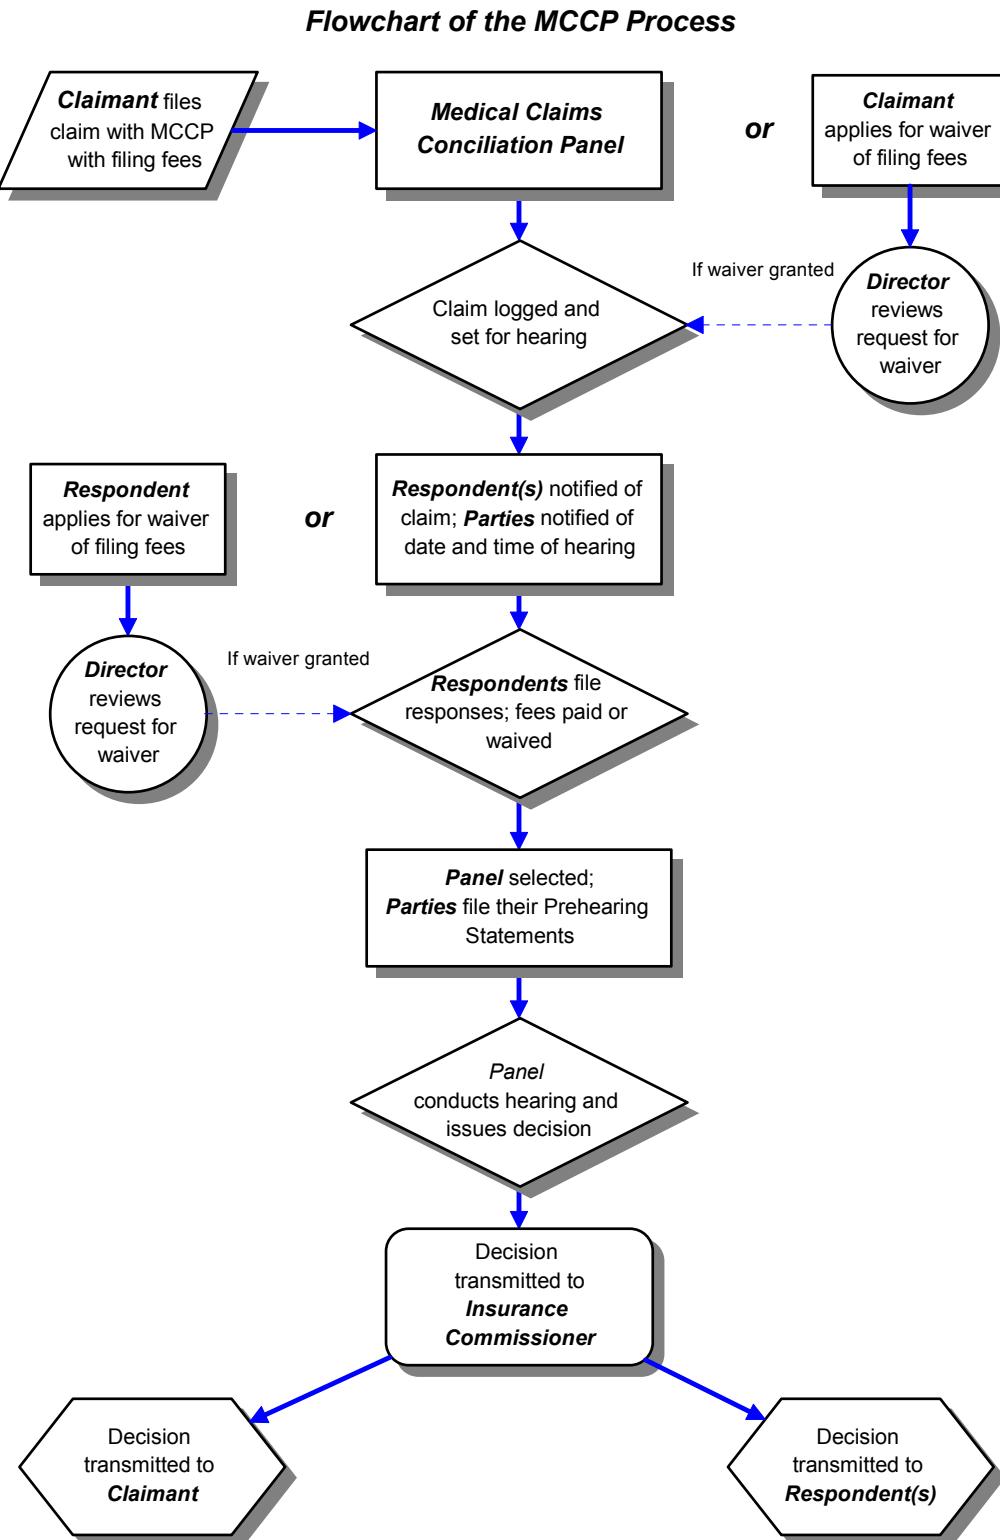

The MCCP and DPCP programs are responsible for conducting informal conciliation hearings on claims against health care providers and design professionals, respectively, before such claims can be filed as lawsuits. The Panels’ decisions are advisory in nature and are not binding on the parties, in the event that any party still wishes to pursue the matter via the courts.

The primary purpose of the MCCP and DPCP programs is achieved when the parties make conscientious and thorough presentations to the Panels. In such cases, the decisions rendered by the Panels provide the parties with fairly accurate advisory determinations of the relative merits of the claims, which should assist the parties in evaluating whether the claims should be pursued through the judicial system.

The MCCP and DPCP programs also provide opportunities for the parties to exchange information in a relatively expedited and inexpensive manner, which in turn provides for opportunities for the parties to explore the conciliation of meritorious claims prior to such claims being brought before the courts.

Lastly, the requirements of exchanging information between the parties, and making conscientious and thorough presentations to the Panels, discourage the pursuit of frivolous or fraudulent claims, prior to further legal proceedings being taken by the parties.

The ***MCCP and DPCP Annual Report to the 2005 Legislature*** covers the period of January 1, 2004, through November 30, 2004.

## ***II. THE MEDICAL CLAIMS CONCILIATION PANEL PROGRAM***

### **A. The Year in Review**

In 2004, we continued to improve the processing and hearing of MCCP claims, as well as streamlining the MCCP procedures to minimize unnecessary costs and procedural requirements.

We also updated all of the MCCP informational materials and forms and made them available to parties and interested persons in various formats and media, including access via DCCA's internet web page: [www.hawaii.gov/dcca/oah](http://www.hawaii.gov/dcca/oah).

### **B. The Operations of the MCCP**

#### **1. Expedited Claims Filing Process**

In 1997, the MCCP program initiated the MCCP Fast Track Filing System, which allowed a claim to be heard within four (4) months from the date the claim is filed with the MCCP program, or even sooner, if all of the parties agree. Additionally, because these expedited cases utilized other facilities to host the hearings, we have been able to schedule more hearings for claims brought under the regular MCCP filing process, because of the increased availability of the MCCP hearings room.

The MCCP Fast Track Filing System continues to be utilized by the parties. In 2004, six (6) new claims were filed utilizing the expedited claims process, and six (6) claims were heard on an expedited basis.

#### **2. Appointment of MCCP Chairpersons**

In the past, the substantial majority of the MCCP chairpersons have been attorneys; however, starting in 2000, we have also sought qualified chairpersons who are not attorneys.<sup>1</sup>

In 2004, there were seven (7) qualified MCCP chairpersons who were not attorneys: two individuals with extensive mediation and dispute resolution experience, and four physicians who have previously

---

<sup>1</sup> HRS §671-11(b), requires that the MCCP chairperson be "familiar with and experienced in the personal injury claims settlement process."

served on Panels as physician members, and who have distinguished themselves by their medical expertise and their understanding of the MCCP process.

### **3. Electronic Filing of Documents**

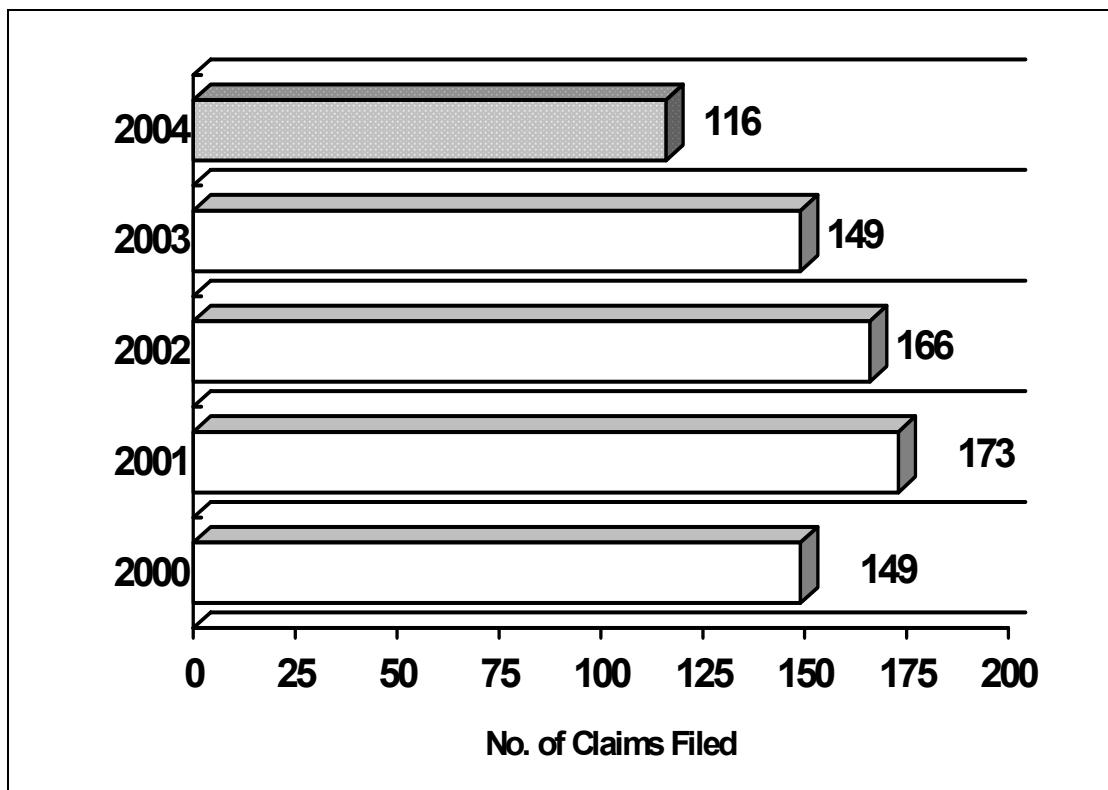

In 2001, the MCCP program inaugurated an optional electronic filing process that allows participating parties to file, distribute, and receive documents electronically.

Technologically capable parties have been utilizing this electronic filing option more frequently, including submitting voluminous records, documents, and graphics via CD format.

## **C. Statistical Overview of the MCCP Program**

### **1. Number of Claims Filed in 2004**

As of November 30, 2004, there were 116 cases filed with the MCCP program, involving 199 claimants, and 466 respondents. It should be noted that although there were 199 different claimants, ***there were not 466 different*** health care professionals and facilities named as Respondents. However, each case requires the same individualized processing effort, even if some of the cases involve some or all of the same respondents.

**Figure 1: Claims Filed in 2000 Through November 30, 2004**

In regards to parties who are unable to pay the required filing fees, in 2004, 44 requests to waive the MCCP filing fees were granted by the Director.<sup>2</sup>

Also, in 2004, 47 claims were filed with the MCCP in which the claimants were not represented by attorneys.

Lastly, there were three (3) claims that were rejected because the claims were not accompanied by a certificate of consultation as required by Hawai`i Revised Statutes §671-12.5.

## **2. Disposition of Claims Heard in 2004**

As of November 30, 2004, there were 63 cases heard by the MCCP, involving a total of 142 claimants and 245 respondents. Once again, it should be pointed out that although these statistics indicate that 142 different claimants were involved in the claims heard, there were not 245 different health care professionals or facilities involved.

---

<sup>2</sup> The MCCP utilizes the same financial guidelines to determine a party's eligibility to waive the MCCP filing fees as the courts use in determining whether a party can proceed *in forma pauperis* in a judicial proceeding.

Of the cases heard by the MCCP in 2004: 1) there were 21 cases in which the claimants were not represented by attorneys (*pro se* claimants); and 2) there were no claims in which the Panel found the underlying claim to be frivolous (palpably without merit).

Overall, the MCCP found actionable negligence on the part of all or some of the respondents in 17 cases, and rendered advisory determinations of damages ranging from \$35,000.00 to \$1,483,000.00.

The following table provides a statistical overview of the disposition of cases heard by the MCCP in 2004.

**Figure 2: Disposition of Claims Heard in 2004**

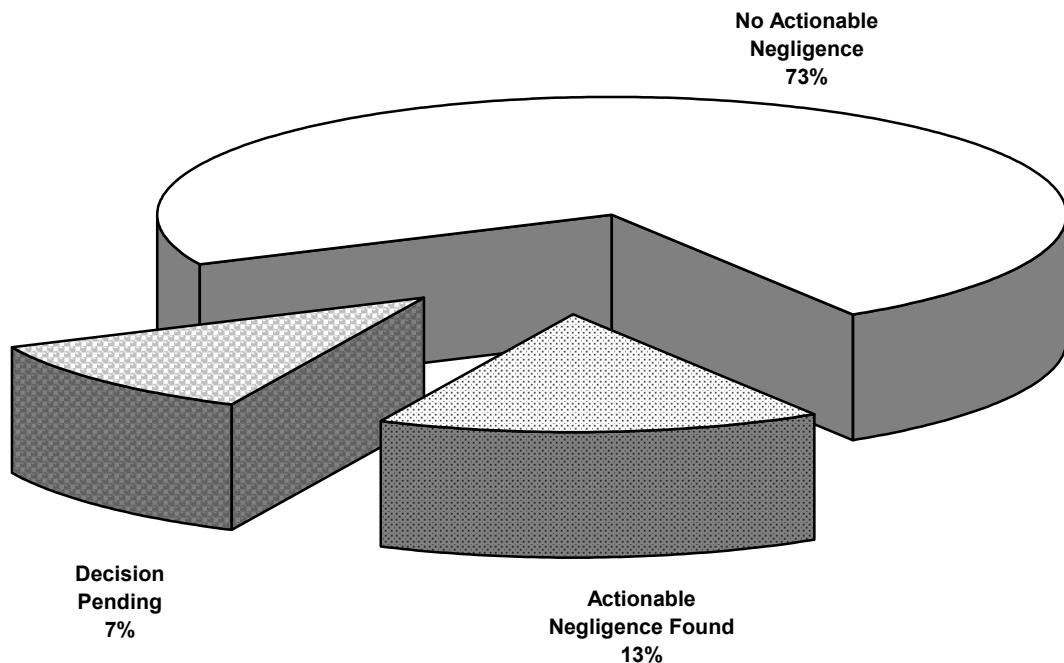

<b>Total number of parties in cases heard:</b>	<b>387</b>
Total number of Claimants	142
Total number of Respondents	245

<b>Total number of hearings conducted:</b>	<b>64</b>
Actionable negligence found:	10
Some Respondents negligent	7
No negligence found:	46
Panel decision pending:	3
Dismissed	5
<b>Total Damages Recommended by Panels:<sup>3</sup></b>	<b>\$3,483,801.00</b>

---

<sup>3</sup> In three (3) of the cases in which Panels found actionable negligence on the part of some of the respondents, the Panels were either not able to make determinations of damages, or were requested not to make determinations as to damages.

**Figure 3: Comparative Disposition of Claims Heard in 2004**

**Figure 4: Disposition of Claims Closed Without Hearings**

<b>Total claims closed without hearings:</b>	<b>38</b>
Rejected – no certificate of consultation	3
Dismissed	4
Mediation/ADR	3
No jurisdiction	1
Settled	4
Terminated by Director	12
Tolling period lapsed:	4
Withdrawn:	6
Other:	1

### **III. DPCP ANNUAL REPORT**

#### **A. Legislative Changes to the DPCP**

The Design Professional Conciliation Panel (“DPCP”), was repealed by the 2004 Legislature effective July 1, 2004 (Act 119, 2004 Session Laws of Hawaii)

Prior to the termination of the DPCP, there was one (1) DPCP claim filed in 2004, and one DPCP claim proceeded to hearing.

**Figure 5: Disposition of DPCP Claims**

<b>Total claims filed in 2004:</b>	1
<b>Total number of hearings conducted:</b>	0
Actionable negligence found	0
Some Respondents negligent	0
No negligence found	0
<b>Total Damages Recommended by Panel</b>	N/A
<b>Disposition of claims in 2004:</b>	
Withdrawn/dismissed	1
Settled	1
Unsuitable	1
Tolling period lapsed	0
Pending/terminated	3

#### **IV. CONCLUSION**

We are continuing to work with the parties and participants of the MCCP and DPCP programs to find new ways to allow these programs to fulfill their statutory and philosophical obligations.

We are also very committed to modernizing every appropriate component of the MCCP process to allow for maximum access by the parties and the expedited processing of claims.
