Chapter 91, HRS,
Adjudicatory
Matters:

Chairperson Arita called for a recess from the Board's meeting at 8:36 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. Settlement Agreements

- a. In the Matter of the Contractors Licenses of Hirayama Brothers Electric, Inc., and Melva S. Hirayama and James W. Hirayama; CLB 2009-298-L and CLB 2009-333-L

RICO received a complaint alleging that Hirayama Brothers Electric, Inc., Melva Hirayama, and James Hirayama ("Respondents") failed to comply with the one-to-one ratio of licensed electricians to non-licensed electrical workers on a project.

The Board discussed the settlement agreement in which Respondents, who do not admit to violating any law or rule, agree to pay, jointly and severally, a fine in the amount of \$5,000.00

After discussion, it was moved by Mr. Lee, seconded by Mr. Akasaki, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

2. Board's Final Orders

- a. In the Matter of the Contractor's Licenses of Three Point Restoration, Inc., doing business as 3 Point Restoration Hawaii, Inc., also doing business as 3 Point Restoration Hawaii; Edward J. DeMattos; CLB 2007-210-L

An administrative hearing was held for the above case with Mr. DeMattos, RME of Three Point Restoration, Inc. ("3 Point") appearing pro se. 3 Point failed to appear. The Hearings Officer found that 3 Point and the RME violated the Board's laws and rules, among them non-disclosure of lien rights, not providing a written contract, RME failing to supervise and be on the job site, failing to comply with trade standards, and unlicensed activity.

The Hearings Officer recommended that Respondent 3 Point's license be revoked and Respondent DeMattos be required to pay a \$2,000.00 fine.

After discussion, it was moved by Mr. Mochida, seconded by Mr. Lee, and unanimously carried to approve the Hearings Officer's recommended order as the Board's Final Order in the above case.

- b. In the Matter of the Contractor's Licenses of Tevita S. Lauaki aka Joe Lauaki and Uilani's Custom Masonry & Design aka Stonecrete Hawaii Contractors LLC; CLB 2009-385-L

An administrative hearing was held for the above case and the hearings officer found that Tevita S. Lauaki, RME of Uilani's Custom Masonry & Design LLC aka Stonecrete Hawaii Contractors LLC ("Respondents"), violated the Board's laws and rules, among them failing to disclose and provide written notice to the Board of default judgments obtained against them, failure to disclose lien rights, and failure to comply with the terms of the contract with the homeowner.

The Hearings Officer recommended that Respondents' licenses be revoked, that Respondents pay restitution to the homeowner in the amount of \$5,750.00, and pay a fine in the amount of \$5,000.00 within 60 days of the Board's Final Order.

After discussion, it was moved by Mr. Akasaki, seconded by Mr. Mochida, and unanimously carried to approve the Hearings Officer's recommended order as the Board's Final Order in the above case.

Following the Board's review, deliberation and decisions in these matters, pursuant to HRS chapter 91, Chairperson Arita announced that the Board was reconvening to its open meeting at 8:40 a.m.

Guy Akasaki, Chairperson

The Examination Summary for January 2012 was distributed in the Board's packet.

3. Legislation Committee:
Denny Sadowski, Chairperson

Mr. Sadowski and Executive Officer Oda presented a summary of the following bills:

HB No. 1897 - This bill limits incidental work to one-half percent of the contract value and has not been scheduled for a hearing.

HB No. 1898/SB No. 236 – These bills change the composition of the Board to six contractors, four non-contractors, and three "exclusive representatives of collective bargaining units". Senate Bill 236 is scheduled for a hearing on February 28, 2012, and the Board will be submitting testimony in opposition to this bill.

HB No. 1969, HD1 – This bill creates a new section in the Board's laws regarding performance bonds and retainage on all projects. It

also amends HRS chapters 103 and 507. This bill was heard by CPC/JUD on February 22, 2012, and passed unamended.

HB No. 2748 – This bill licenses AC pipefitters, fire sprinkler technicians, and solar technicians under the Board of Electricians and Plumbers. It prohibits owner-builders from doing this work and requires the one-to-one ratio of licensed workers. This bill was referred to the Finance Committee.

HB No. 1295 – This is the task force bill which was heard on February 22, 2012, and passed with amendments.

6. Scope of Activity Committee:
Gerald Yamada, Chairperson

Utility Partners of America

Utility Partners of America requests determination on whether a license is required to replace registers on water meters with radio read registers. The work does not involve opening or touching the water supply system. If the register and the MIU do not have in-line connectors, wire ends may need to be spliced together.

Recommendation: A contractor's license is not required to replace the registers on water meters, provided that no electrical work is performed.

Waahila Construction, Inc.

Waahila Construction, Inc. requests confirmation that digging 12" footings for concrete slabs may be performed under the C-31a Cement concrete classification.

Recommendation: The digging of 12-inch footings for concrete slabs is incidental and supplemental to the C-31a license, and the C-17 Excavating, grading and trenching license is not required.

County of Maui

The County of Maui requests determination on the license required to install piping and appurtenances for fire hydrant systems, including installation of piping, valves, reaction blocks, and hydrants, and related trenching and backfilling.

Recommendation: The "A" General Engineering or C-43 Sewer, sewage disposal, drain, and pipe laying license is required to install piping and appurtenances for fire hydrant systems, including installation of piping, valves, reaction blocks, and hydrants; and related trenching and backfilling. The C-37 Plumbing contractor may install this work if it is within the property lines.

Nations Roof LLC

Nations Roof LLC requests determination on the license required to install metal racking systems for solar panels. The racking will be installed before the solar panels are on site or any electricity is provided for the solar assembly. They are also re-roofing that area.

Recommendation: Installation of the metal racking system is incidental and supplemental to the C-42 Roofing license classification on the above project.

After discussion, it was moved by Mr. Dill, seconded by Mr. Sadowski, and unanimously carried to approve the above scope recommendations.
