Applications Committee Report:

Kenneth C. Law, RME of Constrx Ltd. appeared at the Board's February 24, 2012 meeting. He is currently licensed as a "B" and was told he required a C-22 Glazing and tinting license to install "Cover" frameless glass enclosure systems. The systems are pre-fab single track sliding glass systems which may be up to 9 feet tall. He is applying for a C-22 as an additional classification and wanted the Board's determination as to whether a C-22 license is required or whether he can install this system under his "B" license.

The Applications Committee reviewed the information he provided and feels a C-22 license is required and therefore, Mr. Law's application will be deferred pending submittal of a list of C-22 projects he worked on.

It was moved by Mr. Akasaki, seconded by Mr. Alcantara, and unanimously carried to accept the recommendations made by the Applications Committee on items E-1 through E-90.

The agenda was taken out of order and continued with "Correspondence".

Correspondence:

The Board received letters from the Hawaii Regional Council of Carpenters, Laborers' International Union of North America, Pacific Resource Partnership, and the International Union of Painters and Allied Trades, District Council 50, opposing the contractor license application of Jacobsen Construction Company ("Jacobsen") and Steven Nelson, RME.

Basically, all letters are requesting that the Board deny the applications due to an alleged violation relating to the previous RME not being in the State while a project was ongoing, for which Jacobsen paid a \$50,000 fine, and their belief that Jacobsen is still not in compliance with the Board's laws and rules.

Executive Officer Oda stated that if there are new allegations against Jacobsen, a complaint may be filed with RICO. Generally, an application would not be denied based solely on allegations or a pending complaint.
