

IMPORTANT ANNOUNCEMENT

BOARD OF ACUPUNCTURE

REGARDING THE USE OF THE DOCTOR OF
ACUPUNCTURE TITLE

Under Hawaii law certain licensed acupuncturists may use the title “Doctor of Acupuncture”. In order to use the title, a Hawaii licensed acupuncturist must receive authorization from the Board of Acupuncture (“Board”). A licensee is not required to have the title “Doctor of Acupuncture” in order to practice acupuncture. In other words, so long as an individual has been issued an acupuncture license, he/she may practice acupuncture.

The law allows the use of the designation “D.Ac.” In addition, “Doctor” or “Dr.” may be used as long as the word “Acupuncturist” immediately follows the licensee’s name. Therefore, the Board suggests the following title uses:

- Dr. John Doe, Acupuncturist
- Doctor John Doe, Acupuncturist
- John Doe, Doctor of Acupuncture
- John Doe, D.Ac.

Further, no other titles, prefixes or designations are permitted under the law. For example “DOM.” or “OMD” are not permitted.

If you are a licensee who has not received approval to use the doctor of acupuncture title, the Board strongly suggests that you use “L.Ac.” after your name to avoid confusion.
