At this time Chair Kuriyama took the agenda out of order.

Open Forum:

Mr. Tom Berg was present to request the Commission to support Senate Bill 2545, SD2 to extend the condominium dispute resolution pilot program for an additional two years and if the Commission is unable to provide testimony in support of the bill, Mr. Berg requested that the Commission recommend to the Director of DCCA to support the extension of the CDR bill.

Condominium  
Project  
Registration:

**CPR Project – Islander on the Beach, CPR #5420**

Commissioner Loudermilk recused herself due to a conflict of interest.

Specialist Leong reported that Mr. Lee is requesting confirmation that his client's plan to sell 1/6<sup>th</sup> undivided fee simple interest in 1 or 2 condos under a non-time share plan does not require a public report. Time share is defined to be less than 60 days per year. The main issue to be determined is whether this is a "re-sale." Mr. Lee's client purchased 12 units and is initially marketing 1 to 2 units to test the market. The final public report for Islander on the Beach amended the declaration in January 2005, to prohibit time share.

Mr. Lee stated that he has an almost exclusive condominium practice. Mr. Lee reported that his client's units are re-sales and that the final public report does state that time share would not be allowed. All the undivided interest comes with 60 days or longer.

Chair Kuriyama questioned whether Mr. Lee's client is the original buyer of the 12 units.

Mr. Lee responded in the affirmative.

Specialist Yee questioned whether his client at the time of initial purchase had thought of marketing the units.

Mr. Lee responded that his client had contemplated the idea.

Upon a motion by Commissioner Okawa, seconded by Commissioner Kagawa, it was voted on and unanimously carried to take the matter under advisement.

**Informal Non-Binding Interpretation Request §514A-107(b)(1) and (4), HRS "no action letter" – Arnold Morgado**

Commissioner Loudermilk noted that the Owner-Occupant Affidavit was signed in November 2003 and questioned Mr. Morgado if the apartment was received at a later date.

Mr. Morgado replied that the apartment was received in December 2005. At the time the affidavit was signed the intent was that his daughter would reside in the apartment. Since then, Mr. Morgado's daughter who is senior at the University of Colorado Boulder, had received an injury which requires surgery and rehab and has informed her parents that she will not be moving back to Hawaii after graduation, rather she will have her surgery/rehab in Boulder and become a resident of that State.

Chair Kuriyama noted that §514A-107(b)(1) reads "Serious illness of any of the owner-occupants who executed the affidavit or any other person who was to or has occupied the residential apartment;"

Upon a motion by Commissioner Abrams, seconded by Commissioner Nishihara, it was voted on and unanimously carried to recommend approval to issue an informal non-binding interpretation and issue a "no action" letter based on a verified extenuating medical condition of a person (daughter) who was to occupy the residential apartment.

Program of Work:

**Government and Legislative Participation and Report – Richard Kiefer, Esq. Request on House Bill No. 3225**

John Morris, Esq. representing CAI Hawaii's Legislative Action Committee was present and requested that the Commission, to an extent, support House Bill No. 3225 which is the bill intended to clean up the recodification act. Mr. Morris noted that there are two major problems with the act as is. Currently the recodification proposes to repeal chapter 514A and provides 514B not apply to existing condominiums. If the recodification goes through with repealing chapter 514A, many projects cannot use chapter 514B. The applicability clause is questionable.

Mr. Morris further reported that House Bill No. 3225 is the only vehicle left to correct the problems with the recodified law.

Rick Kiefer, Esq. informed the committee that he was a member of the Blue Ribbon Recodification Advisory Committee who worked on the initial drafting of the recodification. As we near implementation of the recodification, there are areas that need to be cleaned up. The Commission has recognized some of those areas. Two major areas which will present problems are the repeal of chapter 514A and sales of projects under current registration. Mr. Kiefer noted that he does support the provision in HB 3225 HD1 preserving the existing reserve rules until the Real Estate Commission can adopt new reserve rules. Mr. Kiefer is requesting the Commission's support on the chapter 484 amendments.

SEO Kimura informed Mr. Kiefer that the Commission would be open to receiving an advance copy of the proposed SD1 in a standard ramseyer format in advance of a scheduled hearing for its review.

Mr. Kiefer replied that should they draft a proposed SD1, if able, they will provide an advance copy to the Commission.

It was recommended to defer this issue until such time a review of the proposed amendments may be conducted.

Minutes: Upon a motion by Commissioner Okawa, seconded by Commissioner Kagawa, it was voted on and unanimously carried to accept the minutes of the February 8, 2006 Condominium Review Committee meeting as circulated.

Condominium  
Governance and  
Management:

#### **AOAO Registrations**

Specialist Gruppen reported that as of February 29, 2006, 1,512 AOAOs have successfully registered.

#### **Mediation and Arbitration**

It was reported that staff has received back 4 of the 5 contracts from the selected vendors and will continue to process those contracts.

#### **Condominium Seminars and Symposium**

One of the contracts is nearing completion of the procurement process. Commissioner Loudermilk reported that staff should start drafting the paperwork for next fiscal year's procurement of educational seminars.

#### **Office of Administrative Hearings Condominium Dispute Resolution Pilot Program – Michael Riordan vs. Edean Hayashida and Marc Udoff**

Administrative Hearings Officer Sheryl Nagata was present. Chair Kuriyama questioned the number of cases received by OAH.

Ms. Nagata responded that 3 cases have been received by OAH. The first case initially received by OAH did not qualify, the Riordan vs. Hayashida and Udoff case which was heard and dismissed, one case is pending settlement and another was received this week for a condominium project located on the island of Maui.

Commissioner Okawa questioned whether the condominium parties always have to engage legal counsel and bear their own costs including attorney's fees.

Ms. Nagata remarked that in this particular case which was heard and dismissed, the parties did ask to be reimbursed for fees and costs but the statute does not allow it. The parties are also not required to be represented by legal counsel.

Registration:

### **Condominium Project Registration - Public Reports Issued**

A list of those condominium projects issued effective dates during the month of February 2006 were distributed for informational purposes.

### **CPR Project – Islander on the Beach, CPR #5420**

Commissioner Loudermilk recused herself due to a conflict of interest.

Commissioner Abrams questioned that if the project is not considered a time share and the units of the condo are within a registered condominium, are there other regulatory issues.

Chair Kuriyama commented that maybe it is an unreasonable requirement to require them to get their own public report for 12 units, should the committee consider the units re-sales.

Upon a motion by Commissioner Okawa, seconded by Commissioner Nishihara, it was voted on and carried that based on the letters and or faxes of February 27, 2006, March 3, 2006, and March 7, 2006 submitted by Steven R. Lee, attorney for Nick Michaels, and representations made by Steven Lee during his presentation, recommend approval to issue an informal non-binding interpretation that the described sale of one-sixth undivided fee simple interests in apartments currently owned are re-sales and do not require Mr. Michaels to obtain an effective date for a developer's public report. The recommendation does not include an informal non-binding interpretation of the time share law, Chapter 514E, HRS, which the Commission has no jurisdiction over.

**Informal Non-Binding Interpretation Request §514A-107(b)(1) and (4), HRS  
"no action letter" – Lehualani K. Concepcion**

Upon a motion by Commissioner Yamanaka, seconded by Commissioner Abrams, it was voted on and unanimously carried to recommend approval to issue an informal non-binding interpretation and issue a "no action" letter based on a verified extenuating medical condition.

Program of Work:

**Recodification of Chapter 514A**

Upon a motion by Commissioner Okawa, seconded by Commissioner Ball, it was voted on and unanimously carried to recommend approval to establish a Recodification Education Ad Hoc Committee to assist with the delivery of educational products and seminars; members to be appointed by the CRC Chair, Vice Chair, and staff, and be reimbursed for expenses including travel and per diem.
