The Purpose of the Commission:
In summary, the purpose of the Commission:
“...the protection of the general public in its real estate transactions.”
“...promote the advancement of education and research in the field of real estate for the benefit of the public and those licensed under the provision of this chapter (467, HRS) and the improvement and more efficient administration of the real estate industry.”
“...promoting education and research in the field of condominium management, condominium registration, and real estate for the benefit of the public and those required to be registered under this chapter (514A and 514B, HRS).”
The Honorable Neil Abercrombie, Governor, State of Hawaii, Members of the Twenty-Sixth State Legislature and Keali‘i Lopez, Director, Department of Commerce and Consumer Affairs:

I respectfully present to you the annual report on the status of the Real Estate Commission (“Commission”) for fiscal year (“FY”) 2011. The Commission currently oversees approximately 17,633 licensees statewide, of which 12,363 hold active licenses. This is an 11.4% decrease from a year ago. We also oversee approximately 1,670 condominium associations and 26 condominium hotel operators. There were 250 new and conversion project filings as compared to 272 filings in FY 2010. This represents a decrease of units within new and conversion condominiums from 7,210 in FY 2010 to 5,347 in FY 2011. The Commission also provides information, advice, education and acts as a resource for these unit owners throughout the year on all islands by way of the Commission’s Outreach Program.

The Real Estate Commission is a nine-member Governor-appointed body comprised of seven industry members, and two public members, who serve four-year terms. The Commission oversees the licensing of real estate salespersons and brokers, including brokerages, and the maintenance and renewal of these licenses every two years. The Commission certifies prelicense education schools and instructors, and is responsible for the development of the prelicensing curriculum for salespersons and brokers. The Commission also registers continuing education providers and certifies continuing education courses, and in the condominium area, registers condominium projects and condominium owner associations. Condominium managing agents are also monitored for compliance with the relevant laws. The Commission publishes and disseminates reports and participates in court cases involving the real estate recovery fund. There were 6 cases filed for payment from the fund during FY 2011. The Commission reviews and approves settlement agreements and disciplinary action cases against licensees who are investigated by the Regulated Industries Complaints Office (“RICÖ”).

The Commission has three standing committees; the Laws and Rules Review Committee, the Education Review Committee, and the Condominium Review Committee. All are working committees where Commissioners take on leadership roles to work towards accomplishing the Program of Work as described for the fiscal year. Funding for these programs is critical to the Commission in order to achieve the objectives and goals and to maintain the direction of the Commission as set forth by law.

Frances Gendrano, O‘ahu Commissioner, Chair of the Laws and Rules Review Committee, and Vice Chair Walter Harvey, O‘ahu Commissioner, have diligently worked to address national and state issues that may impact Hawaii. In this year’s legislative session, Act 212 HB 320 HD2 SD1 amended the Real Estate Appraiser law, Hawaii Revised Statutes, Chapter 466K, and allows real estate salespersons and brokers to render broker price opinions for compensation. Rule-making for Hawaii Administrative Rules, Chapter 99 was initiated and the proposed changes are headed for review and approval.

The Education Review Committee under the leadership of Carol Ball, Maui Commissioner, and Vice Chair Scott Sherley, Big Island Commissioner, worked with the Education Evaluation Task Force made up of industry volunteers, to develop the Commission’s Part A, 2011-2012 mandatory core course. The mandatory continuing education course will total five hours for the 2011-2012 biennium, due to the increase in required continuing education hours from 10 to 20 hours each biennium. Previously, the mandatory continuing education core course was for a total of four hours credit. In addition to the review of relevant legislation passed that directly impacts the real estate licensees, Part B of the 2009-2010 core course, offered in June 2010 and the remaining part of the fiscal year, focused on fair housing with the module, “Don’t Discriminate: Fair Housing in Diverse Communities”.
The Commission’s Online Real Estate Continuing Education System (“Online CE System”), implemented in August 2008, continues to improve the ease and convenience of offering, registering, and reporting of continuing education-related requirements for both the licensee and the Continuing Education Provider.

Condominium Review Committee Chair, Michele Loudermilk, O’ahu Commissioner and Public Member, and Vice-Chair Mark Suiso, O’ahu Commissioner and Public Member initiated the task of rule-making for Hawaii Revised Statutes, Chapter 514B, the recodified law for condominiums. This process is still on-going. The committee continues to review the feasibility of providing online condominium registration.

Along with Commissioners Donna Apisa, Kauai broker, and Vice Chair of the Commission, Stanley Kuriyama, O’ahu broker, the Commission is a hardworking and committed group, seeking to meet the challenges of tough economic times and a constantly evolving real estate industry, as well as embracing current changes that impact today’s real estate licensee and consumer. The Commission is grateful to the members of the Education Evaluation Task Force, and the Condominium Research and Education Task Force, who contribute unselfishly their time and effort, and are committed to improve the real estate industry to maintain professional standards.

With the help and support of the Director of the Department of Commerce and Consumer Affairs, Keali‘i Lopez, Licensing Administrator Celia Suzuki, RICO, the Department of the Attorney General, Supervising Executive Officer, Neil Fujitani, and the Real Estate Branch staff, the Commission will continue to take strides forward to improve the quality of its real estate licensees, and their ability to serve consumers.

Respectfully submitted,

Trudy I. Nishihara
Chair

Staff continued to field a high number of telephone, walk-in, written inquiries, faxes, and emails. For real estate, the fiscal year produced 14,965 telephone inquiries; 916 walk-in inquiries; 11,821 applications, written inquiries/requests, faxes; and 12,444 emails. See Chart 9.

Administration of Prelicense Education Program, Schools and Instructors – The Commission provided administrative review and an approval process for applications,

disseminated information regarding renewals and certification, and provided appropriate records management. It coordinated the instructor’s examination program with its test administrator, PSI, and administered an evaluation system of schools and instructors. Staff researched, developed, printed, and distributed the quarterly School Files, a newsletter for educators. This was a joint program with the Continuing Education Program.

Administration of Examinations – The Commission administered the real estate licensing examination program, including contract administration with its test administrator, PSI, and provided information regarding the exam process, reviewed amendments to test candidate booklets, evaluated periodic examination reports and kept abreast of daily exams. The Commission, along with PSI, conducted a Test Development Workshop and an Educators Forum October 5-6, 2010, and a prelicense instructor item writing webinar May 24-25, 2011.

PSI continued offering testing at least five days a week including Saturday in Honolulu, twice a month on Maui and the Big Island, and once a month on Kauai. As shown in Table 2 and Chart 10, the number of examination candidates decreased less than 1% over the last fiscal year. Staff periodically monitors the examination administration on each island to assure facilities and procedures comply with PSI and Commission policies.

There were 234 applications approved for equivalency to the uniform section of the examination to candidates licensed in another state who passed that state’s uniform section of the examination. This represents a 13.7% decrease from the last fiscal year’s total of 271 approvals.

Administration of Continuing Education Program, Providers, and Instructors – The Commission administered the continuing education program including the registration of providers, certification of courses and provided timely information and records management, as appropriate. Staff updated the Online Real Estate Continuing Education website as needed.

The Commission also published a quarterly newsletter, School Files, exclusively for the real estate education community. It provided schools, instructors, and continuing education providers’ information on administrative procedures, changes in licensing laws, and other articles relevant to the delivery of real estate education. As with the Bulletin, School Files was published in print and in electronic format.

Administration of Continuing Education Elective Courses – The Commission provided administrative information to elective course providers and licensees, assisted providers in submissions, reviewed submitted applications, reviewed submitted curriculum, made recommendations, and assisted with records management. The Online Real Estate Continuing Education system continues to provide real estate licensees with the ability to view the number of CE hours required and earned for the current licensing period, their CE history, and the ability to search for future CE courses being offered by approved CE providers. Real estate licensees are also able to access and reprint their own course completion certificates for the current and previous biennia, whereas, formerly this was done by the CE providers. Additionally, real estate principal brokers and brokers-in-charge were able to monitor and view the current CE hours, CE history, and license status of all licensees associated with the brokerage. The system was updated daily.

During the fiscal year, there were 323 newly approved CE courses, a decrease from the approved CE courses in the previous fiscal year. 162 of the courses were national courses. There were two newly approved CE providers. CE providers offered 1,514 classes to 35,729 participants, as compared to the previous fiscal year of 756 classes offered to 11,818 participants. The difference in number of classes and participants in FY 2010 and FY 2011 is due to the even-numbered year being a renewal year for real estate licensees.

Education Evaluation Task Force (EETF) – The Commission’s EETF reviewed, recommended, assisted in development, updates, and administration of education-related projects and continuing education. The EETF conducted four meetings during the fiscal year: January 20, 2011, February 17, 2011, April 7, 2011, and May 19, 2011. The EETF assisted in the development of the Commission’s 2011-2012 Core Course, Part A.

Meetings and Symposium – The Commission, with staff support, planned, coordinated, and conducted monthly Education Review Committee meetings.

Annual Report and Quarterly Bulletin – Staff researched, developed and distributed the Commission’s Annual Report. Staff researched, edited, printed, and distributed the quarterly Real Estate Commission Bulletin; and continued contract administration with consultant and procurement code management.

The Commission continued to publish the Hawaii Real Estate Bulletin in a traditional newsletter format that was mailed to all current licensees, legislators, government officials, ARELLO jurisdictions, and other interested
parties. It was also available in electronic format on the Commission’s website at www.hawaii.gov/hirec.

In contrast to the Bulletin, the Commission’s Annual Report is primarily an electronic publication. A limited number of printed copies were distributed to the Legislature and to the Governor. Interested licensees and members of the public could download and print the report from the Commission’s website.

**Real Estate Education Fund (REEF)** – The Commission maintained and reviewed the budget, finance, and records for REEF; prepared quarterly and annual financial statements; prepared annual and biennial budgets; and administered fund investment programs, including contract administration and procurement code management.

**Neighbor Island Outreach** – The Commission held one Committee meeting on Maui in November, 2010. The restriction on travel was lifted earlier in 2010. The meetings, when held, afford neighbor island licensees, government officials, and interested parties an opportunity to attend and participate in the committee meetings.

**Interactive Participation with Other Organizations** – The Commission continued its participation in events sponsored by local and national organizations. On a national level, the Commission continued its active participation with the Association of Real Estate License Law Officials (ARELLO) and the Real Estate Educators Association (REEA). Participation in local, national and international organizations offers an opportunity to learn about the latest issues, trends, and solutions in the industry, exchange information and concerns, share education and research efforts, joint projects of mutual concern, and training.

**Real Estate Seminars** – The Commission contracted with the Hawaii Association of REALTORS® to provide a statewide seminar.
during the 2011-2012 biennium for real estate licensees through a contractor, via subsidy, sponsoring, assisting, or co-sponsoring.

**Legislative Participation, Research, and Report** – The Commission researched, participated, and reported on requests by the Legislature, including resolutions, agreements, and issues of mutual concern.

**Instructor’s Development Workshop** – The Commission contracted with the Hawaii Association of REALTORS® to co-sponsor an Instructor’s Development Workshop (IDW) during the 2009-2010 biennium. “T3 – Training Trainers to Train” was presented a second time in July and August 2010 on Oahu. The first presentation occurred in the prior fiscal year.

**Evaluation and Education System for CE and Prelicensing Instructors, Courses, Providers, and Schools** – The Commission administered an evaluation system of prelicensing and continuing education instructors.

**Real Estate Specialists’ Office for the Day** – The Specialists’ Office for the Day provides staff with an opportunity to meet in person with licensees, applicants, prospective licensees, and members of the public. An additional benefit when the sessions are held at the local Boards of REALTORS® offices is the opportunity to exchange information with the staff and membership of the local Boards.

**Real Estate Speakership Program** – Subject to State government approvals and priorities, the Commission, along with staff, honored requests to provide a speaker, resource person, or be an active participant in functions related to real estate education.

**Prelicensing Education Equivalency Administration** – The Commission administered applications for prelicensing education equivalencies, including consultation with ARELLO.

**Uniform Section Equivalency of Prelicensing Examination** – The Commission administered applications for the equivalency to the uniform part of the exam based on passage of the uniform part of another state’s exam.

**Technology and Website** – Staff administered an in-house network computer system in coordination with DCCA’s Information Systems coordinator. Staff also conducted in-house training, coordinated the purchase of computer hardware and software, and developed database programming.

The Commission’s website, www.hawaii.gov/hirec, is available seven days a week, 24 hours each day for information, forms, and applications. The website has provided well over 358,000 real estate and condominium related hits. Due to a change in the program adopted by the State Information Systems and Communications Office, some previously collected webstats are no longer available. See Chart 11.

**Records Management** – Staff evaluated, planned, reorganized, and implemented a centralized, consistent, user friendly, computerized glossary of existing and future records and files.

**Information Distribution System** – Staff researched, developed, and implemented a centralized information distribution system for all the education products produced by the Commission. Staff standardized policies and procedures for distribution, purchasing, copyright, specific permission copying or generic permission copying of brochures, reports, and video tapes.

**New Salesperson and New Broker Start-up Kits** – Staff packaged and distributed start-up kits to newly licensed salespersons and brokers.

**Cooperative Education, Research, and Administration Program** – The Commission
actively participated in and sponsored cooperative education, research, and administrative programs for those individuals, branches, divisions, department personnel, and the Department of Attorney General that provided direct or indirect services to the Commission or were part of a real estate-related program.

**Division and Department Programs** – The Commission coordinated activities and programs of mutual concern with PVLD and DCCA.

**Staff and Commissioners Development** – Staff developed and trained staff and Commissioners for better administration of the real estate programs. Commissioners, as well as staff, participated in training and educational opportunities provided by REEA, ARELLO, CAI, CLEAR, and other organizations.

CONDOMINIUM REVIEW COMMITTEE (CRC) REPORT

For fiscal year 2011, under the leadership of Chair Michele Loudermilk and Vice Chair Mark Suiso, the CRC, continued with the implementation challenges of Chapter 514B, Hawaii Revised Statutes (HRS), including the challenges of new legislation. During this same period, the CRC continued with the administration of the original condominium law, Chapter 514A, HRS, as well as other planned programs of work.

The CRC is a Commission standing committee that holds monthly public meetings in which condominium issues are presented, discussed, examined, and considered. It is a working committee that handles “nuts and bolts” issues. Developers, apartment owners, boards of directors, condominium managing agents, attorneys, educators, researchers, government officials, and others with condominium concerns participate at the meetings. The responsibilities of the CRC include: registration of condominium projects by developers; condominium association registrations; and governance, education and research programs, inclusive of the programs funded under the Condominium Education Trust Fund (CETF).

The law allows the Commission to expend monies from the CETF funds for educational purposes which include financing or promoting:

1. Education and research in the field of condominium management, condominium project registration, and real estate, for the benefit of the public and those required to be registered under this chapter;
2. The improvement and more efficient administration of associations;
3. Expeditious and inexpensive procedures for resolving association disputes.

The Commission may use any and all moneys in the CETF for purposes consistent with the above. Additionally, the law requires the Commission to submit to the legislature annually: (1) a summary of the programs funded during the prior fiscal year with funds from the CETF; (2) the amount of money in the fund; (3) a copy of the budget for the current fiscal year, including summary information on programs which were funded or are to be funded; (4) a statement of which programs were directed specifically at the education of condominium owners; (5) summary information on programs that were funded or are to be funded and the target audience for each program; and (6) a budget for the current fiscal year that includes a line item reflecting the total amount collected from condominium associations. As noted in this report many of the funded programs for this fiscal year and many of the funded programs for the next fiscal year have been modified in part or postponed in response to the State’s current economic challenges and budgetary constraints.
FY 2011 PROGRAM OF WORK

NOTE: The text that is bolded is for matters that were directed specifically at the education of condominium owners (although many others also benefited from the education).

Condominium Laws and Education – Concurrently with the administration of Chapter 514A, HRS, the Commission participated in the legislative process to fine-tune Chapter 514B, HRS, effective July 1, 2006, and the continued implementation of this law. With the help of stakeholder organizations and volunteers, the Commission continued the development and refinement of appropriate new and amended forms (including web based online fillable forms), instructions, informational sheets, procedures and evaluative processes, curriculum, materials and handouts. With the assistance of stakeholder organizations, the Commission continued with a statewide promotion and delivery of Commission-subsidized seminars.

Pursuant to Subchapter 5 of Chapter 201, Title 16, Hawaii Administrative Rules, the CRC issued two informal non-binding interpretations of the provisions of Chapter 514B, HRS, and made them available to interested parties directly and online at the Commission’s website.

In implementing Chapter 514B, HRS, the CRC looks forward to the continuing support of the condominium governance and development communities, attorneys specializing in condominium law, the Hawaii State Bar Association-Real Property Section, and the real estate industry. To these committed organizations and groups, the Commission extends a big Mahalo.

In addition, with the help of stakeholder organizations and volunteers, the Commission continued to review and amend existing Commission-developed educational materials, new and amended forms, instructions, in-
formational sheets, procedures and evaluative processes and explored delivery of educational seminars on the Commission’s website.

Advice, Education, and Referral – The Commission responded and provided information to inquiries from the condominium community, developers, consumers, licensees, government officials, organizations, interested parties and the public, via telephone, walk-ins, faxes, written correspondence, emails, the Condominium Bulletin and through the Commission’s website. See Chart 15.

Condominium Project and Developer’s Public Reports – Staff continued the implementation and administration of the condominium project registration program, pursuant to Chapters 514A and 514B, HRS. With the help of stakeholder organizations, volunteers, other governmental agencies, and interested attorneys, the Commission continued its evaluation and development of new processes, records, forms, information documents and rules. Staff continued working with procured consultants to assist with condominium project-related tasks. It continued to make developer’s public reports available for public viewing and copying to disc via the Commission’s website. The Commission continued to study and research the formulation of a comprehensive evaluation system on the project registration and review process, including the use of evaluation forms by developers and attorneys. Staff continued to research and study a plan for the electronic administration of condominium project files, including the scanning of documents on CDs. The Commission continued its work of procuring and contracting with condominium consultants to assist the Commission with the administration of registering condominium and issuance of effective dates for developer’s public reports, which reports are mandated for sales of condominium units.

Hawaii Condominium Bulletin – The Commission continued the research, development, publication and online posting of a quarterly bulletin for the condominium community. During FY 2011, in continuing efforts to “go green”, the Commission initiated online distribution of the Condominium Bulletin. Staff continued the procurement code management and administration of the contract with consultants assisting in the design, layout, and online publication of the bulletin.

During this fiscal year, the Mediation Center of the Pacific and the Disability and Communications Access Board, State of Hawaii, contributed articles for publication in the Condominium Bulletin.

Condominium Mediation and Arbitration Program – The Commission subsidized mediation programs on four islands and worked with various mediation providers, including the Mediation Center of the Pacific on Oahu to provide educational seminars about alternative dispute resolution and mediation for boards of directors, apartment owners and CMA’s. Evaluative mediation continued to be offered as a program option along with facilitative mediation. Staff collected statistical
information for education and Annual Report purposes (See Chart 16). During FY 2011, the Commission renewed contracts with mediation providers for an additional year. Staff updated the Commission mediation brochure to reflect changes in the law and for distribution to the condominium community on the Commission website.

Condominium Dispute Resolution Pilot Program – During FY 2011, staff continued to assist the Administrative Hearings Office in education and awareness programs regarding “condominium court.” This pilot program was not extended by the Legislature and ended on June 30, 2011.

Condominium Association Registration – The Commission administered the condominium association registration program, including a review of submitted applications and the assessment of Commission registration policies and procedures. It also considered appeals, subpoenas, and requests for records under Office of Information Practices rules and procedures. For FY 2011, the Commission continued its biennial condominium association registration. There was a total of 1,670 condominium projects registered, representing 156,511 condominium units, registered with the Commission. In addition, the Commission continued the implementation of an online registration process and continued to make available on the Commission website a list of all association contact information (See Chart 17). The Commission also responded to requests for lists of pet-friendly, leaseholds, and Neighbor Island-specific condominium associations.

Chart 16. Condominium Governance Mediations

![Chart 16. Condominium Governance Mediations](image-url)
Condominium Seminars and Symposiums – The Commission continued to produce seminars for the condominium community utilizing Commission staff, procured providers, and volunteer faculty of representatives from the condominium governance, development, and real estate community. The Commission continued to administer CETF subsidies for Commission-approved seminars, including the following for FY 2011:

- July 2010, Kona, Hawaii – Legislative Update
- September 2010, Maui, Hawaii – Maximizing Your Dollars (with the Condo Council of Maui)
- September 2010, Honolulu, Hawaii – Maximizing Your Dollars
- January 2011, Honolulu, Hawaii – The Good, Bad and Ugly – Employment Law
- March 2011, Honolulu, Hawaii – Ask the Experts
- April 2011, Honolulu, Hawaii – ABCs, Essentials of Community Association Leadership
- June 2011, Honolulu, Hawaii – Condo Wars
  - June 2011, Kona, Hawaii – Condo Wars

Additionally, the Commission explored electronic publication of consumer brochures.

Early this fiscal year, Oahu’s PEG access provider, Olelo, rebroadcast at its website last fiscal year’s Commission sponsored CETF subsidized free seminar. This educational effort was targeted to inform and educate those impacted by Chapter 514B, HRS, namely, condominium unit owners, boards of directors, managing agents, resident managers, developers, real estate licensees, attorneys, prospective condominium purchasers and the general public.

Ad Hoc Committee On Condominium Education and Research – The CRC will continue to administer this volunteer group which reviews, recommends and assists in the development, update and administration of condominium education-related projects. The Commission expanded the advisory group’s focus to include recommendations for a Commission five year educational stra-
Strategic plan for condominium education. The work of the group was deferred this year due to budgetary constraints.

**Condominium Managing Agents Registration** – Staff reviewed policies and procedures for registration and responded to requests for records under OIP rules and procedures. See Chart 18.

**Rule Making, Chapter 107** – The Commission continued the rule making process for HAR, Chapter 107. This fiscal year, at regular monthly meetings, the Commission reviewed preliminary draft rules implementing Chapter 514B, HRS, and welcomed input from stakeholder groups and interested parties.

**Meetings** – The Commission continued to plan, coordinate, and conduct monthly CRC meetings and included the schedule of meetings and agendas on the Commission’s website. CRC meetings are open to the public and are a means for the condominium consumer to bring issues before the Commission and to become knowledgeable about the issues facing the CRC.

**Government and Legislative Participation and Report** – The Commission participated in all aspects of the legislative process, including researching, responding to, and reporting on requests from the Legislature and reviewing resolutions, agreements, and issues of mutual concern. ment owners, managing agents and interested others inquired about the following new laws:

- **Act 48** – Amends HRS § 514A-90, and HRS § 514B-146 (h) by increasing the amount that condominium associations are authorized to collect in past-due assessments and extending the time frame in which to collect it from the purchaser of a delinquent unit who purchases from the foreclosing lender. Creates the Mortgage Foreclosure Dispute Resolution Program.

- **Act 98** – Amends HRS § 514B-153 (e) by requiring a condominium association that includes time share units to list the association’s name and address as the representative agent for individual time share owners in records that the association is required to maintain, unless the individual time share owner requests the association to maintain the individual owner’s name and address in the association’s records instead.

- **Act 9 SLH 2009** – set the repeal date for the Condominium Dispute Resolution Program as June 30, 2011. This date was not extended and as such, an administrative hearing through the Department of Commerce and Consumer Affairs is no longer available as an option for condominium dispute resolution.

- **Act 141 Relating to Small Claims Court** – Raises the maximum monetary claim that may be filed in small claims court, from not more than $3,500, to not more than $5,000. Filing in small claims court is an option for condominium dispute resolution where the litigated amount is not more than $5,000.

- **Act 65 Relating to Service of Process** – Repeals the sunset date of July 1, 2012, requiring condominium associations to establish an access policy for civil process servers.

The Commission also continued the preparation for printing and distribution of unofficial copies of Chapters 514A and 514B, HRS, with current amendments, via its website and hard copies where funds were available.

**Interactive Participation with Organizations** – The Commission continued active participation with local organizations and government agencies for the exchange of information and concerns, sharing of education and research efforts, and joint projects of mutual concern, training, through attendance, and participation at local meetings, including CAI Hawaii, HCAAO, HICCO, Condominium Council of Maui, IREM, and the Hawaii State Bar. Participation with agencies and organizations included educational programs on Chapter 514B, HRS. Participation with regional, national, and international agencies and organizations including Pacific Rim, CAI, ARELLO, and Zenkauren (Japan) were postponed due in part to the current, budgetary constraints, and travel restrictions.

**Neighbor Island Outreach** – Due to budgetary constraints this fiscal year, the Commission was limited to one neighbor island meeting which was held on the island of Maui. The Commission will resume its schedule of regular neighbor island meetings as soon as budgetary constraints are lifted.

**Condominium Education Trust Fund (CETF)** – The Commission continued to administer the CETF funds for educational purposes during this fiscal year. The Commission prepared, maintained, and reviewed quarterly and annual financial statements, budget and finance records for both educational funds, and administer the funds’ investment. The Commission also planned and worked with the DCCA to increase the budget for funding the Commission’s educa-
tional efforts, the implementation of Chapter 514B, HRS, and for additional educational programs subject to revenue projections. The plans included the study and research of increasing the CETF fees for condominium owners and developers.

**Consumer Education** – The Commission’s consumer education efforts continued to focus on education through sponsored seminars, responding to telephone, email and written inquiries from the public, and the posting of online educational materials on the Commission’s website. Additional educational programs and services are contingent on efforts of the Commission to increase funding of the CETF.

**Rule Making, Chapter 53, Fees** – The Commission continued the rulemaking process and monitored, reviewed, researched, and recommended specific rules which would increase the condominium developers’ and unit owners’ contributions to the CETF to address the CETF’s projected budget shortfalls, anticipated to begin as early as fiscal year 2012. The Commission continued discussing and coordinating these fee recommendations and related amendments with the Department and the Licensing Administrator.

**CPR Project Workshop and Meetings**
– The Commission’s 11 condominium consultants continued to assist the Commission in reviewing condominium project registration documents. The Commission conducted its annual informational session for the condominium consultants providing the consultants an opportunity to come together and share their ideas for facilitating the processing of condominium project registration and documents.

**Condominium Specialists Office for the Day** – Due to budgetary constraints this fiscal year, the Commission was limited to one neighbor island Office for the Day on the island of Maui. No other neighbor island visits could be made as part of this program during this fiscal year.

**Condominium Speakership Program** – Subject to State government approvals and priorities, the Commission honors requests to provide a speaker, resource person, or participant in a function related to condominium education, the condominium law and related issues, and condominium project registration. This program allows staff to educate the general public and condominium owners in particular, about the condominium law.

**Technology and Website** – The Commission continued to operate its website for public interaction and education. It maintained and updated the electronic storage of materials providing online access to the public of the developer’s public reports, condominium association registration data and other information. Pursuant to Chapter 514B, HRS, the Commission continued to post and make available the new developer’s public report form and other related forms form-fillable and downloadable. The forms were evaluated and amended to meet the continuing implementation challenges. The Commission will continue to work towards its long-range goal of providing all condominium information online and to study the feasibility of providing associations with a central depository for all governing documents on the website, including minutes of association meetings.

**Case Law Review Program** – The Commission continued to monitor, collect and report on state and federal law judgments and decisions, administrative decisions, and policies and procedures; report on governance and project development cases; and evaluate cases for inclusion in the Condominium Bulletin.
