Chapter 91, HRS,  
Adjudicatory  
Matters:

Vice Chairperson Lau called for a recess from the Board's meeting at 8:31 a.m. to discuss and deliberate on the following adjudicatory matters pursuant to HRS chapter 91.

1. **Settlement Agreements**

- a. In the Matter of the Contractor's License of Charles R Teixeira, doing business as C.T. Carpentry; CLB 2010-16-L

RICO received a complaint alleging that Charles R. Teixeira ("Respondent") failed to (1) complete a home repair job; (2) report a judgment to the Board within 30 days; and (3) include the requisite contractual provisions, including but not limited to bond and lien rights.

The Board discussed the settlement agreement in which Respondent, who does not admit to violating any law or rule, agrees to pay an administrative fine in the amount of \$1,500.00 in three payments of \$500.00 each by April 30, 2012, May 31, 2012, and June 29, 2012. After discussion, it was moved by Mr. Kamai, seconded by Mr. Lee, and unanimously carried to approve the Settlement Agreement Prior to Filing

of Petition for Disciplinary Action and Board's Final Order in the above case.

- b. In the Matter of the Contractors Licenses of Spraymasters Painting LLC, and Peter J. Hummel; CLB 2011-406-L

RICO received a complaint by Joseph McCarthy of McCarthy Brothers, Inc. that Spraymasters Painting LLC and Peter J. Hummel ("Respondents") failed to honor a subcontractor agreement by failing to paint two bathrooms on a project and RICO also alleges that Respondents failed to report a judgment obtained against them by Mr. McCarthy within 30 days.

The Board discussed the settlement agreement in which Respondents, who do not admit to violating any law or rule, agree to pay, jointly and severally, a fine in the amount of \$100.00.

After discussion, it was moved by Mr. Lee, seconded by Mr. Kamai, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

- c. In the Matter of the Contractor's License of JW Electric & Plumbing, LLC; CLB 2010-469-L

RICO alleges that JW Electric & Plumbing LLC ("Respondent") contracted to perform interior remodeling and renovations at a residence without the knowledge or approval of its RME, and the work was beyond the scope of its license at that time.

The Board discussed the settlement agreement in which Respondent, who does not admit to violating any law or rule, agrees to pay an administrative fine in the amount of \$1,000.00.

After discussion, it was moved by Mr. Lee, seconded by Mr. Kamai, and unanimously carried to approve the Settlement Agreement Prior to Filing of Petition for Disciplinary Action and Board's Final Order in the above case.

## 2. Board's Final Orders

- a. In the Matter of the Contractor's License of Sulimoa Taufalele, doing business as Menora Masonry; CLB 2006-456-L  
**Request for Reconsideration**

The Board approved a settlement agreement in March 2008 which required Sulimoa Taufalele to pay a fine of \$2,500 and restitution of \$7,700 in monthly payments. On May 7, 2012, the Board received an affidavit from RICO stating that Mr. Taufalele made only intermittent payments, and no payments have been received since June 2011. On May 15, 2012, Mr. Taufalele's license was revoked pursuant to the terms of the Settlement Agreement. On May 16, 2012, Mrs. Taufalele called the

Board requesting an appearance before the Board to appeal the license revocation.

Mr. Taufalele stated that his wife took care of the payments each month and he thought they had paid off everything. When they received the notice for revocation of his license, they called RICO, but was told the Board had already revoked his license.

He stated that there is only one mailbox for the association where they live and it is shared by the neighbors. Sometimes they did not receive their mail.

Mr. Taufalele pleaded with the Board to reinstate his license as this is the only job he has to support his disabled wife and seven children. He stated that he could pay \$700.00 today.

Mr. Taufalele was excused from the room.

The Board discussed the outstanding balance of \$1,250 for restitution and \$1,200.00 for the fine and Mr. Taufalele's offer to pay \$700.00 today.

Mr. Taufalele returned to the room.

It was moved by Mr. Mochida, seconded by Mr. Sadowski, and unanimously carried to approve reinstatement of his license, subject to a payment of \$700.00 today, two \$600.00 payments (by June 30 and July 31, 2012, respectively), and a final \$550.00 payment by August 31, 2012. However, if he fails to pay the required amounts by the respective dates, his license will be automatically revoked.

Following the Board's review, deliberation and decisions in these matters, pursuant to HRS chapter 91, Vice Chairperson Lau announced that the Board was reconvening to its open meeting at 8:51 a.m.

Mr. Cushnie replied that larger projects requiring C-41 work were subbed out and the smaller jobs were self-performed. His intention is to self-perform the C-41 work and he was not planning to bid on larger jobs as a C-41 subcontractor.

6. Scope of Activity Committee:  
Gerald Yamada, Chairperson

**Roofing Contractors Association of Hawaii**

The Roofing Contractors Association of Hawaii requested to defer their appearance for discussion on the proper classifications to install built-in photovoltaic roofing.

**IBEW Local 1186**

IBEW Local 1186 ("IBEW") requests determination on whether the "A" General Engineering contractor may contract and perform the installation of Fiberglass (RTRC) electrical conduit and stainless support rack hangers on the Kapaa Stream Highway Bridge project. The conduit is being attached to the bridge and involves the installation of electrical conduit or raceway.

Richard Jose of IBEW stated that the contractor holds the "A" but does not think they have the C-13. He did not see county inspectors at the job site and thought that Hawaiian Telcom and Kauai Public Utilities go out to inspect the work.

Vice Chairperson Lau stated that the Board's rules say that the "A" contractor can do duct lines and the Board has to go by what is currently in its rules.

Peter Akamu of IBEW stated that their interpretation of "duct line" was anything built underground and is according to the NEC electrical code. However, there is no written definition of "duct line" and felt that clarification will need to be done in the rules.

Alfonso Oliver of the Hawaii Laborers 368 stated that laborers have installed duct lines underground and above ground.

Joby North of the Hawaii Laborers 368 also asked if drilling of holes to hold the pipes for the racks is allowed by the "A" contractor.

Executive

At 11:40 a.m., it was moved by Mr. Suehiro, seconded by Mr. Lee, and

Session: unanimously carried to enter into Executive Session pursuant to HRS section 92-5(a)(1) to consider and evaluate personal information relating to individuals applying for professional or vocational licenses cited in HRS section 26-9, and to consult with Rodney J. At 11:55 a.m., it was moved by Mr. Yamada, seconded by Mr. Suehiro, and unanimously carried to move out of executive session and to reconvene to the Board's regular order of business.

Recommendation: The "A" General Engineering contractor may install the electrical conduit or raceway, including the support rack hangers, provided that the installation of conductors is performed by a contractor holding the C-13 Electrical classification. Suggestion was also made to contact the Board of Electricians and Plumbers to see if an electrician's license is required to do conduit work.

After discussion, it was moved by Mr. Yamada, seconded by Mr. Suehiro, and unanimously carried to approve the above scope recommendation.

The agenda was taken out of order and continued with "Committee Reports, 8. Applications Committee".
